CHURCH COMMENTARY ON THE NEW TESTAMENT

By the Rev. M. F. SADLER,

*Rector of Honiton, Prebendary of Wells, Author of
"Church Doctrine—Bible Truth," etc.***The Gospel of St. Matthew.** With Notes, Critical and Practical. Crown 8vo. 7s. 6d.

"It is far the best practical commentary that we know, being plain-spoken, fearless, and definite, and containing matter very unlike the milk and water which is often served up in so-called practical commentaries. . . . For solid Church teaching it stands unrivalled. Nothing could be better than the notes on the Sermon on the Mount, and the practical lessons drawn with convincing clearness from our Lord's words on the subject of almsgiving, prayer, and fasting. Throughout the whole book the writer leaves on the reader's mind general principles and teaching applicable to the wants of our own day, which may legitimately be deduced from the Gospel narrative."—*Church Quarterly*.

The Gospel of St. Mark. With Notes, Critical and Practical. Crown 8vo. 7s. 6d.

"We gladly chronicle the third instalment of Prebendary Sadler's clear and sensible commentary on the Gospels, which exactly meets the needs of that large and increasing class, which, without pretending any interest in the more abstruse problems of scholarship in connexion with the Greek Testament, is desirous of having in its hands a trustworthy guide to the actual meaning of the sacred writers, and some plain statement of the results accepted by that calmer type of scholars who understand the nature of evidence, and are not disposed to admit the validity of unsupported conjecture, however original and brilliant, as proof . . . The notes, as always with Mr. Sadler, are singularly lucid, pithy, and to the point."—*Church Times*.

The Gospel of St. Luke. With Notes, Critical and Practical. Crown 8vo. 9s. Just published.

"Indeed, one great merit in this commentary and its companion volumes is the frequency with which they are found, which are capable of being each expanded into useful sermons. They are like very strong essences or tinctures, which will bear considerable dilution before they are exhausted, medically, though for convenience they are usually kept in the more portable form."—*Church Times*.

"We must begin our notice of this volume by offering Prebendary Sadler our hearty congratulations on the completion of his work on the four Gospels. The previous volumes were all noticed in our columns as they appeared, and we have no hesitation in extending the welcome which we gave to them to their present companion. It is no slight distinction for a writer, after having made his reputation by what is confessedly the best popular work on Church doctrine, to have produced what we hold to be the best popular commentary on the Gospel narrative. There is no other occupying quite the same ground, and we cordially recommend these four volumes in the now familiar Bible-reading as for practical purposes the most useful to the general reader."—*Church Quarterly Review*.

The Gospel of St. John. With Notes, Critical and Practical. Crown 8vo. 7s. 6d.

"There is a vigour, a firmness, an originality about his treatment of the sacred words which are interesting and attractive, which always make his commentary well worth consulting, whether the reader may coincide in each and every one of the views and interpretations adopted in it or not . . . The materials are excellent in themselves, and they are of a description not to be found in other commentaries, being the fruit of independent meditation and thought, and that by a mind of no common clearness, candour, and power."—*Guardian*.

Church Doctrine—Bible Truth. 3s. 6d.

"Mr. Sadler takes Church Doctrine, specifically so called, subject by subject, and elaborately shows its specially marked Scripturalness. The objective nature of the faith, the Athanasian Creed, the Baptismal Services, the Holy Eucharist, Absolution and the Priesthood, Church Government and Confirmation, are some of the more prominent subjects treated. And Mr. Sadler handles each with a marked degree of sound sense, and with a thorough mastery of his subject."—*Guardian*.

Old Rome: A Handbook of the Ruins of the Ancient City and the Campagna, for the use of Travellers. By R. Burn, M.A. With Illustrations, Maps, and Plans. Demy 8vo. 10s. 6d.

"It is scarcely just, however, to call it an epitome, for the author appears to have re-written much of the old matter, and has also introduced some fresh information. 'Old Rome,' which is amply illustrated, contains everything likely to be of immediate service to the traveller; but the handbook, useful though it be, does not in any degree lessen the importance of the larger work. The one is for the portmanteau, the other deserves a place in every well-selected library."—*Pall Mall Gazette*.

A SYNOPSIS OF PURE MATHEMATICS

By G. S. CARR, M.A.

The work may also be purchased in sections as follows:

Tables, 2s. Algebra, 2s. 6d. Theory of Equations and Determinants, 2s. Plane and Spherical Trigonometry, 2s. Geometry, 2s. 6d. Geometrical Conics, 2s. Differential Calculus, 2s. Integral Calculus, 3s. 6d. Differential Equations, Calculus of Variations and Finite Differences, together, 3s. 6d. Plane Co-ordinate Geometry, 6s. Solid ditto, 3s. 6d.

The volume will conclude with a joint Index to the Synopsis and to the Articles on Pure Mathematics, which have appeared in British and Foreign Journals and Transactions during the present century. The Index will contain about 14,000 references.

N.B.—The Index will not be sold separately, but possessors of previous sections may complete the volume by returning these to the publishers to be bound up with the remaining sections and the Index.

The work is partly designed for the use of Candidates who may be reading for examination. It forms a digest of the contents of ordinary treatises, and is arranged so as to enable the student rapidly to revise his subjects. To this end all the important propositions in each branch of Mathematics are presented within the compass of a few pages. This has been accomplished, firstly, by the omission of all extraneous matter and redundant explanations, and secondly, by careful compression of the demonstrations. The whole is intended to form a permanent work of reference for mathematicians.

Policies now in Force	£9,480,000
Fund Accumulated and Invested in First- Class Securities	£3,925,000
Policy Claims Paid	£8,600,000

The Association employs NO AGENTS, and pays NO COMMISSION in any shape for the introduction of Policies.

Its expenses are small, being less than 3 per cent. of its annual income from premiums and interest.

An investigation of its affairs is made every year, and the surplus is applied, first in reducing the premiums until they are extinguished, and then in increasing the sum assured. The first seven premiums are payable in full, and the reduction begins with the eighth. During the last 30 years this reduction has *increased*, on the average, at the rate of about One per cent. per annum, and as the mortality among its members continues to be much within the estimate, and the funds of the Society are invested at a higher rate of interest than is assumed in the Valuations, it is expected that the premiums may be still further reduced.

For the year beginning July 1st, 1886:

	PER CENT.
PREMIUMS commenced before July, 1878 (4th Series), are reduced	70
" " " July, 1876 (3rd Series)	80
" " " July, 1865 (2nd Series)	95
" " " January, 1856 (1st Series)	100

and as the reduction of premiums in the First Series can be carried no further, an addition of five per cent. of the annual premium has been made to the sum assured.

THE terms are in general the same as those of the other principal Insurance Offices. The advantages to the Insured consist in the magnitude of the Capital responsible for Losses, and in the known character of the Trustees, Directors, and Proprietary.

The Capital of the LAW FIRE INSURANCE SOCIETY, amounting to £5,000,000, was subscribed before the Society commenced business in 1845, by nearly one thousand Gentlemen connected with the profession of the Law; the Shares are now held by a body of Shareholders, comprising some of the highest and most influential members of the profession; and the success which has attended the operations of the Society is founded on the eligible character of the risks constituting the bulk of its business, and the promptitude and liberality with which its engagements have always been met.

FINANCIAL INFORMATION, 1st JUNE, 1885.

Total Funds	£3,272,576
Total Annual Income	£354,686
Total Amount of Claims upon Death	£2,524,560
Amount of Profits divided at the last Quinquennial Bonus	£437,347

NO AGENTS EMPLOYED AND NO COMMISSION PAID.

Attention is particularly requested to the following points respecting this Society, as being of special importance to Clergymen and their Lay relatives desiring to assure their lives:

1. THE SECURITY.

The Funds of the Society now amount to upwards of **Three Millions and a Quarter**, yielding an average rate of interest of **£4 1s. 2d.** per cent. The Income of the Society is upwards of **Three Hundred and Fifty Thousand Pounds.**

2. MORTALITY.

The superior longevity of the Clergy as a class is still manifest, the Claims by death during the past year having again been considerably less than might have been expected under the Carlisle Table of Mortality, upon which the Society's Rates of Premiums are based.

3. BONUS.

This Society being purely **mutual**, has no Proprietors, and consequently all the Profits are divided amongst the Assured Members. The **Eleventh Quinquennial Bonus** was declared on **June 1st, 1886**, when results were equally favourable with those of past Quinquenniums.

4. MANAGEMENT.

The Society neither employs Agents nor allows Commission for the introduction of new business. The Expenses of Management for the past year were only **£4 4s. 1d.** per cent. on the total income.

NO LIABILITY INCURRED BY THE ASSURED.

The business of the Society is chiefly with a class of Persons in which the average duration of life is allowed to be beyond that ordinarily found in the community at large. The experience of the duration of Life among the Members has hitherto been very favourable.

SHORT STATEMENT OF PRINCIPLES.

In **THIS INSTITUTION** alone are combined the advantages of Mutual Assurance with Moderate Premiums.

An ASSURANCE of £1200 or £1250 may generally be obtained from the first for the same yearly payment, which would elsewhere assure (with Profits) £1000 only,—equivalent to an immediate and certain "Bonus" of from 20 to 25 per cent. ; while in addition

LARGE PROFITS may be expected by those who live to participate, the WHOLE SURPLUS being reserved exclusively for good lives. Policies for £1000 sharing a first time at last division were increased to sums ranging from £1180 to £1300 or more ; older Policies to £1400, £1700, and upwards.

SUMMARY OF LAST YEAR'S BUSINESS.

New Assurances (with Premiums of £38,567), £1,006,880.

Premiums received in Year, £483,122. Income, £712,102.

EXPENSES under 9 per cent. of Premiums, and 6 per cent. of Income.

Funds (increased in year by £323,000) over £5,400,000.

Only two Offices in the Kingdom (both older) have as large a Fund.

THE CONDITIONS OF ASSURANCE ARE UNUSUALLY LIBERAL.

POLICIES are generally now free from restriction on residence after five years, and unchallengeable on any ground but fraud. They may be revived (after expiry of the month of grace) on payment of the premiums within a year without proof of health.

In case of death intervening when the value exceeds the unpaid premiums, the full sum is payable under deduction of arrears.

Claims payable one month after proof.

REPORTS, containing full explanations of System and Tables of Rates, *may be had on application.*

ADAMS PRIZE. 1887.

Ellipsoidal and Spheroidal Harmonic Analysis.

* * * *The attention of the essayist is particularly drawn to the desirability of the reduction of the formulae in this calculus to practical forms adapted to numerical calculation.*

With the important exception of spherical harmonic analysis, this method has remained almost barren in physical investigations up to the present time, and actual illustrations of its utility are therefore invited.

An example would be afforded by the expression for the reciprocal of the distance between two points in ellipsoidal harmonics, and the expansion for the potential of ellipsoidal shells arbitrarily loaded with surface density.

Each Essay should be accompanied by a full and careful abstract pointing out the parts which the author considers to be new, and indicating the parts which are to be regarded as of more importance than the rest.

The Essays must be sent in to the Vice-Chancellor on or before the sixteenth of December, 1886, privately: each is to have some motto prefixed, and to be accompanied by a paper sealed up, with the same motto on the outside; which paper is to enclose another, folded up, having the Candidate's name and College written within.

The papers containing the names of those Candidates who may not succeed will be destroyed unopened.

UNIVERSITY OF CAMBRIDGE.

HINC LUCEM ET POCULA SACRA.

DEUM TIMETO: REGEM HONORATO: VIRTUTEM COLITO :
DISCIPLINIS BONIS OPERAM DATO.

Statutes of the University.

THE UNIVERSITY of CAMBRIDGE is an incorporation of students in all and every of the liberal arts and sciences, incorporated (13th Eliz. c. 29) by the name of "*The Chancellor, Masters, and Scholars of the University of Cambridge.*" In this commonwealth are seventeen Colleges, and two Public Hostels, founded for the study of learning and knowledge, and for the better service of Church and State. All these societies have been founded since the beginning of the reign of King Edward I.¹, and are maintained by the endowments of their several founders and benefactors. Each is a body corporate, bound by its own statutes: but is likewise controlled by the paramount laws of the University. A New Code of Statutes for the University was approved by Queen Victoria in Council in 1882.

The several societies in this literary republic furnish members both for the executive and for the legislative branch of its government. There are also members of the University who are not members of these societies. The legislative body of the University is called the Senate, and the place in which it assembles is called the Senate-House.

The Chancellor, Vice-Chancellor, Doctors of Divinity, Law, Medicine, Science, and Letters, Bachelors of Divinity², and Masters of Arts, Law, and Surgery, having their names upon the

¹ The first authentic charter is said to be dated 45 Henry III. and is to be found among the records in the Tower.

² Those Bachelors of Divinity who are Members of the Senate deduce their privilege from having previously taken the degree of Master in another faculty.

University Register, have votes in this assembly. Those whose names are removed from the Register lose the right of voting, but may recover it by replacing their names on the Register and paying all University dues from the time of removal of their names, 180 days being first allowed to elapse after the replacing of the names.

The Council of the Senate was established by the Act 19 and 20 Vict. cap. 88. Nothing can be offered to the Senate for confirmation without the sanction of the Council. The term Grace is used of a proposal offered to the Senate or confirmed by it.

The COUNCIL consists of the Chancellor, the Vice-Chancellor, four heads of Colleges, four Professors of the University, and eight other Members of the Senate chosen from the Electoral Roll published by the Vice-Chancellor. Two of the heads of Colleges, two of the Professors, and four other Members of the Senate are elected on the seventh of November in every other year by the Persons whose names are on the Electoral Roll, and they all hold office for four years.

The Electoral Roll is published not later than the fourth Monday in October of each year, and is thenceforth the Electoral Roll for the year thence next ensuing. It consists of Members of the Senate who have resided within one mile and a half of Great St Mary's Church for fourteen weeks at the least between the first day of the said October and the first day of the preceding October, together with all Officers of the University being Members of the Senate, the Heads of Houses, the Professors, and the public Examiners.

Before the beginning of each Term the Vice-Chancellor publishes a list of the several days of that Term on which a Congregation or assembly of the Senate will be held for transacting University business; these fixed days occur about once a fortnight: but, in case of emergency, the Vice-Chancellor summons a special Congregation. There can be no Congregation without the presence of the Chancellor or the Vice-Chancellor or his deputy, the two Proctors, and the Registrary, or their deputies. Except supplicats for degrees, no Grace can be offered to the Senate without three days' previous notice, unless at least *twenty* Members of the Senate are present. Graces remain in force till they are rescinded: but no Grace is valid which is inconsistent with the Statutes.

The executive branch of the University is committed to the following officers:—

A CHANCELLOR, who is at the head of the University to govern it according to the Statutes. He adjudicates in all causes between members of the University except in matters of mayhem and felony.

A HIGH STEWARD, who has special power to take the trial of scholars impeached of felony within the limits¹ of the University, and to hold and keep a leet according to the established charter

¹ The jurisdiction of the University extends a mile every way round reckoned from any part of the suburbs.

and custom. He appoints a Deputy by letters patent, the appointment being subject to the approval of the Senate.

A VICE-CHANCELLOR, who in the absence of the Chancellor, or, with his consent, in his presence, or in the vacancy of the office, acts with the full powers of the Chancellor. The office is annual.

A COMMISSARY, who holds a court of record for all privileged persons, and scholars under the degree of M.A. He is appointed by the Chancellor by letters patent.

The SEX VIRI, elected by Grace of the Senate, to hold office for two years; who, with the Chancellor, constitute a Court to hear all accusations against members of the University, who are not *in statu pupillari*, for offences against the Statutes or Ordinances of the University. The Court has the power of punishing offenders by deprivation or suspension of degree, or any lighter sentence; but there is liberty of appeal to the Senate from its decision. The Court of Discipline for persons *in statu pupillari* consists of the Chancellor and six Heads of Colleges appointed by Grace.

A PUBLIC ORATOR, who is the voice of the Senate upon all public occasions. He writes letters in the name of the University, whenever the Chancellor and Proctors think fit, and presents to all honorary degrees with an appropriate speech.

A LIBRARIAN, who has charge of the University Library.

A REGISTRARY, who attends all Congregations and all public proceedings of the Chancellor or of the University, records proceedings, and has charge of all writings and documents delivered to him by the Chancellor.

AN ASSISTANT REGISTRARY, who must be a member of the Senate, and who is under the general direction of the Registrary, and is appointed by him with the consent of the Vice-Chancellor.

TWO PROCTORS, who are peace-officers, elected annually. It is their duty to attend to the behaviour of all persons *in statu pupillari*, and to maintain public morals. Another part of their duty is to be present at all Congregations of the Senate, to read the Graces, to take the assent or dissent, and to pronounce the same.

TWO PRO-PROCTORS, who assist the Proctors in that part of their duty which relates to discipline and the behaviour of persons *in statu pupillari*, and the preservation of public morals; they also attend all Congregations.

TWO ADDITIONAL PRO-PROCTORS, who assist the Proctors in like manner as the other Pro-Proctors. They attend Congregations when requested by the Vice-Chancellor.

TWO ESQUIRE BEDELLS, who attend the Chancellor (or, in his absence, the Vice-Chancellor), whom they precede with their

silver maces upon all public occasions and solemnities; they receive from him the Graces at Congregations, and deliver them to the Proctors; they summon members of the Senate to the Chancellor's Court; they see to the maintenance of the University ceremonies and the forms of conducting public business.

The UNIVERSITY MARSHAL is appointed by the Vice-Chancellor,

The TWO MEMBERS, whom the University sends to the Imperial Parliament of the United Kingdom of Great Britain and Ireland, are chosen by the Members of the Senate.

The UNIVERSITY COUNSEL are appointed by Grace of the Senate, and are consulted upon various occasions.

The SOLICITOR is appointed by the Vice-Chancellor.

SYNDICS are the members of special committees of members of the Senate, appointed by Grace from time to time for specific duties.

There are SPECIAL BOARDS OF STUDIES for departments of study, consisting of Professors, and of persons appointed from time to time by Grace; and there is a GENERAL BOARD OF STUDIES, consisting of the Vice-Chancellor, one member of each Special Board elected by that Special Board, and eight members of the Senate elected by Grace.

The ANNUAL INCOME of the University arises from various sources, amongst which are

The Rectory of Burwell and a farm at Barton:

The produce of fees at matriculation, at certain examinations, and for degrees, and other irregular sources of income not easily enumerated, the gross amount of which is very variable:

The trading profits of the UNIVERSITY PRESS:

A Tax of four shillings and three-pence per quarter paid by every member of the University:

Contributions from Colleges, as provided by the Statutes.

For the care and management of the property and income of the University there is a FINANCIAL BOARD, consisting of the Vice-Chancellor, two members of the General Board of Studies elected by that Board, four members of the Senate elected by the Colleges in common, and four members of the Senate elected by Grace on the nomination of the Council of the Senate.

The University Accounts are examined annually by Auditors appointed by the Senate, and a Summary of them is published to the University.

The officers and servants of the University are paid mostly by fixed salaries from the University Chest.

By Statute the TERMS of this University are three, and include 227 days at least. Michaelmas Term begins on October 1. Lent Term ends not later than the Thursday next before Easter Day. Easter Term begins not earlier than the Tuesday next after Easter Day, and ends on June 24.

By Grace of October 12, 1882, Michaelmas Term ends on December 19, and Lent Term begins on January 8; and Lent

Term ends and Easter Term begins according to the following table :

The respective Orders in the several Colleges are as follow :

1. A **HEAD** of a College or House, who is generally a Doctor in his Faculty. The Head of King's is styled Provost ; of Queens', President ; of every other College, Master.

2. **FELLOWS**, who generally are Graduates in one or more of the several faculties. The number of Fellowships in the University is nearly 400.

3. **NOBLEMEN GRADUATES, DOCTORS** in the several faculties, **BACHELORS IN DIVINITY, MASTERS OF ARTS, MASTERS OF LAW**, and **MASTERS OF SURGERY**, who are not on the foundation. The expense of keeping the name upon the boards varies in different Colleges from about £2 to about £4 per annum.

4. **BACHELORS OF ARTS, LAW, MEDICINE, and SURGERY.**

5. **FELLOW-COMMONERS**, who are generally the younger sons of the nobility, or young men of fortune, and have the privilege of dining at the Fellows' table, whence the appellation originated.

6. **SCHOLARS**, who are generally foundation members of their respective Colleges, and who enjoy various advantages in conformity with the conditions of their foundation. They are for the most part elected, by direct examination or otherwise, at different periods either prior or subsequent to the commencement of their residence at the University, from the most promising and distinguished Students.

7. **PENSIONERS**, who form the great body of the Students, who pay for their commons, chambers, &c.

8. **SIZARS** are generally Students of limited means. They usually have their commons free, and receive various emoluments.

Non-Collegiate Students are admitted members of the University under certain regulations, for the place of which see Index, "Non-Collegiate Students."

MATRICULATION.

Matriculation, or enrolment of the Students' names in the University books, takes place on the day following (or, if that day be Sunday, the day next but one following) the last day of the first quarter of each Term. Students matriculated on any other day than a day of general matriculation pay extra fees¹.

Every Student on matriculating subscribes the following declaration :

"I promise to observe the Statutes and Ordinances of the University so far as they concern me, and to pay due respect and obedience to the Chancellor and other officers of the University."

No Student can count any Term before that in which he has matriculated unless he has satisfied the Council of the Senate that his matriculation has been deferred for sufficient cause.

Every Student, before he can be admitted to a degree, must have completed nine terms' residence during three-fourths of each term as a member of a College, or of a Public Hostel, or as a Non-Collegiate Student.

RESIDENCE.

(Grace of June 12, 1884.)

I. *Precincts of the University.* The boundaries in and about Cambridge within which terms shall be kept by residence shall be defined as extending two miles and a half from Great St Mary's Church, measured in a direct line, and shall be called the Precincts of the University.

II. *Residence of Persons in statu pupillari.* A person *in statu pupillari* keeping terms by residence must reside within the precincts of the University

(1) In some College or Hostel, or

(2) In a house licensed by the Lodging-House Syndicate, or

(3) With his parents or parent, or

(4) In his own, or in his hired house, or with his relatives, or others under special circumstances, provided that in each case the permission of the Lodging-House Syndicate shall have been obtained on application from the Head of his College or from the Chairman of the Non-Collegiate Students Board as the case may be.

Residence shall be reckoned by days. No person *in statu pupillari* shall be considered to have resided during any day unless he shall have resided during some part of such day and of the following night and shall have complied with such other conditions of residence, if any, as may be required by the authorities of his College or Hostel or by the Non-Collegiate Students Board; provided that a part of the day on which such a person completes his residence for the term may be counted as a day of residence.

Provided also that the authorities of the Colleges and Hostels, and of the Non-Collegiate Students Board, shall be empowered to continue their existing practice in the case of such students as have already commenced residence and would be prejudiced by the change.

For the purpose of this regulation the day shall be held to extend from 6 A.M. to midnight.

Residence shall be certified to the University under the hand and seal of the Head of the College or Hostel to which the Student belongs, or of the Chairman of the Non-Collegiate Students Board.

RESIDENCE OF PROFESSORS AND READERS.

(Grace of June 18, 1885.)

1. All Professors and Readers who are governed by Statute B shall, except as hereinafter provided, be required to reside during that portion of each term (or in the case of the Regius Professor of Hebrew and the Ely Professor of Divinity during that portion of each of two terms) in each year which is hereinafter described as full term.

2. Full term shall consist of three fourths of the whole term, reckoned from the first day of full term as hereinafter defined.

The first day of full term shall be:—

In the Michaelmas Term; the Tuesday or Friday which shall first happen after October 9.

In the Lent Term; the Tuesday or Friday which shall first happen after January 13.

In the Easter Term; the first Friday after April 17, or if such Friday fall in the Easter vacation then the first Friday in the term.

3. The General Board of Studies may grant to any Professor or Reader leave to substitute for the residence required of him, in any one term or any part of it, residence for an equal time between July 1 and August 31, provided that the General Board of Studies are of opinion that such leave may be granted without prejudice to the interests of the University.

They may also grant occasional leave of absence for a period not exceeding one term on account of illness or other sufficient special cause on such conditions, if any, as they may think fit. Leave of absence may not be extended, except by Grace of the Senate on the recommendation of the General Board of Studies.

4. A Professor, or Reader, shall be regarded as resident in the University when either

(A) he is domiciled within one mile and a half of Great St Mary's Church and is not habitually absent from home more than two nights in the week, or

(B) he is domiciled within five miles of Great St Mary's Church and habitually spends in Cambridge at least two hours between eight o'clock a.m. and six o'clock p.m. in each of five days in the week, and at least fifteen hours in the week on the whole, and is reasonably accessible at stated times on at least three days in the week.

5. It shall be the duty of each Professor and Reader to notify to the Chairman of the General Board of Studies before the beginning of each full term,

(1) If he keeps his residence under clause (A) of Regulation 4, the weeks (if any) during the preceding full term in which he has been absent from home more than two nights;

(2) If he keeps his residence under clause (B) of Regulation 4,
(a) the weeks (if any) during the preceding full term in which he has not spent in Cambridge at least two hours between 8 a.m. and 6 p.m. in each of five days in the week and at least fifteen hours in the week;

(b) his arrangements for accessibility during the preceding term.

For the purposes of these returns each week shall be considered to begin on Sunday, and the portions of full term before the first Sunday in full term and after the last Saturday in full term shall each be reckoned as a week.

6. If in any case the General Board of Studies shall be of opinion that the absences so notified have been excessive and without sufficient cause or that the prescribed conditions of residence have otherwise not

been adequately fulfilled, they shall signify the same to the Professor or Reader, and in case the Professor or Reader shall continue to be in the opinion of the Board negligent as to his residence it shall be their duty to report the facts to the Vice-Chancellor and *Sex Viri*.

2. The Examination for the first three days shall be confined to the more elementary parts of Pure Mathematics and Natural Philosophy, as defined by Schedule I., the subjects to be treated without the use of the Differential Calculus or of the methods of Analytical Geometry.

3. On the eleventh day after the end of the first three days of the Examination the Moderators and Examiners shall declare what persons have so acquitted themselves as to deserve Mathematical Honours, or to deserve an Ordinary B.A. Degree, or to be excused from the General Examination for the Ordinary B.A. Degree, and those Candidates only shall be admitted to the remainder of the Examination who are declared to have so acquitted themselves as to deserve Mathematical Honours.

4. The Examination for the second three days shall comprise the subjects included in Schedule II.

THE SPECIAL BOARDS FOR PHYSICS AND CHEMISTRY and for BIOLOGY AND GEOLOGY in joint meeting assembled issue the following notice with regard to the First Part of the Examination for the Natural Sciences Tripos in 1886 and following years.

In the papers set in Part I. of the examination the questions in all the subjects will be of a comparatively elementary character, and will be such as to test a knowledge of principles rather than of details. Specimens may be exhibited for description and determination.

In Physics the questions will be limited to the elementary and fundamental parts of the subject, and, in particular, special attention will be paid to the definition of physical quantities, the general principles of measurement, the configuration and motion of a material system, the laws of motion, the comparison of forces and of masses and the properties of bodies. In Sound, Light, Heat, Electricity and Magnetism, only the fundamental laws, their simpler applications, and the experiments which illustrate them, will be required.

In Chemistry the questions will relate to the leading principles and experimental laws of Chemistry, the properties of the commoner elements and their principal compounds, the outlines of Metallurgy, and simple qualitative and quantitative analysis.

In Mineralogy the questions will be confined to elementary Crystallography, the general properties of minerals and the special characters

of those species only which are of common occurrence or of well-known mineralogical importance.

In Geology the questions will be limited to Physical Geography, the interpretation of the structure of the crust of the earth and the history of its formation, so far as to involve only the elementary parts of Palæontology and Petrography.

In Botany the questions will relate to the elementary parts of Vegetable Morphology, Histology, and Physiology; and to the principles of a natural system of classification as illustrated by the more important British Natural Orders. Candidates will be required to describe plants in technical language. Questions will not be set on Vegetable Palæontology or the Geographical Distribution of Plants.

In Zoology and Comparative Anatomy minor details will not be included in the questions relating to classification. Geographical distribution of animals is held to be a part of Zoology, and Comparative Anatomy includes the structure of extinct as well as of recent forms.

Human Anatomy will include the mechanism of the human body, the comparison of its parts with those of lower animals, its development, &c.; but the questions will be of a simple and elementary character.

In Physiology the questions will be of a comparatively elementary character.

A practical examination will be held in each of the above subjects.

REGULATIONS FOR THE THEOLOGICAL TRIPOS EXAMINATION.

3. A Student may be a candidate for Honours in the first part only, or in both parts, of the Theological Tripos of any year, if at the time of the Examination he shall have entered upon his eighth term at least, having previously kept seven terms, provided that not more than nine terms shall have passed after the first of the said seven terms.

4. A Student, who has obtained Honours in any other Tripos, or in a part of any other Tripos, may be a candidate for Honours in the first part only, or in both parts, of the Theological Tripos of the year next succeeding or of the year next but one succeeding. The Saturday before the third Sunday in June is a day of general admission to the title of Bachelor Designate in Arts for Students who have passed one of the Special Examinations for the Ordinary B.A. degree immediately preceding.

The Tuesday after the third Sunday in June is a day of general admission to the title of Bachelor Designate in Arts or in Law

On behalf of each Candidate for a degree must be presented to the Council of the Senate:

1. A Supplicat, in the form prescribed by the Senate, signed by the Head or Prælector of the College or the Principal of the Hostel to which the applicant belongs, or, in the case of a Non-Collegiate Student, by the Chairman of the Board for Non-Collegiate Students, or by the Censor, or by their respective Deputies, these Officers or their Deputies being members of the Senate in full possession of their privileges as such.

Not more than one Ægrotat term is allowed.

The Council of the Senate will not entertain any application for an Ægrotat Term until after the end of the Term applied for, except in cases of urgent necessity, such, for instance, as when application is made for a student's ninth Term, the granting of which is necessary for his admission to a degree in that Term. In all cases of application for an Ægrotat Term, the Council will require to be satisfied that the applicant has kept by actual residence as much of the usual working part of the Term applied for as was practicable under the circumstances of the particular case.

One of the Bedells carries the Supplicats to the Proctors: the Senior reads them, and, if all are approved, he says, *Omnes placent*. But, if any are disapproved of, he says, *A.B. &c. non placent, reliquæ placent*.

The Supplicats are then delivered to the Registry, who writes on them, *Lect. et conces. die — Jan. —*

Candidates for degrees must be presented by members of the Senate in full possession of their privileges as such.

The Vice-Chancellor takes the chair before the table, and a Bedell having desired the respective Fathers to be in readiness with their Sons precedes the Father of the Senior Wrangler and his Son to the Vice-Chancellor.

The Father, taking the Senior Wrangler by the right hand, presents him in these words:

Dignissime Domine Domine Pro-Cancellarie, et tota Academia, præsentō vobis hunc juvenem, quem scio tam moribus quam doctrinā esse idoneum ad titulum assequendum baccalaurei in artibus designati; inque tibi fide meā præsto totique Academiæ.

The Senior Wrangler then kneels down before the Vice-Chancellor, who, taking his hands between his own, admits him in these words,

Auctoritate mihi commissā admitto te ad titulum baccalaurei in artibus designati, in nomine Patris et Filii et Spiritus Sancti.

Then the other Candidates are presented by their respective Fathers in the order of King's College, Trinity, St John's, Peterhouse, Clare, Pembroke, Gonville and Caius, Trinity Hall, Corpus Christi, Queens', St Catharine's, Jesus, Christ's, Magdalene, Emmanuel, Sidney Sussex, Downing; then follow members of Public Hostels in the order of date of recognition of their Hostels, and then Non-Collegiates. Four or five Candidates are presented at once, the Father saying, *Præsentō vobis hos juvenes quos, &c.*

As soon as they have been presented, they are directed by one of the Bedells to the south side of the Senate-House.

When Students who have obtained Honours in various Triposes are presented on the same day, they are admitted in the order in which their names stand in the Mathematical, Classical, Moral Sciences, Natural Sciences, Theological, Law, History, Semitic Languages, and Indian Languages Triposes, in succession.

On the day of General Admission in the Easter Term for candidates proceeding to their degree by an Honours Tripos there are two Congregations, one in the forenoon at eleven o'clock and the other in the afternoon at two o'clock or such other hours as may be convenient; at the Congregation in the forenoon the Wranglers and those whose names appear in the First Class of any Tripos are admitted and no others; at the Congregation in the afternoon the Senior Optimes, Junior Optimes and those whose names appear in the Second or Third Class of any Tripos or who are allowed an *agrotat* degree in Honours are admitted and no others except those who are allowed an ordinary degree by any Tripos Examination, who are admitted after all the Degrees in Honours have been conferred.

When the admissions are concluded, the Vice-Chancellor dissolves the Congregation.

The manner of admission to the title of Bachelor designate in Arts or Law at ordinary Congregations is the same as on days of general admission.

CERTIFICATES IN SANITARY SCIENCE.

An Examination in so much of State Medicine as is comprised in the functions of Officers of Health is held under the superintendence of a Syndicate, and begins yearly on the first Tuesday in October.

Any person whose name is on the Medical Register of the United Kingdom may present himself for this Examination provided he be in his 24th year at least when he presents himself for the first part of the Examination, and have attained 24 years of age before he presents himself for the second part.

The Examination is in two parts.

Part I. comprises—Physics and Chemistry. The principles of Chemistry, and methods of analysis with especial reference to analyses of water and air. Application of the microscope. The laws of heat, and the principles of pneumatics, hydrostatics and hydraulics, with especial reference to ventilation, water-supply, drainage, construction of dwellings, disposal of sewage and refuse, and sanitary engineering in general.

Part II. comprises—Laws of the realm relating to public health. Sanitary statistics. Origin, propagation, pathology, and prevention of epidemic and infectious diseases. Effects of over-crowding, vitiated air, impure water, and bad or insufficient food. Unhealthy occupations and the diseases to which they give rise. Water supply and drainage in reference to health. Nuisances injurious to health. Distribution of diseases within the United Kingdom, the effects of soil, season, and climate.

The Examination in each part occupies two days, and is oral and practical as well as in writing.

Candidates may present themselves for either part separately or for both together at their option; but the result of the examination in the case of any Candidate will not be published until he has passed in both parts.

Every Candidate is required to pay a fee of four guineas before admission to *either part* of the Examination.

Every candidate who has passed both parts of the Examination to the satisfaction of the Examiners receives a certificate testifying to his competent knowledge of what is required for the duties of a Medical Officer of Health. The holders of these certificates are designated briefly by the letters "S. Sc. Cert. Camb."

All applications for admission to this Examination, or for information respecting it, should be addressed to Professor Livinge, Cambridge.

The following suggestions have been drawn up by the Syndicate for superintending the Examination in State Medicine as some guide to Candidates preparing for that Examination.

PART I. The principles of Chemistry are sufficiently set forth in any of the ordinary manuals. Candidates will be expected to understand the application of the general laws to such cases as occur in the practice of an officer of health, but will not be expected to shew an acquaintance with those details of Chemistry which have no direct bearing on sanitary questions. No importance will be attached to the use of any particular chemical notation. It is not expected that officers of health will in general be able to act as public analysts, but that they will know the methods of analysis and enough of the practice to obtain approximate results and to interpret correctly the results of professional analysts. The kinds of applications of the several sciences of which the Candidates are expected to shew a competent knowledge will be best understood by a perusal of Parkes's *Manual of Practical Hygiene*. In the actual analysis of water and air Candidates will not be expected to make complete quantitative analyses, but to know how to apply ordinary chemical methods for the detection and discrimination of mineral and organic substances in the samples, and, as far as the time will allow, to estimate their quantity.

PART II. Candidates will be expected to shew an acquaintance with the sanitary laws in force in England; but if any Candidate has information respecting alternative laws in force in the Metropolis or in Scotland or in Ireland, opportunity will be given him, alternatively, of shewing his acquaintance with such laws.

"Sanitary Statistics" are to be regarded as including the leading Statistical facts in respect to population, births and deaths in the United Kingdom; the method of registering Births and Deaths; the mode of determining Birth-rates and Death-rates, and the conditions or circumstances or prevalent diseases by which these Rates are chiefly influenced.

The rest of Part II., besides the subjects expressly mentioned, is to be understood as including those of Vaccination, Disinfectants, the management of outbreaks of Infectious Diseases, with the construction of Hospitals temporary or permanent; Endemic Diseases; the qualities and suitableness of various Waters used for domestic purposes; the inspection of factories, mines, workshops and common lodging-houses.

14. Doctors in Science or Letters created Doctors on or before the Commencement Day of the year 1887 shall after that day take precedence as if they had all been created Doctors on that day.

They are conducted at various places throughout the country by means of printed papers set by a central body of Examiners and worked by the candidates in the presence of Examiners sent down for that purpose. For seven years the Examinations were open to boys only. In 1865, a Grace of the Senate admitted girls also to the Examinations for 1865, 1866, 1867: and in 1867 girls were put permanently on the same footing as boys, except that the names of the successful Candidates are not given in the Class Lists in the case of girls unless the Candidate desires it.

The Candidates are either Seniors or Juniors. The former are under 18 years of age, the latter under 16, or, under special conditions, between 16 and 17. Every Candidate pays to the Syndicate a fee of £1. The local expenses of providing an Examination room, stationery, &c., are borne by the local Committee of Management at each centre of Examination, and to meet these expenses a local fee is charged to each Candidate by the local Committee. This fee is usually from five to ten shillings.

The Senior Candidates can procure exemption from the Previous Examination on the following terms:—

From Part I. by passing in Religious Knowledge, including the original Greek of the Gospel, and attaining a certain standard intermediate between the ordinary pass standard and that of distinction in the Latin and in the Greek division of Section C.

From Part II. by attaining a certain standard intermediate between the ordinary pass standard and that of distinction in Religious Knowledge or Elementary Logic, in Euclid and in Algebra.

From the Additional Subjects by attaining a certain standard intermediate between the ordinary pass standard and that of distinction either (a) in Applied Mathematics, or (b) in French, or (c) in German.

The Syndicate is authorized to admit generally to the Examination for Senior Students persons over the age of 18, on the condition that such Students are not placed in one of the Honour Classes.

Every Junior Candidate is required to satisfy the Examiners in the following:—

1. Reading aloud a passage from some standard English prose author; 2. Writing from dictation; 3. English Grammar, including the parsing and analysis of sentences; 4. Arithmetic.

Also in two at least of the following sections:—

1. Religious Knowledge; 2. English and Roman History, Geography, Literature; 3, 4. Latin, Greek; 5, 6. French, German; 7. Pure Mathematics and Mechanics; 8. Natural Philosophy; 9. Zoology and Botany.

Candidates cannot be examined in more than six of these nine sections.

Candidates cannot pass in any language without satisfying the Examiners in the translation of unseen passages and in Accidence.

Candidates can also be examined in any or all of the following:—

Geometrical Drawing; Linear Perspective; Freehand Drawing; Drawing from Models; Music.

Candidates who take both Drawing and Music can not take more than five of the Sections 1—9.

Every Senior Candidate is required to satisfy the Examiners in the following:—

1. English Grammar, composition, parsing and analysis of sentences; 2. The principles and practice of Arithmetic.

The following may also be taken by Candidates in this section:—Trigonometry, Conic Sections, Statics. Dynamics, Astronomy.

F. Natural Philosophy.

G. Zoology and Botany.

H. Drawing from the Flat, and one at least of the following:—Drawing from Models; Perspective; Imitative Colouring. I. Music

Candidates cannot be examined in more than five of the subjects A to F those who take both Drawing and Music can not take more than four

Candidates cannot pass in any language without satisfying the Examiners in the translation of unseen passages and in Accidence.

Every Candidate, Senior or Junior, must be examined in Religious Knowledge, unless a written form of objection to such examination is sent in by the Parent or Guardian of the Candidate.

The Examinations are held in the second or third week of December.

A Class List is published after each Examination, dividing the Candidates into three Classes of Honours and one Class of those who have merely satisfied the Examiners. Certificates signed by the Vice-Chancellor are given to all who appear in the Class List, stating in detail the subjects in which the Candidate passed or passed with distinction. The Class Lists usually appear about the end of February or beginning of March, and the Certificates are issued in May.

HIGHER EXAMINATIONS FOR MEN AND WOMEN.

Examinations for Women above 18 years of age were instituted in 1869, and made permanent in 1871. They were thrown open to Men in 1873. They take place in June or July, and they are conducted in the same manner as the Local Examinations.¹ Candidates must have completed 18 years of age before the first day of the month following that in which the Examination is held, or must have obtained a First Class in the Senior Local Examinations. Each Candidate pays to the Syndicate a fee of £2, and, after obtaining a Certificate, £1 for each subsequent Examination. In order to obtain a Certificate, Candidates must satisfy the Examiners in Arithmetic and in three of the following groups, either B or C being one of the three, and R and F not counting as two groups though either counts as one:—A. English Literature and Language; R. Religious Knowledge; B. Latin, Greek, French, German, Italian. C. Arithmetic, Euclid, Algebra, Trigonometry, Conic Sections, Statics, Dynamics, Astronomy, Differential and Integral Calculus, D. Political Economy, Logic. E. Elementary Chemistry, Physics and Biology; Chemistry (theoretical and practical); Physics; Botany; Zoology; Physiology; Physical Geography and Geology. F. Music (theory). H. History. For an Honour Certificate, a Candidate must obtain a First or Second Class in at least two of these six groups.

The regulations respecting Class Lists and Certificates are similar to those for boys and girls in the Local Examinations, but there are only two Classes of Honours.

The Certificate excuses from Part I. of the Previous Examination if the Candidate has passed in Religious Knowledge, in Latin, and in Greek: from Part II. if he has passed in Religious Knowledge or Logic, and in Euclid and Algebra: from the Additional Subjects if he has passed either in (a) Statics, Dynamics and Astronomy, or (b) in French, or (c) in German.

EXAMINATION OF SCHOOLS.

The Syndicate sends Examiners to inspect and report upon any schools which make application for Examiners. In 1885 eighty-three schools were thus examined.

¹ In December 1886 an additional Examination will be held in the subjects of Groups B. and C.

UNIVERSITY LOCAL LECTURES.

Lecturers are sent to deliver courses of lectures in populous places, each lecture being preceded or followed by a "class" for more detailed instruction. The usual charge for a course of 12 lectures and classes is £45, exclusive of travelling and local expenses.

OXFORD AND CAMBRIDGE SCHOOLS EXAMINATION BOARD.

THIS Board was formed in accordance with Articles of Agreement signed on Nov. 8, 1873, by representatives of the two Universities.

The Board examines such Schools as have a regularly constituted Governing Body, or prepare a fair proportion of their boys for the Universities. It also grants Certificates to boys under education at School, who are examined under its authority. The Certificate Examination may be combined with the Examination of any School to which the Board appoints Examiners. Candidates under education at a School to which the Board does not appoint Examiners are examined at a few convenient centres.

A School Examination, held under the authority of the Board, may be of one or more of the following kinds:—

- (a) Such an Examination in the general work of the School, extending either to the whole School or to portions of the School to be selected with the approval of the Board, as will enable the Examiners to report generally upon the School work.
- (b) Such an Examination in any main subject or subjects of instruction, extending either to the whole School or to portions of the School to be selected with the approval of the Board, as will enable the Examiners to report on the standard reached in that subject or subjects.
- (c) Such an Examination of the highest division of the School as will enable the Examiners to report upon the general work of that division, and, if required, to place the boys in order of merit, and to award exhibitions, scholarships, and prizes.

There is one Examination for Higher Certificates in each year in July.

The Examination for Higher Certificates in July includes the following Subjects:—Group I. (1) Latin. (2) Greek. (3) French. (4) German. Group II. (1) Mathematics (elementary). (2) Mathematics (additional).

Group III. (1) Scripture knowledge. (2) English. (3) History.

Group IV. (1) Natural Philosophy (Mechanical Division). (2) Natural Philosophy (Chemical Division). (3) Botany. (4) Physical Geography and elementary Geology. (5) Biology.

Every Candidate is required to satisfy the Examiners in at least four Subjects taken from not less than three different groups, and no Candidate is permitted to offer more than six Subjects. If however a Candidate satisfy the Examiners in one subject taken from Group II. or IV., he may offer three subjects taken from Group I.; also a Candidate who already holds a Certificate may offer four subjects taken from not less than two different groups.

The Board also now examines Girls under the same Regulations as for Boys, with four additional Regulations providing for the option of substituting Italian, Drawing and Music, for Greek, Mathematics (additional) and Natural Philosophy (Mechanical Division), respectively, and of passing the required four subjects two at a time.

About a month after the Examinations, a list of all Candidates who have passed is published. To each successful Candidate a Certificate is given, signed by the Vice-Chancellors of the Universities of Oxford and Cambridge, specifying (*a*) the subjects in which the Candidate has passed merely, (*b*) the subjects in which he has passed with distinction. These Certificates confer exemption, under certain conditions, from various Examinations held by public bodies, including the Previous Examination in the University of Cambridge, and the Examination for Responsions in the University of Oxford. The Higher Certificates exempt from the first part of the Previous Examination when the Candidate has satisfied the Examiners in Scripture Knowledge (showing a knowledge of the Greek Text), and either Greek and Latin or Greek Prose Composition; from the second part, when the Candidate has satisfied the Examiners in Scripture Knowledge, and in Elementary and Additional Mathematics; and from the Examination in the Additional Subjects when the Candidate has passed in I. (*a*) Trigonometry, (*b*) Statics and (*c*) Dynamics, or II. French, or III. German.

There is one Examination for Lower Certificates in each year, in July.

This Examination includes the following subjects:—Group I. (1) Latin, (2) Greek, (3) French, (4) German; Group II. (1) Arithmetic, (2) Additional Mathematics; Group III. (1) Scripture Knowledge, (2) English, (3) English History, (4) Geography; Group IV. (1) Physics, (2) Chemistry.

Candidates must satisfy the Examiners in five subjects taken from not less than three groups, of which Groups I. and II. must be two; and must answer the questions so as to satisfy the Examiners that they have an adequate knowledge of English Grammar and Orthography.

Information, both about School Examinations and Examinations for Certificates, will be found in the Regulations of the Board, which are published by the Oxford and Cambridge University Presses, and may be procured from their agents. All communications relating to the Examinations should be addressed to one of the Secretaries, E. J. Gross, Esq., M.A., Gonville and Caius College, Cambridge, and J. S. Lockhart, Esq., M.A., Hertford College, Oxford.

- (4) A report made by the Head Master or Mistress.

5. The Syndicate will also be ready to inspect in the summer of 1886 any College established for the training of teachers other than elementary and to award certificates of theoretical knowledge to such candidates as may deserve them. They will also be prepared to examine the students of such Colleges with a view to awarding certificates of practical efficiency, if they are satisfied with the duration and character of the training in practical work received by the candidates.

Communications are to be addressed to the Secretary of the Syndicate, Mr OSCAR BROWNING, King's College, Cambridge, who will be happy to afford any further information.

Ordinary Licences may be granted for rooms in houses situated within the Precincts of the University, which are defined as extending two miles and a half from Great St Mary's Church, measured in a direct line.

A person *in statu pupillari* keeping terms by residence must reside within the precincts of the University

- (1) In some College or Hostel, or
- (2) In a house licensed by the Lodging-House Syndicate, or
- (3) With his parents or parent, or
- (4) In his own, or in his hired house, or with his relatives, or others

under special circumstances, provided that in each case the permission of the Lodging-House Syndicate shall have been obtained on application from the Head of his College or from the Chairman of the Non-Collegiate Students Board as the case may be.

The Syndicate may extend their permission, in such cases, backwards so far as to include the whole of the current term in which such permission is applied for and granted, but no further backwards.

CLASSICAL TRIPOSES. NEW REGULATIONS.

The Examinations are held in Easter Term.

A Student who has obtained Honours in Part I. may be a Candidate for Honours in Part II. following, provided that he has then kept seven terms, and that twelve terms have not passed after the first of the seven.

The names are arranged alphabetically, in Part I. in each division of each class, in Part II. in each class.

In Part II. the letters *b*, *c*, *d*, *e*, appended to the name of a candidate denote the section or sections for which he is placed in the first class. The combination of two letters thus, "*b* with *c*" or "*c* with *d*," indicates that a candidate has obtained a first class on the combined result of two sections. The letter *a* indicates that the candidate to whose name it is appended has also attained a first class standard in section A. The asterisk denotes special distinction.

CHANCELLOR.*

THE office of Chancellor is held for two years, or for such a length of time beyond two years as the tacit consent of the University permits. The election of a Chancellor must be completed before the fifteenth day after declaration of a vacancy, and is *more burgensium*. If the vacancy becomes known in Vacation after the end of Easter Term, it is declared on the first day of the ensuing Michaelmas Term. At the time of election the Vice-Chancellor and Proctors stand in scrutiny, and first write their votes. Members of the Senate then bring their votes written in the same form, and the Vice-Chancellor pronounces the election.

PROCTORS.

IN every year two Colleges nominate persons for Proctors in the order prescribed in a cycle of 50 years: in which time Trinity and St John's Colleges have each of them eleven turns: King's seven: St Peter's, Christ's, Queens', Clare, Caius, and Pembroke, six each: Corpus Christi, Jesus, Magdalene, Emmanuel, St Catharine's, and Sidney, five each; Trinity Hall three, and Downing College two. Each of the two Colleges nominates one person, who must be a Member of the Senate of at least three years' standing, and must have resided in the University for the major part of each of three terms during the preceding two years. He must be presented to the Vice-Chancellor, in the presence of the Registrary, by the Head of his College, or by some one in his name, before the end of the Easter Term.

If the office becomes vacant before the expiration of the year, Trinity Hall presents a Proctor for the remainder.

The Proctors are elected by the Senate on the first of October

SERMONS IN THE UNIVERSITY CHURCH.

THE Vice-Chancellor appoints the preacher of the Ramsden Sermon, the preacher for the afternoon of Commencement Sunday, the preachers for the Assizes, and for extraordinary Fasts and Thanksgivings.

Except for Commencement Sunday and the days assigned to the Hulsean Lecturer and the Preacher of the Ramsden Sermon, Select Preachers are appointed yearly for the Sunday afternoons from the beginning of Michaelmas Term to the end of Easter Term, for the afternoons of Christmas Day, Good Friday, and Ascension Day, and for such six or more Sundays in the Long Vacation as may be appointed by the Vice-Chancellor.

The Select Preachers are appointed by a Syndicate consisting of the Vice-Chancellor, the four Professors of Divinity, the two Proctors, and four Members of the Senate elected by Grace, who in every year before the end of the Easter Term assign the days for preaching the Hulsean Lectures, and appoint the Select Preachers, for the next academical year; the days on which each Select Preacher is to preach being also determined by the Syndics. If any Select Preacher be prevented from preaching on the days assigned to him, the Syndics appoint another preacher in his place.

Of the said four Members of the Senate one retires by rotation on the 20th of November in every year, and his place is supplied by another elected at the next ensuing Congregation, the retiring Member not being re-eligible at that election.

For every Sermon the Select Preacher is paid a fee of three guineas out of the Common Chest.

BELL SCHOLARSHIPS.

THE REV. WILLIAM BELL, D.D., Prebendary of the Collegiate church of Westminster, and late Fellow of Magdalene College in this University, transferred, in the year 1810, £15,200 stock, 3 per cents., to the University of Cambridge, in trust, to found eight Scholarships. On the receipt of this benefaction, Scholars were elected in such a manner, and for such a period, that two Scholarships will become vacant every year.

Candidates for these Scholarships must be of not more than one year's standing from the time of their first residence. But if a Scholarship become vacant by any means other than lapse of

time, it is filled up not from undergraduates of the first year, but from undergraduates of the same year as the Scholar who has vacated the Scholarship. Every Scholar elected on this foundation must promise in writing to take the degree of B.A. in the most regular way. Where personal merits are equal, those are to be preferred who stand most in need of assistance. If any Scholar shall degrade or determine to go out in a bye term, or declare for law, or be rusticated or expelled, his Scholarship is to be *ipso facto* vacant. The profits to continue for four years and no more. No person may ever have two sons Scholars, nor may there be two orphans, brothers, Scholars on this foundation at the same time. If no sons or orphans of clergymen of the Church of England be found properly qualified for the Scholarships, then, and then only, the electors are to elect the sons of laymen, being undergraduates, who stand in need of assistance.

The electors are, the Vice-Chancellor, the Regius Professor of Divinity, the Lucasian Professor of Mathematics, and two Members of the Senate appointed by Grace of the Senate at the last Congregation in November in every year. Of the three Examiners, other than the Regius Professor of Divinity and the Lucasian Professor, two shall examine, specially but not of necessity exclusively, in Classics and one in Mathematics. If an *ex officio* elector is prevented from examining, a deputy is to be appointed by Grace of the Senate. The Examination commences on the Monday next after the second Sunday in Lent. The names of Candidates must be made known to the Vice-Chancellor not later than the Monday next before the commencement of the Examination. The election takes place on the Friday after Midlent Sunday. The Electors are required to take account of the ability, learning, character, and pecuniary circumstances of the Candidates.

THE THOMAS BARNES SCHOLARSHIP.

JOHN BARNES, Esq. of the Middle Temple, London, proposed to place the sum of £2000, 3 per cent. Consolidated Bank Annuities, in the names of certain Trustees, upon Trust, that during the life of his Sister ANNE BARNES, the dividends and annual income thereof should be applied for her use and benefit, or, upon certain contingencies, for the benefit of the said Trustees, and that after her death the said Bank Annuities should be transferred to the Chancellor, Masters and Scholars of this University, upon Trust, for the foundation of a Scholarship, to be called "The THOMAS BARNES Scholarship," in memory of his Brother THOMAS BARNES, M.A., deceased, late of Pembroke College. This proposal was accepted by Grace, Feb. 7, 1844, under the following Regulations:

1. That the first Election of a Scholar on this foundation shall take place as soon as conveniently may be after the decease of the said ANNE BARNES, and all subsequent Elections as soon as conveniently may be after the Scholarship shall have become vacant.

2. That the Vice-Chancellor, the Regius Professor of Divinity, the Lucasian Professor of Mathematics, and the two Members of the Senate appointed by Grace to examine for the Bell Scholarships, each for the time being, or their respective Deputies to be appointed by Grace of the Senate, shall elect the Scholars on this foundation, in such manner as they shall determine upon: but that in all such Elections they shall govern themselves conscientiously by the following rule: "In his eligendis præcipua ratio semper habeatur ingenii, doctrinæ, virtutis, et inopiæ; ut quo magis quisque ex eligendorum numero his rebus antecellat, eo magis, ut æquum sit, præferatur." Of the three Examiners, other than the Regius Professor of Divinity and the Lucasian Professor, two shall examine, specially but not exclusively, in Classics and one in Mathematics.

3. That the Candidates for the Scholarship shall be Undergraduates in their first year, and that Undergraduates shall be deemed to be in their first year, if of not more than one year's standing from the time of their first residence; and that this further qualification shall be requisite, viz., that the Candidates shall have been educated on the Foundation of Christ's Hospital, St Paul's School, or the Merchant Tailors' School, in the city of London, and shall have come to the University directly from one of those Schools; but that, if in any case there be found no Candidate so circumstanced, who in the opinion of the Electors is fit to be elected, then the said Scholarship for that turn only shall be thrown open

to all the Undergraduates of the University, who are, according to the terms above specified, in their first year.

4. That every Scholar elected on this Foundation shall promise in writing to take a Degree in the most regular manner, by performing the Exercises and undergoing the Examinations appointed by the University for that purpose, and, in case of such promise being broken, the Scholarship shall be *ipso facto* vacant.

5. That the Scholar shall be entitled to the profits of the Scholarship for a period of four years, unless he shall before the expiration of that period die, degrade, go out in a Bye Term, or be rusticated or expelled, in either of which cases the Scholarship shall be *ipso facto* vacant.

6. That the profits of the Scholarship, consisting of the dividends of the said Bank Annuities, shall be paid to the College Tutor of the Scholar for the time being, for the use of such Scholar, as soon as may be after the days on which the said dividends become due.

7. That the said Electors shall be the Auditors of the accounts of this institution.

8. That, when the Electors meet to elect a Scholar, the business shall be entered upon by having the Deed of Foundation, as far as it relates to the Scholarship, read aloud by one of the Electors to the rest.

9. That the University shall have power to alter and determine from time to time, by Grace of the Senate, the Regulations respecting the persons who are to examine the Candidates and elect the Scholars.

ABBOTT SCHOLARSHIPS.

In the year 1871, the Executors of the late John Abbott, Esq. of Halifax in the county of York, offered to the University a sum of £4000 bequeathed by Mr Abbott for the purposes of establishing two Scholarships at the University; this offer was accepted by Grace of the Senate, Feb. 9, 1871. The following are the Regulations:

1. The Electors to these Scholarships shall be the Vice-Chancellor, the Regius Professor of Divinity, the Lucasian Professor of Mathematics, and the two Members of the Senate, appointed by Grace to examine for the Bell Scholarships, provided that, in case any of the *ex officio* Electors be prevented from taking part in the Examination, a Deputy shall be appointed in each case by Grace of the Senate. Of the three Examiners, other than the Regius Professor of Divinity and the Lucasian Professor, two shall examine, specially but not exclusively, in Classics and one in Mathematics.

2. The Candidates for these Scholarships shall (except in cases hereafter specified, be Undergraduates in their first year, and Undergraduates shall be deemed to be in their first year, if of not

more than one year's standing from the time of their first residence. Among such Candidates, sons or orphans of Clergymen in the Church of England who stand in need of assistance to enable them to obtain the benefit of an University Education shall be chosen, if there be any in the opinion of the Electors sufficiently deserving: if not, sons of Laymen, being Undergraduates who stand in need of assistance, may be chosen. Other things being equal, Candidates born in the West Riding of the County of York shall have the preference.

3. The Examination shall commence on the Monday next after the second Sunday in Lent.

4. The names of the Candidates for the vacant Scholarships shall be made known to the Vice-Chancellor by their respective Tutors not later than the Monday next before the commencement of the Examination.

5. Each Scholar when elected in his first year of residence shall be entitled to receive one-half of the annual profits of the endowment for a period of three years, unless he shall before the expiration of that period die, or be rusticated or expelled, in any of which cases the Scholarships shall be *ipso facto* vacant.

6. If at any time a Scholarship shall become vacant before the expiration of the term of three years, another Scholar shall, as soon as conveniently may be, be chosen for the remainder of the said term from among Undergraduates of the same year as that of the Scholar whose Scholarship has been vacated before the proper time.

7. Neither of these Scholarships shall be tenable with a Bell Scholarship or with the Barnes Scholarship.

TYRWHITT HEBREW SCHOLARSHIPS.

THE REV. ROBERT TYRWHITT, M.A. Fellow of Jesus College, who died in 1817, by his Will bequeathed £4000 for the promotion of the study of Hebrew.

The Senate in 1818 decreed the foundation of three Scholarships, increased in 1826 to six. The following are the Regulations:

1.—THAT there shall be six Scholarships, called Tyrwhitt's Hebrew Scholarships.

2.—That the candidates for these Scholarships shall be, first, (*actualiter*) Bachelors of Arts or Inceptors who are not of sufficient standing to be created Masters of Arts; or secondly, Students in the Civil Law or Medicine, of not less than four or more than seven years' standing, who shall be required, before they are admitted

to become candidates, to produce certificates from their respective Professors, that they have kept the exercises necessary for the degree of Bachelor of Law or Physic.

3.—That out of the net annual proceeds of Mr Tyrwhitt's Benefaction the sum of £150 be divided among the six Scholars, in the proportions hereinafter specified.

4.—That the electors to these Scholarships shall be the Vice-Chancellor, the Regius Professor of Hebrew, the Professor of Arabic, and two members of the Senate, to be nominated by the different Colleges according to the cycle of Proctors, and appointed by Grace of the Senate at the last Congregation in November in each year.

5.—That, if the Regius Professor of Hebrew, or the Professor of Arabic, or both of them, shall decline, or be prevented from examining, a deputy or deputies shall be appointed by a Grace of the Senate.

6.—That, if it shall happen at any time, that two of the offices severally constituting electors are united in the same person, the deputy for the elector in respect of one of the said offices shall be the Lord Almoner's Reader in Arabic; but, if in any case the Lord Almoner's Reader shall decline the office of deputy examiner, or shall be prevented from undertaking the said office, a deputy examiner shall be appointed in his place by a Grace of the Senate.

7.—That, if the Vice-Chancellor, the Regius Professor of Hebrew, the Professor of Arabic, or any two of them, shall be members of the same College, no elector shall in that case be appointed by that College according to the cycle of Proctors; but the appointment shall be made by a Grace of the Senate.

8.—That the appointment, when requisite, of an examiner or examiners by Grace of the Senate take place at the first Congregation of the Lent Term of the year, and that the examiner or examiners so appointed continue in office until the first Congregation in the Lent Term of the following year.

9.—That the examination for these Scholarships commence annually on the second Wednesday in May; and that persons intending to be candidates send in their names to the Vice-Chancellor on or before the first day of May.

10.—That two Scholars be elected in each year; that the first in the order of merit of these two receive an annual stipend of £30, and the second an annual stipend of £20, for three years from the time of election. That in case of equality of merit the stipend of each be £25.

11.—That, if it should appear in any case to the majority of the electors that no one of the candidates is deserving of a Scholarship with the stipend of £30 a year, it shall be competent for them to elect one or two Scholars, each with a stipend of £20 a year.

1 In consequence of successive reductions of Interest of the Stock, in which Mr Tyrwhitt's Benefaction was invested, the sum received by the University became reduced to 135*l*. per annum. To meet the deficiency a Subscription was opened and a fund amounting to 400*l*. Exchequer Bills and 86*l*. was offered to the Senate, and accepted by Grace, June 12, 1862.

12.—That, in case there shall be a deficiency of deserving candidates for the two Scholarships in any year, the electors shall have power, in the second or third succeeding year, to elect additional Scholars into the vacancy, or vacancies, thus occasioned; after which time the stipends, belonging to the Scholarships which have not been filled up, shall be appropriated in the manner appointed in the next regulation.

13.—That the residue of the net annual proceeds of Mr Tyrwhitt's benefaction, not already disposed of by the third regulation, together with all accumulations which may arise under the twelfth regulation, shall form a fund to be expended in the promotion and encouragement of Hebrew Literature, at the discretion of the examiners, provided that not more than a third part of such fund be expended in any year.

14.—That the accounts of this Bequest be kept distinct from the general Accounts of the University, and be annually audited by the electors in Michaelmas Term before the first of November; and, being so audited, shall be laid on the Registry's Table in the Senate-House at the next Congregation, for the inspection of the Senate.

The following Grace passed the Senate, *May 8, 1842*:—

"That the Examiners shall publish the names, arranged in the order of merit, of such candidates as pass the examination with credit."

CROSSE SCHOLARSHIPS.

THE REV. JOHN CROSSE, Vicar of Bradford in Yorkshire, by will dated June 15, 1816, made a bequest to George Buxton Browne, Esq. in trust, "for promoting the cause of true Religion." In 1832 three Theological Scholarships were founded from the sum of £2000. The following are the Regulations:

- 1.—That the Scholarships be called "The CROSSE SCHOLARSHIPS."
- 2.—That the Candidates for the same be Bachelors of Arts under the standing of Masters of Arts: and that such Scholarships be tenable for three years. (Statute of 1861.)
3. That in case of any vacancy of a Scholarship after a shorter tenure than three years, the person elected into that Scholarship shall hold it only till the expiration of three years from the election of the Scholar, by whom the Scholarship was vacated. (Statute of 1861.)

4.—That the annual Examination and Election take place in the Michaelmas Term after the division of the said Term.

5.—That the annual interest arising from the fund be divided equally among the three Scholars.

6.—That the Electors be the Vice-Chancellor, the Regius, Margaret, Norrisian, and Hulsean Professors of Divinity, the Regius Professor of Hebrew, the Regius Professor of Greek, and the Professor of Arabic.

7.—That the Examination turn upon a knowledge of the Holy Scriptures in their Original Tongues, Hebrew and Greek, of Ecclesiastical History, of the earlier and later Heresies, and such other subjects of useful enquiry, as may be thought most likely to assist in the formation of valuable characters, fitted to sustain and adorn "the cause of true Religion."

The following Grace passed the Senate, Dec. 8, 1871:—

"That the Examiners be authorised to publish the names, arranged in order of merit, of such candidates as shall pass the Examination with credit."

WHEWELL SCHOLARSHIPS FOR INTERNATIONAL LAW.

THE Rev. William Whewell, D.D., late Master of Trinity College, made provision by his will for the establishment of Scholarships of International Law, which were accepted by Grace of the Senate, Dec. 12, 1867.

The Scholarships are to be eight in number, tenable for four years under conditions of residence, which may be dispensed with by express permission of the Master and Senior Fellows of Trinity College: but no Scholar holding a diplomatic or consular appointment under the Crown is required to reside.

Two Scholars are to be chosen every year at some time before the commencement of Michaelmas Term, one of whom shall receive an annual payment of £100, and the other an annual payment of £50.

The Electors are the same as for the Professorship of International Law.

All persons under the age of twenty-five years are eligible to these Scholarships; but no one who has once gained a Scholarship is allowed to be a candidate a second time. Every person elected is entitled, and, if not already a member of some College in Cambridge, is required, to become a member of Trinity College.

In the Examination for the Scholarships six papers will be set, the subjects assigned to each being indicated in the following scheme:—

1. General History of International Law with special reference to the 17th and 18th centuries.

LIGHTFOOT SCHOLARSHIPS FOR HISTORY.

A proposal made by the Rev. Joseph Barber Lightfoot, D.D., Hulsean Professor of Divinity, to transfer to the University a sum of £4500 (viz. £2000 Madras Irrigation Guaranteed Stock, £1500 East Indian Railway Debentures, and £500 Bombay and Baroda Railway Debentures, all bearing interest 5 per cent., together with £500 in the 3 per cent. Consols), for the purpose of founding Scholarships for the encouragement of the study of History and more especially of Ecclesiastical History, was accepted by Grace of the Senate, Nov. 24, 1870, under the conditions contained in the following Regulations :

1. The Scholarships shall be three in number ; they shall be assigned after examination, and shall be open for competition to all members of the University who, having resided at least one year and being still in residence or having taken their first degree, are under 25 years of age, when the Examination begins; but no one, who has been elected to one of these Scholarships, shall be allowed to compete again.

2. Each Scholarship shall be tenable for three years.

3. After the payment of the Examiners, as hereinafter directed, one-third of the residue of the annual interest arising from the Fund shall be paid to each Scholar.

4. If at any time a Scholarship is not adjudged owing to the want of duly qualified Candidates, or is vacated by death or resignation or by any other cause, the sums which would have been paid to the holder shall be invested and added to the principal.

5. The Examination shall be conducted by two Examiners to be nominated by the Council and appointed by Grace of the Senate. So far as is found convenient, one Examiner in each year shall be a member of the University of Cambridge and the other a member of the University of Oxford.

6. The Examiners shall be appointed before the close of the Lent Term of the year preceding that in which they are required to examine.

7. Each Examiner shall receive £15.

8. The Examination shall commence in each year on the second Tuesday in the Easter Term.

9. The Examination shall consist of three parts :

- (a) A selected portion of History, of which notice shall have been given by the Examiners before the division of the Easter Term in the preceding year, and which Candidates shall be required to have studied, as far as possible, from

original sources. This portion may consist of a definite period or periods, or of a definite transaction or transactions, or of a biography or biographies.

(b) A choice of subjects for Essays, of which the Candidates shall be required to select one or more, as the Examiners may direct.

(c) Questions taken from or suggested by the following books:

De Broglie, *L'Église et l'Empire Romain*.

Bryce, *Holy Roman Empire*.

Guizot, *Histoire de la Civilisation en Europe*.

„ *Histoire de la Civilisation en France*.

Milman, *History of Latin Christianity*.

Ranke, *History of the Popes*.

„ *History of the Reformation*.

10. In determining the selected portion of History, and in setting the subjects for Essays, regard shall be had, as far as possible, to the special object of the foundation, which is the encouragement of the study of Ecclesiastical History in itself and in connexion with General History: and the range of choice in both cases shall be limited to the period between the Accession of Marcus Aurelius (A.D. 161) and the Fall of the Holy Roman Empire (A.D. 1806).

11. If the Examiners are unable to agree between two Candidates, their papers shall be submitted to the Professor of Modern History, who shall award the Scholarship to one or other, or divide it between the two, at his discretion.

12. Besides the name of the successful Candidate, the Examiners shall likewise publish the names of those who have acquitted themselves in the Examination so as to deserve honourable mention.

13. The first Examination for one of these Scholarships shall be held in the Easter Term, 1873: and one Scholarship shall be offered for competition in the same term in each succeeding year. The interest, which shall accrue from time to time before this scheme comes into full operation, shall be invested and added to the principal.

14. The list of books mentioned in the 9th regulation may be revised from time to time by agreement between the Hulsean Professor of Divinity and the Professor of Modern History for the time being: but any change on which they may agree shall be submitted to the Vice-Chancellor and shall not take effect without his consent.

15. The Senate shall have power from time to time to make such changes in the above regulations as may appear desirable: provided always that the object of the foundation as mentioned in the preamble be strictly respected, and provided likewise that no change be made during the lifetime of the founder without his consent.

BALFOUR STUDENTSHIP.

ON the death in July, 1882, of FRANCIS MAITLAND BALFOUR, M.A., F.R.S., Fellow of Trinity College, who had been elected on May 31, 1882, Professor of Animal Morphology, a Balfour Memorial Fund was raised by subscription; and investments made from it, £5000 Metropolitan Railway Debenture Stock, and £1500 London and North Western Railway Debenture Stock, were accepted by the Senate by Grace of June 14, 1883, with regulations for the administration of the Fund.

The administration is entrusted to Managers in conjunction with the Special Board for Biology and Geology. Eventually the Managers are to be three in number, to be elected by the Board for periods of five years in each case.

The income from the Fund is to be applied

- (1) To endow a Studentship to be called the Balfour Studentship, the holder of which shall devote himself to original research in Biology, especially Animal Morphology.
- (2) To further by occasional grants of money original research in the same subject.

The Studentship is to be of the net annual value of £200, or such larger sum as the University may from time to time determine. If at any time the annual income from the Fund is less than £200, the whole is to be paid to the Student.

The Managers nominate to the Studentship and the Board elects. There is no competitive examination, and the Student need not be a member of the University. He must devote himself to original Biological research under penalty of deprivation. The place and the nature of his studies are subject to the approval of the Managers; but, except with leave to the contrary, he must pursue his studies within the University for at least three terms during tenure. The tenure is for three years, but may be renewed for the whole or part of a second period of three years.

Any balance of the income from the Fund is to be devoted to the furtherance of original research in Biology, especially Animal Morphology, by grants for such purpose to the Balfour Student or to any other person engaged in such research.

¹ The Examiners were of opinion that F. J. Foakes-Jackson, of Trinity College, acquitted himself very creditably.

² The Examiners were of opinion that the merits of F. J. Fulford, B.A., Clare College, were nearly equal to those of the successful Candidate.

³ The Examiners were of opinion that C. J. Bristowe, B.A. Trinity Hall, acquitted himself with credit.

The University may under specified conditions and with specified exceptions alter the regulations, and may on the recommendation of the Financial Board vary the investments from time to time.

LUMLEY EXHIBITIONS.

THE Right Honourable ELIZABETH, Viscountess LUMLEY, by a deed bearing date October 8, 1657, directed certain Trustees therein named, to pay and allow yearly to *ten* poor Scholars of the Universities of Oxford and Cambridge, educated in the School founded by her at *Thornton* in the county of York, or in default of such, to any other poor Scholars, not exceeding *ten* in number (subsequently reduced to *five*), who should be nominated thereto by the respective Convocations of the said Universities for the time being, the sum of £4 a year each, to be continued until they should have time to become graduates in one of the said Universities.

By an Order of the Court of Chancery, issued in the year 1820, it was directed that, in consequence of the increased rents these five Exhibitions should in future be £15 per annum each, and that the rents not called for should accumulate.

THE SHEEPSHANKS ASTRONOMICAL EXHIBITION.

THE representatives of the late Rev. RICHARD SHEEPSHANKS, M.A., Fellow of Trinity College, founded in 1858 an Exhibition to be given to that Undergraduate of the University, elected by the Master and Seniors of Trinity College, who should be found, upon notice of competition publicly given, and examination held by them or by persons appointed by them, to be best versed in Astronomy, theoretical and practical.

The person elected is to become a Student of Trinity College and to retain the Exhibition for three years, on condition that he shall keep by residence every University term of that time, except so far as he may be excused by express permission of the Master and Senior Fellows of Trinity College.

The Exhibition is the interest of £1666. 13s. 4d. three per cent. consols.

MEMBERS' PRIZES.

THE REPRESENTATIVES in Parliament of this University formerly gave four annual prizes of fifteen guineas each, which were adjudged by the Vice-Chancellor and Heads of Colleges, to two Bachelors of Arts, and two Undergraduates, for the best Dissertations in Latin prose, which were read publicly by them in the Senate-House on a day appointed near to the Commencement, and afterwards sent by them to the aforesaid Members. Of these prizes, two were open to all Bachelors of Arts, without distinction of years, if not of sufficient standing to take the degree of M.A.:—the other two were open to all Undergraduates who had resided not less than seven terms at the time when the exercises were to be sent in. The subjects were delivered out at the end of Michaelmas Term, and each candidate was required to send his exercise privately to the Vice-Chancellor, on or before the 31st of March, in the same manner as the exercises for the Chancellor's Medal. These prizes (confined until 1827 to Senior and Middle Bachelors) were established in 1752 by the Hon. EDWARD FINCH and the Hon. THOMAS TOWNSEND, and were continued by the succeeding Members until 1870, when in lieu of four Prizes for Latin Essays of £15. 15s. each, the Representatives of the University in Parliament desired to give annually two Prizes of £31. 10s. each, one for an English Essay on some subject connected with British History or Literature, the other for a Latin Essay, each Prize to be open for competition to all Members of the University not of sufficient standing to be created Masters of Arts or Law; and the following Regulations were confirmed by Grace of the Senate, Nov. 11, 1869.

1. That there be two yearly Prizes of £31. 10s. each, to be called THE MEMBERS' PRIZES, the one for an English Essay on some subject connected with British History or Literature, the other for a Latin Essay.

2. That each of these Prizes shall be open for competition to all Students of the University who are not of sufficient standing to be created Masters of Arts or Law, or who being Students of Medicine are of not more than seven years' standing from Matriculation; provided that no Student, who has gained either Prize, shall be eligible for another Members' Prize given for an Essay in the same language.

3. That the subject for the English Essay shall be selected and the Prize adjudged by the Vice-Chancellor and two Examiners elected by Grace of the Senate at the last Congregation in February in each year.

4. That the subject of the Latin Essay shall be selected and the Prize adjudged by the Vice-Chancellor and two Examiners elected by Grace of the Senate at the last Congregation in February in each year.

5. That the subjects both of the Latin and of the English Essay shall be given out at the end of the Lent Term, and the Essays sent in on or before the tenth day of November in each year.

6. Any Essay, which the Examiners at the time of adjudging the Prize shall unanimously declare to be in their judgment worthy of being published, shall be printed at the expense of the University.

7. These Regulations shall be subject to alteration from time to time by Grace of the Senate with the consent of the Representatives in Parliament for the time being of the University.

The following Regulations were made by a Statute, approved by Her Majesty by Order in Council, April 6, 1858.

1. The University shall have power to alter and determine from time to time, by Grace of the Senate, the regulations respecting the persons by whom the subject of the Essays is to be given out and the Prize adjudged: and also the regulations respecting the time and mode of publication of the subject, and the times of sending in the Essays, of adjudging the Prize, and of printing and publishing the Essay for which the Prize is given.

2. The Prize shall be given once in five years only, and shall be the sum of the annuities of the five years preceding the adjudication.

3. The Candidates shall be Graduates of the University of Cambridge, and of not more than thirteen years' standing from admission to their first degrees when the Essays are sent in.

4. The successful Candidate shall receive the gold medal described by Mr Norris, together with books, to be selected by himself and approved by the Norrisian Professor, not exceeding in value Fifteen pounds, and the remainder of the Prize in money; or money instead of the gold medal or books according to his option; but in no case shall the medal or books be given, or the money paid, till the Essay has been printed and published.

The subject is proposed by the Vice-Chancellor, the Norrisian Professor, and two members of the Senate appointed on each occasion by Grace of the Senate at the first Congregation after Nov. 12. It is given out on or before December 1, and the Essay must be sent to the Vice-Chancellor on or before the 30th of April following. PORSON PRIZE.

THE REV. CHARLES BURNEY, D.D., and the Rev. JOHN CLEAVER BANKES, M.A., only surviving trustees of a fund raised by the friends of the late Professor Porson, and appropriated to his use during his lifetime, did, by deed, bearing date the 27th November, 1816, transfer to the University the sum of £400 Navy 5 per cents. upon trust, that the interest arising therefrom should be annually employed in the purchase of one or more Greek books, to be given to such resident Undergraduates as should make the best translation of a proposed passage in Shakspeare, Ben Jonson, Massinger, or Beaumont and Fletcher, into Greek Verse.

The metre of the translation, if the selection be from a Tragedy, shall be *Tragicum Iambicum Trimetrum Acatalecticum*, or *Tragicum Trochaicum Tetrametrum Catalecticum*; if from a Comedy, the metre of the translation shall be *Comicum Iambicum Trimetrum Acatalecticum*, or *Comicum Trochaicum Tetrametrum Catalecticum*, or *Comicum Anapæsticum Tetrametrum Catalecticum*. The subjects are published on or before June 15 in each year. The exercises must be distinctly written and accentuated, and accompanied by a literal Latin prose version of the Greek, and sent to the Vice-Chancellor on or before Feb. 1 following, and in the same manner as the exercises for the Chancellor's English Medal. The examiners are, the Vice-Chancellor or his deputy the Provost of King's, the Masters of Trinity, St John's, Christ's and Caius Colleges, the Greek Professor, and the Public Orator. The prize translation to be printed at the expense of the author, and copies to be given to the Vice-Chancellor and Heads of Houses, previous to the Commencement, at which time it is to be recited in the Senate-House. And if in any year there be no translation worthy of the prize, the book or books provided for that year shall be reserved and given to the candidate who shall be considered second best in the subsequent year, and so from time to time the book or books provided in any year, and not given in that year as a prize, shall be reserved till the examiners shall adjudge the same to be given in some subsequent year to a candidate whose translation is second best, or third best to the prize translation, but worthy to be rewarded, and then shall be disposed of accordingly; provided also that they be printed and recited as in the case of the prize translation. All the prize translations, and every such second best or third best translations, shall be transcribed in a book to be kept by the Vice-Chancellor.

A Statute, approved by Her Majesty by order in Council, April 6, 1858, directs that passages for translation may be chosen from the works of any standard English Poet; and that no Candidate shall receive the Prize who has not commenced his residence in the University when the translations are sent in.

PRINCE CONSORT PRIZE.

At a meeting of the subscribers to the Prince Consort Memorial on June 12, 1883, it was resolved to transfer the surplus of the Memorial Fund to the University, with the object of founding "a Prize or Scholarship, to bear the Prince Consort's name, for the promotion of Historical Studies in such manner as they may from time to time determine." This offer was accepted by the Senate on June 23, 1883.

The sum transferred to the University by the subscribers to the Prince Consort Memorial amounted to about £1850.

The following are the Regulations:—

1. There shall be established in the University a prize, called the "Prince Consort Prize," to be awarded for dissertations involving original historical research.

2. The prize shall be offered in alternate years, the first award to be made in the year 1888.

3. The income derived from the fund transferred to the University by the subscribers to the Prince Consort Memorial shall be applied, firstly, to provide a bronze medal or medals to be presented to those candidates whose dissertations appear to the adjudicators to deserve publication; secondly, to the payment of the adjudicators as hereinafter determined; thirdly, towards defraying the expenses of printing and publishing the said dissertations.

4. The prize shall be open to members of the University who, at the time when their dissertations are sent in, have been admitted to a degree,

1 The Examiners this year adjudged a second prize, value five guineas, to Charles Wimberly, of St John's College.

2 A second prize, value ten pounds, was adjudged to John Wordsworth of Trinity College.

and are of not more than four years' standing from admission to their first degree.

5. The adjudicators shall be the Regius Professor of Modern History, the Dixie Professor of Ecclesiastical History, the University Lecturer in Roman History, and two others who shall be elected by the Senate in the Lent Term of the year next but one before that in which the prize is to be awarded, one on the nomination of the Special Board for Classics, and one on the nomination of the Special Board for History and Archaeology. Each elected adjudicator shall receive the sum of five pounds from the income of the fund.

6. The adjudicators shall in the Easter Term of the year next but one before that in which the award is to be made select and announce two or more subjects for dissertations, half the number of such subjects being chosen from the period of history before A.D. 800, and half from the period after A.D. 800, and also, if they think fit, one subject covering portions of both periods.

7. The dissertations shall be either on one of the subjects so announced, or on some other subject of historical research selected by the candidate. In the latter case the subject shall, at some time between the announcement of the subjects and the 15th of May in the following year, be communicated to the Regius Professor of Modern History for the approval of the adjudicators, who shall meet once in every term, if necessary, to approve or reject any subject so submitted to them; and their approval or rejection shall be communicated without delay to the candidate.

8. The dissertations shall be sent in to the Vice-Chancellor on or before the 31st of October in the year next after that in which the subjects are announced; and the adjudicators shall, on or before the 31st of January following, declare which of the dissertations, if any, are in their opinion deserving of publication.

9. The adjudicators shall decide to what extent the successful candidates shall be permitted to revise their dissertations.

10. Those dissertations which the adjudicators declare to be deserving of publication shall be published by the University, singly or in combination, in an uniform series, at the expense of the fund, under such conditions as the Syndics of the University Press shall from time to time determine.

11. If in any year the nett proceeds of the fund applicable in that year shall more than suffice for the expenses, the surplus shall be carried on to the current account; provided that, if and so soon as the sum standing to the credit of the current account shall be more than twice as large as the annual income of the fund, any further surplus shall be carried over to the capital account.

SEATONIAN PRIZE.

THE REV. THOMAS SEATON, M.A., Fellow of Clare College, bequeathed to the University, in 1741, the rents of his Kislingbury estate, now producing clear £40 per annum, to be given yearly to that Master of Arts who shall write the best English Poem on a sacred subject. The Vice-Chancellor, the Master of Clare, and the Greek Professor (who are the adjudicators of this Prize) determine the subject, which is delivered out before the end of the Lent Term, and the Poem is to be sent to the Vice-Chan-

cellor on or before the 29th of September following. The poem is to be printed, and the expense deducted out of the product of the estate: the remainder is given as a reward to the composer. The Prize is awarded a few days previous to the resignation of the Vice-Chancellor's office¹.

CHANCELLOR'S ENGLISH MEDAL.

H. R. H. the Duke of Gloucester, formerly Chancellor, gave annually a gold medal, to be conferred upon a resident Undergraduate, who should compose in English the best Ode or best Poem in heroic verse¹. This prize has been continued by succeeding Chancellors.

The subject is published on or before June 15 in each year, and the Exercises must be sent to the Vice-Chancellor on or before February 1 following, and must not exceed 200 lines. Each Candidate is to send his exercise privately: each is to have some motto prefixed; and to be accompanied by a paper sealed up, with the same motto on the outside, which paper is to enclose another, folded up, having the Candidate's name and College written within. The papers containing the names of those persons who do not succeed are destroyed unopened. No prize will be given to any exercise which is written, wholly, or in part, or of which the title, motto, superscription, address, &c., are written, in the handwriting of the Candidate: nor to any one who has not, at the time for sending in the exercises, resided one term at least. Any Candidate is at liberty to send in his exercise *printed* or *lithographed*. The successful Candidate recites his Poem in the Senate-House on Commencement-day. The Adjudicators are the Vice-Chancellor, the Provost of King's, the Masters of Trinity, St John's, St Peter's, Clare, and Christ's, the senior resident Fellow of Trinity who has gained a Medal, the Public Orator, the Greek Professor, and the Professor of Modern History.

CRANE'S CHARITY FOR THE RELIEF OF SICK SCHOLARS.

JOHN CRANE, Apothecary in Cambridge, and M.A., died in 1654, and left by his Will money to buy an estate of £62 per annum¹, to be settled on the five corporations following, *viz.* the University of Cambridge, the towns of Wisbech, Cambridge, Lynn, and Ipswich². The rents to be received by these in order, and to be applied by the University in their turn towards the relief of Sick Scholars. The distribution to be made by the Vice-Chancellor, the Professors of Divinity, the Civil Law, and Physic, and the Chief Apothecary of the town. The Master of Caius College is requested to assist the Distributors. Meetings of the distributors, to consider and determine the claims of applicants for the benefit of this charity, take place on the third Tuesday of *May*, and the third Tuesday of *November*, in every year, and all applications of Scholars must be made by the Tutors of their respective colleges.

The Trustees wish it to be understood that they are willing to apply to "Institutions for Nursing Sisters," for nurses to attend poor sick scholars and to pay their wages in case of necessity: they make grants on account of medicine, medical attendance, nursing, diet, and other necessities in sickness: applications to be made to the Vice-Chancellor for the time being, or, if nurses from the institutions be required, to the Regius Professor of Physic.

PERSE FREE GRAMMAR SCHOOL.

STEPHEN PERSE, M.D., senior Fellow of Caius College, by a clause in his Will³, dated September 27, 1615, bequeathed certain property in charge to his executors, to purchase divers grounds and tenements, to be applied, amongst other purposes, to that of erecting and establishing within three years (if possible), after his decease, a convenient house capable of containing one hundred Scholars to be used for a Free Grammar School.

The School is now conducted under a Scheme which received the approbation of the Queen in Council, August 9, 1873. The School is divided into a Senior and a Junior Department. Regulations are made for religious instruction. The subjects of secular instruction include the ordinary branches of English education together with Mathematics, Latin, French, Drawing and Vocal Music. Greek is taught in the Senior Department only. The fees have been fixed at £6 and £14 per annum for the Juniors and Seniors respectively; and an entrance-fee of 10s. is paid on admission to the Junior, and of 30s. on admission to the Senior Department.

The School is under the management of a Governing Body, consisting of 15 persons, of whom three are nominated by the

Council of the Senate of the University of Cambridge, three by Gonville and Caius College, six by the Town Council of Cambridge, and three are Coöptative Governors.

In 1842 the old School-house was taken down, and new buildings were erected, comprehending a school-room, and houses for the Master and Usher. The School-buildings have been enlarged, so that there is now room for about 170 boys.

ADDENBROOKE'S HOSPITAL

Was opened in the year 1766, having been founded by JOHN ADDENBROOKE, M.D., formerly fellow of Catharine Hall. It was further endowed in 1813 by a bequest of £7000 from MR JOHN BOWTELL, late bookseller and stationer in Cambridge, and is supported chiefly by voluntary contributions. A few years ago it was greatly enlarged and altered, and almost rebuilt, and now contains above one hundred and twenty beds for patients.

Certificates of attendance on the practice in it are recognized by the University, by the Royal Colleges of Physicians and Surgeons, and by the Society of Apothecaries in London.

The Physicians and Surgeons attend daily in the wards, and Clinical Lectures are delivered weekly during Term time and also in the long Vacation. The fee for attendance on the Medical and Surgical Practice and the Lectures is twelve guineas.

THE UNIVERSITY LIBRARY.

THIS great Library, containing at present more than 400,000 volumes, has been enriched at different times by royal and private benefactors, amongst whom, as donors of Books, the names of Dr Richard Holme (1424), Archbishop Rotherham (1480), Dr Andrew Perne (1589), Dr Richard Holdsworth (1648), Mr Henry Lucas (1663), Bishop Hacket (1670), and King George I. (1715), may be mentioned as pre-eminently distinguished.

The permanent sources of its increase are as follows:

1. The Copyright Acts, under which this Library, in common with four others, is entitled to a copy of every book published in the United Kingdom.

2. The Rustat Fund, arising from an estate at Ovington in Norfolk. This estate was bought with £1000 given to the University in 1666, by Tobias Rustat, Esq. M.A., Yeoman of the Robes to King Charles II., to be laid out in land, the rents to be applied in the purchase of *choice* books for the Library. It now produces upwards of £300 a year.

3. William Worts, Esq. M.A., of St Catharine's College, ordered by his Will, in 1709, that the annual surplus of the rents and profits of his estate at Landbeach, in the county of Cambridge, after the discharge of the other outgoings, should be applied to the use of the Library. This surplus now amounts to about £1000 a year.

4. In 1826, the Rev. John Manistre, M.A. Fellow of King's College, bequeathed £5000, to purchase books. This sum has been invested, and produces the annual income of £150.

5. By Grace of the Senate (May 31, 1866) a portion of the quarterly payment made by all Members of the University to the Chest is allowed for the support of the Library. This amounts now to £3,500 a year (Grace, May 25, 1882).

6. By the Statutes of 1882, the Common University Fund is applicable to the Library; an annual grant of £500 made to the Library from this source, commencing with the year 1884, was transferred to the Chest in 1885.

The arrangement of the Library is entrusted to the Librarian, and the general management to a Syndicate consisting of the Vice-Chancellor, and sixteen members of the Senate elected by Grace, four of whom in rotation retire every year, their places being supplied by four other members elected by the Senate. They meet in the Library on every alternate Wednesday during Term; and the presence of the Vice-Chancellor, or his Deputy, and at least four other members, is required for the transaction of business.

RULES AND ORDERS FOR THE UNIVERSITY LIBRARY.

I. *As to opening and closing the Library.*

1. The Library shall be open on Saturdays from Nine till One, and on other days from Ten till Four; but on every day appointed for returning Books to the Library for the Quarter, the Library shall be open from Ten till Four.

2. The Library shall be closed from December 24 to 28 inclusive, on Ash-Wednesday, from the Thursday before to the Tuesday after Easter inclusive, on Ascension-Day, on the Monday after Whitsunday, on all Sundays in the year, and on all days specially appointed for Public Fasting or Thanksgiving.

3. The Library shall be closed for the purpose of a full and satisfactory inspection of the Books from the fifteenth to the thirtieth days of September in each year, both included; and the state of the Library shall be examined by Inspectors, to be appointed for that purpose by the Syndicate in the course of the preceding Easter Term, assisted by the Librarian; and a Report shall be made by them to the Syndicate of all Books wanting or much damaged, expressing in whose custody such Books are or have last been.

4. The Library shall also be closed for two days after each of the other three Quarter days, in order to allow sufficient time for the return of the Books to the shelves, and for the preparation of the List of such as have not been returned to the Library.

II. *As to borrowing Books.*

5. No person shall be allowed to take Books out of the Library but

(1) those who having been admitted to the degree of Bachelor of Medicine, Master of Surgery, Master of Law, Master of Arts, Doctor of Medicine, Doctor of Law, or Doctor of Divinity, have their names on the Register of Members of the Senate, or on the Boards of their respective Colleges;

(2) Honorary Graduates of the University.

(3) Persons actually holding the office of Professor, Reader, or University Lecturer in the University, who have not at any time been members of the University.

6. No one shall take or borrow any Book out of the Library without first delivering a note for the same to the Librarian or one of the Assistants, expressing in his own handwriting his Name and College, the title of the Book, and the year and day of the month on which such Book is taken or borrowed, on pain of forfeiting Five Pounds, or double the value of such Book, at the discretion and in the judgment of the Vice-Chancellor.

7. The Librarian or one of the Assistants shall compare the notes delivered for books borrowed from the Library with the Books themselves before they are taken away, and shall preserve carefully all such notes till the Books so taken out be returned again to the Library. When all the Books specified in each note are returned, the notes shall be delivered up to the persons by whom the Books are brought back: when only some Books specified in each note are returned, the titles of the Books so returned shall be erased from the note at the time.

8. Every one who shall take or borrow any Book out of the Library, shall return it thither again on or before the next of the four following days, viz. September 14, *St Thomas* (December 21),

Lady-day (March 25), and *Midsummer-day* (June 24), or oftener if the Syndics see occasion and require it, under penalty of Two Shillings for every Folio or Quarto, and One Shilling for every Book of less size: the penalty to be repeated every fortnight till the Book be returned, or another of the same edition and equal value placed in its room; such fortnight being reckoned from the first day on which the Library is re-opened after the Quarter day. When any one of the Quarter days falls on one of the days mentioned in Rule 2, the day appointed for returning Books shall be the next open day.

9. All Books shall be returned to the Library perfect and undamaged, or others of the same edition and equal value placed in their room there, on pain of forfeiting Five Pounds for every volume not so returned, or the full value of the same, at the discretion and in the judgment of the Vice Chancellor. Persons taking Books out of the Library are desired to report without delay to the Librarian any injury which they may observe in them.

10. Every Tutor of a College, being a Member of the Senate or a Bachelor of Medicine, shall be allowed to take out of the Library for each resident pupil, who shall have been admitted to the title of Bachelor designate of Arts or Law, any number of volumes not exceeding five. Each order for the volumes so obtained shall bear the titles of the Books, and be dated and subscribed as follows:

For *M. N.*, Resident B.A. (or LL.B.), ——— College.
(Date) *C. D.*, Tutor.

11. Every Tutor of a College, being a Member of the Senate, shall have the privilege of obtaining for all persons of his College, who have proceeded to the degree of Bachelor in Divinity under the Statute of Queen Elizabeth, any number of volumes not exceeding five from the Library; and each order for the volumes so obtained shall bear the titles of the Books, and be dated and subscribed as follows:

For *M. N.*, B.D., ——— College.
(Date) *C. D.*, Tutor.

12. The Books obtained under Rules 10 and 11 shall not be taken out of the Library till the day after that on which the Library is re-opened for the Quarter; and they shall be returned not later than the day before the next Quarter day.

13. The Tutor shall be responsible to the Library for the Books obtained under Rules 10 and 11, and for the penalties prescribed, if they are not returned at the time mentioned in these Regulations.

14. No person shall be allowed to have in his possession at one time more than Ten Volumes belonging to the Library; but the Syndicate may dispense with this Order in any particular case, if they are of opinion that sufficient reasons have been assigned for such dispensation: such dispensation, however, shall continue in force no longer than to the end of the Quarter for which it is granted; but upon fresh application may be renewed by the same authority.

15. No Books shall be taken out of the Library on the days appointed for the return of Books.

16. A list of the Books omitted to be returned at the end of any Quarter, together with the names of the borrowers, shall be suspended in some conspicuous place in the Library.

17. No person, from whom any fine is due to the Library, shall be allowed to take out Books until such fine has been paid.

III. *For Books not allowed to be taken out of the Library without the written permission of the Librarian, or an order of the Syndicate.*

18. Certain printed Books, regarded as books of reference, of which a list shall be kept, shall be labelled 'Not to be taken out,' and shall not be borrowed except for a limited time and by the written permission of the Librarian. Such Books shall not be taken out more than a quarter of an hour before the Library closes on any day, and must be returned within a quarter of an hour after the time at which the Library is next opened. The Librarian however shall have a discretionary power to allow any such Books to be borrowed for a period not exceeding seven days; provided that the books so borrowed be not taken out of Cambridge, and be returned to the Library before the time specified, if wanted.

19. Certain printed Books, selected as being of special rarity or value, shall be kept in cases or compartments by themselves, and shall not be borrowed from the Library except by authority of the Syndicate. The Librarian however shall have a discretionary power to allow any such Books to be borrowed for a period not exceeding a fortnight, if he shall be of opinion that a sufficient reason has been assigned by the applicant.

20. A selection of the more costly illustrated Books shall be kept in cases or compartments by themselves, and shall not be taken out of the Library, unless by authority of the Syndicate, except by Professors, Public Lecturers, or Officers of the University Museums, being otherwise qualified to borrow Books from the Library, and by them only if wanted for the illustration of their lectures or for the determination of specimens. The Librarian however shall have a discretionary power to allow any such Books to be borrowed, for a period not exceeding one calendar month, if he shall be of opinion that a sufficient reason has been assigned by the applicant.

21. The discretionary power given to the Librarian in the preceding three Rules shall be exercised only by the Librarian himself, or by his Deputy appointed by writing under his hand.

22. A Register shall be kept of all such Books taken out of the Library, agreeably to the above Rules, and of the date at which they are returned. After the Books, borrowed under Rules 19 and 20, are returned, the plates in them shall forthwith be collated, and the collation be registered. Until such collation shall have been made, the Books shall not be accessible to persons using the Library, nor shall the countersigned note be given up to the persons by whom the Books are returned, but in lieu of it an acknowledgment signed by the Librarian or one of his assistants; and the name of the person by whom the acknowledgment is signed shall also be registered.

23. The fines for not returning Books borrowed under Rules 18, 19, and 20, shall be double the ordinary fines.

24. *Grace of the Senate.* No Manuscript whatever shall be taken out of the Library without a Grace for its removal being obtained from the Senate; nor without a bond being given by the borrower to the Librarian (or, if the Librarian be the borrower, to the Vice-Chancellor) to return it uninjured within a certain time to be specified in the Grace, under a penalty of Fifty Pounds at the least.

25. A selection of the very rare and early printed Books shall be locked up in cases by themselves, and shall only be taken out of the Library under the conditions that apply to the borrowing of Manuscripts.

26. The Librarian shall have the custody of the keys of all the locked cases that contain Books or Manuscripts.

27. With a view to retaining the free use in the Library of such Books to those who are desirous of consulting them for the purpose of study, and

who may wish to have access to them for a considerable time at one visit, the Librarian, if he see cause, may allow such persons to use the Books without the continued presence of himself or one of the Assistants.

28. All applications to the Vice-Chancellor or the Syndicate, under any of the above Rules, shall be made through the Librarian.

29. A Register shall be kept, and a full collation shall be made, of all Manuscripts and other Books borrowed from the Library under Rules 24 and 25; and the bonds shall be prepared by one of the Library Assistants under the direction of the Librarian, at a cost of one shilling for preparing each bond, to be defrayed by the borrower.

30. Unbound works or parts of works shall be kept in store-rooms, until such time as is proper for binding them, under such a system of management that they may be produced, if required, after a few minutes' notice, on application being made to the Librarian; so that persons to whose researches such works are necessary may consult them in the Library.

IV. *As to Admission to the Library.*

31. No person, except those mentioned in Rule 5, shall be admitted into the Library on the days when it is re-opened or is closed for any Quarter.

32. Bachelors of Arts, Law, and Divinity, for whom Tutors of Colleges are allowed under Rules 10 and 11 the privilege of obtaining Books, shall be admitted into the Library for the purpose of selecting their Books or otherwise consulting the Library, provided they appear in Academical Dress.

33. Undergraduates shall be admitted to consult Books in the Library during the last three hours that it is open each day, provided they appear in Academical Dress. At other hours when the Library is open, any Undergraduate can obtain a card of admission on presenting to the Librarian a recommendation from the Tutor of his College, such recommendation to remain in force only during the quarter in which it is given.

34. Persons, who are not Members of the University, unless admitted under Rules 36—40, shall only be admitted into the Library when accompanied by a Graduate Member of the University, who shall remain with them during the whole time they are in the Library; but they shall not be allowed to examine the Catalogues, or to take down Books from the shelves.

35. The Library Assistants shall not be allowed to receive any gratuities.

V. *As to Admission of Persons who are not Members of the University, for the purpose of study and research.*

36. Persons desiring tickets of admission to the Library shall be required to present to the Syndicate letters from two Members of the Senate certifying that the applicant is known to them to be a student in some specified subject, and is a fit and proper person to be admitted to the Library.

37. The names of the persons to whom tickets of admission are granted, together with the names of the Members of the Senate by whom they have been recommended, shall be placed in a List at the entrance of the Library.

38. Such persons shall be permitted to use the Library between the hours of 9 and 1 on Saturdays and 10 and 2 on other days; except on the days when the Library is re-opened or is closed for any Quarter.

39. This permission shall not entitle the holder to have access to the locked cases.

40. This permission shall expire on the 20th of October of each year.

THE UNIVERSITY PRESS.

THE management of the University Press is committed to a Syndicate consisting of the Vice-Chancellor, and fifteen other members of the Senate elected by Grace, five of whom retire by rotation every year.

The business of the Press is conducted under the direction of Mr C. J. Clay, M.A., Mr J. Clay, M.A., and Mr C. F. Clay, B.A., the University Printers, as Managing Partners. Mr C. J. Clay is also Secretary to the Syndicate.

On the death of the Right Honourable WILLIAM PITT, many distinguished personal friends of that statesman and admirers of his public conduct entered into a subscription for the purpose of erecting some memorial worthy of his name.

By means of the funds thus raised a marble statue of Mr Pitt, executed by Westmacott, was erected in Westminster Abbey; and a bronze statue of him, executed after a model by Chantry, was placed in Hanover Square, London. A large sum still remained unexpended; and the Committee at whose disposal the Funds were placed, desiring to employ the surplus in some mode that might contribute to the honour and usefulness of the University in which Mr Pitt had received his education, offered to erect a building which should form the front of the University Printing Offices, and be designated by the name of the PITT PRESS.

This offer was accepted; and a large sum of money was expended by the University in purchasing the necessary site. The first stone of the New Building was laid in 1831 by the Marquis Camden, the chairman of the before-mentioned Committee, attended by the Earl of Clarendon, the Earl of Harrowby, Lord Farnborough, and Henry Bankes, Esq. M.P., also Members of that Committee.

The edifice was completed in 1833.

THE FITZWILLIAM MUSEUM.

RICHARD, Viscount FITZWILLIAM, formerly of Trinity Hall, (M.A. 1764,) who died 5th February, 1816, bequeathed to the University his splendid collection of books, paintings, illuminated MSS., engravings, &c., together with the dividends or annual proceeds of £100,000 South Sea Annuities, for the erection of a Museum for their reception.

The dividends on the above-mentioned Stock having accumulated to a sum exceeding £40,000, the existing building was commenced on the 2nd of November, 1837, from the designs of George Basevi, Esq., and carried on under his superintendence until his death in 1845, when C. R. Cockerell, Esq., the architect of the University Library and many other works, was appointed to succeed him. In the course of the year 1847 it became evident that the available funds would not suffice for the entire finishing of the Hall: the further works were therefore suspended for a period of years sufficient to allow of the accumulation of the requisite sum, and the Pictures, Books, and other articles which comprise the Fitzwilliam Collection, together with the Mesman Collection described below, and other donations, were removed into the new building, where they are now open for inspection. The entrance hall has since been completed and decorated at a cost of more than £20,000 from the designs of Mr E. M. Barry, R.A. Among the most valuable pictures in the collection are three of the Venetian School, all formerly in the Orleans Gallery, viz. *Venus and Cupid* by Palma Vecchio, *Mercury and the Daughters of Cecrops*, by Paul Veronese; and a *Gentleman and his Mistress* by Titian; and one by Rembrandt, engraved as the *Portrait of an Officer*. The collection of ancient prints is one of the richest in Europe. The bulk of this collection is contained in a large number of bound albums in the library of the Museum. The works of the early engravers of Germany and the Low Countries, and those of Rembrandt, have been re-arranged on separate mounts and placed in solander cases. A selection of the engravings so mounted is exhibited under glass in the principal picture gallery.

Daniel Mesman, Esq., bequeathed a collection of Pictures to the University. His brother the Rev. Charles Mesman, to whom they were bequeathed for his life, having given up his life-interest in the bequest, the collection came in 1834 into the immediate possession of the University. These pictures were for many years deposited in one of the apartments of the Pitt Press, but are now removed into the Fitzwilliam Museum. The collection amounts in number to 248 Paintings and 33 Drawings and Prints. The majority of the Pictures are small examples of the Flemish and Dutch schools.

On the 16th of April, 1850, John Disney, Esq., F.R.S., F.S.A., of the Hyde, near Ingatestone, Essex, presented a Collection of

Ancient Marbles, eighty-three in number. On the 29th of July, John Kirkpatrick, Esq., M.A. of Trinity College, of Monk's Horton Park, Hythe, Kent, presented a Collection of thirty-four original casts of antique statuary. The collection of ancient marbles formed by Dr Clarke have also been transferred from the University Library to the Sculpture Gallery of this Museum.

In 1861 John Ruskin, Esq. presented to the Museum twenty-five water-colour drawings of great interest and beauty by the late J. M. W. Turner, R.A.; and in 1862 Mrs Elizabeth Ellison, of Sudbrooke Holme, Lincolnshire, presented thirty pictures by modern English Masters. Seven pictures, by Adrian Vandervelde, Ruysdael, Paul Potter, Old Francks, Patel and Nikkelen, were presented in 1864 by A. A. VanSittart, Esq., late Fellow of Trinity College. In 1872, by an arrangement with the executors of the Rev. R. E. Kerrieh, the Museum acquired a portion of certain collections bequeathed to it by that gentleman; viz. seven paintings, two hundred volumes of books, and many valuable portfolios of ancient prints. A small collection of oil-paintings, including three important works by Hogarth, was bequeathed by the Rev. J. W. Arnold, D.D., in 1859, and placed in the Museum in 1873. In 1876, a further gift of seventeen pictures was made by A. A. VanSittart, Esq., including fine examples of Hobbema, Ruysdael, and Wynants, and works by Guercino, Bellotti, and Marieschi. In 1878 the Museum acquired, by the bequest of the Rev. C. Leasingham Smith, eleven pictures of various schools, including works of Salvator Rosa, Peter Molyn, Marieschi, Wilson, and a miniature portrait by Cooper.

The University purchased (Grace, Feb. 25, 1864) a Collection of coins from the Executors of the late Colonel Leake. This has been placed in the Library of the Museum. In 1876 (Grace 4, Nov. 23) a considerable purchase of rare prints, towards the completion of the collection of German and Flemish masters, was made at the Liphart sale; also a collection of ancient Phœnician, Greek, and Roman glass from tombs in the island of Cyprus was purchased (Grace 5, Nov. 23) from General L. P. di Cesnola, and has been arranged in two cases in the sculpture-room. In the same year (Grace, Nov. 30) nineteen albums of ancient engravings, four of them containing exclusively the etchings of Rembrandt and his scholars, were transferred to the Fitzwilliam Museum from the University Library; and the most important portions of their contents have been incorporated with the collections of Lord Fitzwilliam and Mr Kerrieh. In 1886, the Committee of the Antiquarian Society recommended that the Director of the Fitzwilliam Museum should receive under his charge the Collection of Coins belonging to the Society and consisting of, 1st, an old Collection of English, Roman and foreign Coins; 2nd, Dr Bacon's Collection, mostly English and foreign; 3rd, 17th century tokens. This offer was accepted by Grace of the Senate, March 25, 1886.

The three galleries in the basement have been re-arranged, so that the South Gallery contains the collection of Greek vases and glass; the East Gallery Greek and Roman Marbles, Bronzes and Inscriptions, together with Egyptian Antiquities; the North Gallery, the model of the Tag Mahal of Agra and Oriental Antiquities.

The care and arrangement of the Collections in the Museum is entrusted to a Director, and its general management to a Syndicate composed of the Vice-Chancellor, and eight other members of the Senate elected by Grace, two of whom in rotation retire every year, their places being supplied by two other members elected by the Senate. They meet in the Museum at least twice in every Term, four members (the Vice-Chancellor or his deputy being one) being requisite to constitute a quorum; but in cases of emergency arising at times when the members of the University are for the most part absent from Cambridge, a smaller number are authorized to act, provided they are unanimous.

MUSEUM OF ARCHAEOLOGY.

THIS building, which was formally opened by the Vice-Chancellor, May 6, 1884, consists of two parts, a Museum of Classical Archaeology and a Museum of General and Local Archaeology. The Fitzwilliam Museum Syndicate are responsible to the University for the care of the entire building, but for administrative and financial purposes the two new museums are separate.

MUSEUM OF CLASSICAL ARCHAEOLOGY.

THIS Museum, which is looked upon in every respect as a portion of the Fitzwilliam Museum, consists of four Galleries of Casts (A, B, C, D), a Library with a room for the Director, and a Lecture-Room, together with large accommodation in the basement. A house adjoining has been secured as a residence for the Assistant (H. A. Chapman).

The four GALLERIES of CASTS are arranged in a chronological series, each Gallery representing, as far as practicable, a marked period in the history of Art, as follows:

- A. The Archaic period (down to the early part of the 5th century B.C.).
- B. The age of Pericles (Paionios, Alkamenes, Pheidias, Polykleitos, 5th century B.C.).
- C. The age of Philip and Alexander (Skopas, Praxiteles, Lysippos, 4th century B.C.).
- D. The Hellenistic schools of Pergamon and Rhodes, and the Graeco-Roman period, together with portrait-statues and busts.

Of these casts a certain number were already in the Fitzwilliam Museum, and have been transferred to this building; but the great mass of them have been purchased out of the Fitzwilliam income, an annual sum having been set apart for this purpose for several years past.

The LIBRARY consists, in the first place, of the chief part of Colonel Leake's books, which have been transferred from the Fitzwilliam Museum, forming a good working basis for further additions. A subscription raised by Professor Colvin for this particular object has been laid out by him in the purchase of upwards of 850 volumes, which have brought the collection up to date and made it worthy to take a place among special libraries of the kind.

The LECTURE-ROOM is not only used for University Lectures, but is available generally for other archaeological lectures. It is also used for the meetings of the Cambridge Antiquarian Society.

The Syndicate have issued the following provisional Regulations for the use of this Museum :

REGULATIONS FOR THE FITZWILLIAM MUSEUM OF CLASSICAL ARCHAEOLOGY.

I. AS TO THE SCULPTURE GALLERIES :

The Rules for admission to the Galleries of the Fitzwilliam Museum of Classical Archaeology are the same as those for admission to the Picture Galleries of the Fitzwilliam Museum.

II. AS TO THE LIBRARY :

1. The Library is open to Graduate members of the University on the same days and hours as the Sculpture Galleries.

2. The Director is authorized to grant permission to use the Library for purposes of Archaeological study to Undergraduates on the recommendation of their College Tutor, and to other persons at his discretion.

3. No books shall be taken out of the building without a written order from the Director. The Director may at his discretion allow books to be taken out

(1) For a period not exceeding twenty-four hours when they are required in Cambridge for the illustration of lectures or for comparison with objects which cannot be conveniently brought to the Museum.

(2) From not earlier than half an hour before the Library is closed on any day to not later than half an hour after the Library is opened on the next occasion.

4. The titles of all books removed from the building, and the names of the persons borrowing them shall be entered in a book kept for the purpose.

MUSEUM OF GENERAL AND LOCAL ARCHAEOLOGY.

THIS Museum, which occupies the Eastern and Southern portions of the building, consists of four Galleries (E, F, G, H), and a room for the Curator, together with a portion of the basement.

The nucleus of this Museum is the 'Cambridge Antiquarian Museum and Library,' which consists of the collections formed by the Cambridge Antiquarian Society since its foundation in 1840. During this period a large number of specimens of local antiquities were brought together, including more than one collection of intrinsic value and importance relating to the district of which Cambridge may be looked upon as the centre. The Society never possessed any local habitation of its own, and its collections were long housed in one or other of the University buildings; but when the proposal for a University Museum of Archaeology took definite form, the Society offered to present the whole of its collections and library to the University, if only they could be adequately housed and cared for. This arrangement was carried into effect when the present building was completed; and the principal collections of the Society occupy the Eastern Gallery next to the entrance. Two important ethnological collections formed in Fiji, the one by the Hon. Sir Arthur H. Gordon, G.C.M.G. M.A. of Trinity College, the other by A. P. Maudslay, Esq., M.A. of Trinity Hall, have been presented by them since the opening of the Museum and represent the side of General Archaeology. To these have been added the casts of some very remarkable sculptures from Central America, the result of Mr Maudslay's explorations in that country, which were aided by a grant from the University.

The management of this Museum is entrusted by Grace to the Antiquarian Committee. This body consists of the Director of the Fitzwilliam Museum, two members of the Fitzwilliam Museum Syndicate appointed by the Syndicate, the President of the Cambridge Antiquarian Society, and two members of the Council of the Cambridge Antiquarian Society appointed by the Council of that body, every member of the Committee keeping his place on the Committee so long only as he holds the qualification in virtue of which he has been appointed. They are bound to meet at least once a term and to present an annual Report to the Senate. There is as yet no maintenance fund assigned for the support of this Museum.

The Curator, to whom the care of the Museum is entrusted, is appointed by the Antiquarian Committee, with the consent of the Vice-Chancellor, and acts as Secretary to the Committee.

The Museum is open, as a general rule, from ten till five.

Curator.

Baron Anatole von Hügel.

THE CAMBRIDGE OBSERVATORY

WAS erected in 1822-4, after the designs of Mr J. C. Mead, of London, at an expense of upwards of £18,000. About £6000 of this sum was contributed by subscriptions, and the remainder was granted from the public chest of the University.

There is a very fine Transit Circle by Simms. The object glass of the telescope is an excellent one, by Cooke, of 8 inches aperture. There are two divided circles of 3 feet in diameter, each of them being read off by means of four micrometer microscopes.

This instrument was procured by means of a grant from the Special Sheepshanks Fund mentioned below.

The other principal Instruments in the Observatory are a Mural Circle of 8 feet diameter by Troughton and Simms, which was graduated on its pier; and an Equatoreal of 5 feet focal length with Declination Circle of 3 feet diameter, and Hour

Circle of 2 feet Diameter, by Jones. The Transit Clock is by Hardy. There are also two other clocks, one by Molyneux and Cope, and one by Graham, with several smaller instruments, of which some have been purchased by the Plumian Professors according to the regulations of their foundation, and others have been bought by the University, or have been presented to the Observatory by individuals.

In 1835, a magnificent telescope, of nearly twelve inches aperture and twenty feet focal length, made by M. Cauchoux of Paris, was presented to the Observatory by his Grace the Duke of Northumberland, Chancellor of the University, who at the same time intimated his wish to be allowed to present it in a complete working state. A building was accordingly erected near the Observatory, with a revolving dome, twenty-seven feet in diameter, and the equatoreal mounting of the telescope was completed under the superintendence of G. B. Airy, Esq., then Plumian Professor.

In December 1858, the Representatives of the late Rev. Richard Sheepshanks, M.A. fellow of Trinity College, gave £10,000 stock, 3 per cent. Consols, for the promotion of the science of Astronomy in the University.

The annual proceeds of one-sixth part of this stock are to be applied every year to the maintenance of "The Sheepshanks Astronomical Exhibition," and the annual proceeds of the remaining five-sixths are to be applied to the following purposes, viz. :

To the causing to be made the best possible observations and calculations for advancing the science of Astronomy (whether Physical or Gravitational or Mensurative), or the sciences of Terrestrial Magnetism and Meteorology, or other sciences usually pursued continuously in an Observatory; or to the erection of Buildings or procuring of Instruments proper for, and appropriated to, those Observations; or to the payment of actual observers and actual computers personally employed on the Observations and Calculations.

The entire endowment is invested in the names of Trustees, who are the Master, Fellows and Scholars of Trinity College, together with Sir G. B. Airy, Astronomer Royal; but the immediate expenditure of the sums annually available for the purposes above mentioned is intrusted to the Observatory Syndicate.

In March, 1863, a further sum of £2000 was transferred to the University by Miss Sheepshanks to be employed for the benefit of the Observatory, with special preference for its employment in the purchase of one or more large instruments or classes of instruments, if such should be required.

By Grace of Nov. 27, 1862, it was ordered:—

That the Observatory Syndicate consist of the Vice-Chan-

cellor, the Lucasian, the Plumian and the Lowndean Professors, and six other Members of the Senate to be elected by Grace.

That of these six Members two retire by rotation on the 12th¹ Nov. in every year, and that their places be supplied by two other persons elected at the next ensuing Congregation.

That the Syndicate be empowered to order new Instruments for the Observatory, to direct the requisite repairs of the buildings, and audit the accounts.

That the Syndicate meet at the Observatory once at least in every Term, and annually, in the month of May, inspect all the Instruments, &c. belonging to the Observatory, and afterwards make a Report to the Senate as well of the state of the Observatory as of the proceedings of the previous year.

By Grace of the Senate, May 2, 1831, the present Lowndean Professor (Prof. Adams, under whose superintendence the Observatory is placed) is authorised to appoint, with the consent of the Vice-Chancellor, one or two Assistant Observers, as he may see necessary: they or either of them to be removable from the office by the authority of the Professor with the consent of the Vice-Chancellor: and their annual salaries are to be determined by Graces of the Senate, and to be paid out of the common chest.

The volumes of Observations made in the years 1828—1865 have been published (the expense of which was defrayed by the Press Syndicate), and copies have been distributed to the principal Observatories and Academies in Europe, as well as to several private Observers.

The Observatory is open to members of the University and their friends every day (except Sunday), between half-past Twelve and half-past One. No stranger is admitted except in company with a Member of the University.

Second Assistant—H. Todd.

THE GEOLOGICAL MUSEUM.

THE original collection in the Geological Museum consisted exclusively of those specimens, English and Foreign, which are described in Dr Woodward's Catalogues, printed in 1728-9. The English Fossils were bequeathed by him to the University; and by a Grace of the Senate, dated Feb. 26, 1729, the Vice-Chancellor was empowered to purchase of his heirs, for a sum not exceeding £1000, the Foreign Fossils described in the above-mentioned catalogues.

The collection is now deposited in the north-eastern closet of the Museum, under the new wing of the Public Library. It not merely possesses a great historical value, as representing the con-

dition of a progressive science during the latter half of the 17th century; but it contains such a large series of organic remains, with the locality of each specimen carefully recorded, that it offers, even now, many important illustrations of the secondary and tertiary formations. Out of respect to the Founder it has been preserved nearly in its original state, unmixed with the more recent additions to the Museum.

Professor Green added a few valuable organic remains to the Woodwardian cabinets: and Professor Hailstone formed a distinct collection of simple minerals, and other specimens illustrative of the physical structure of the British Isles and of some portions of the Continent. In this labour he was assisted by the munificence of various friends of the University.

During fifty-two years continual additions were made to the collection; partly by the personal labours and munificence of Professor Sedgwick; partly by contributions from Cambridge Graduates and Undergraduates: partly by the purchase of specimens from time to time out of the old Woodwardian surplus fund; and, since the promulgation of the new Statutes, by special grants from the Senate. By such means a collection has been formed illustrating the natural history of the British rocks, from the newest to the lowest fossiliferous strata, and containing also many thousand rock-specimens collected by Professor Sedgwick from the various formations of the British Isles. Among the foreign collections may be specified, (1) A miscellaneous series of many thousand fossils, purchased (in 1840) of Count Münster; (2) A good series of organic remains from the Muschelkalk; (3) A series of specimens, illustrating the tertiary geology of France, partly collected, and partly purchased, by Professor Sedgwick.

All the palæontological collections added to the Museum during forty-four years previous to 1855 were arranged and classified by Professor McCoy, and his catalogue of the Palæozoic fossils was published, with an introductory Essay by Professor Sedgwick.

A Catalogue of the Fossils of the older Palæozoic strata was prepared by the late J. W. Salter, with a Preface by the late Professor Sedgwick, the last work which proceeded from his pen.

Many later additions have been made which have been recorded in the annual reports.

THE MUSEUMS AND LECTURE-ROOMS.

THESE buildings occupy about three-fifths of the old Botanic Garden. They form three sides of a square, so placed as to leave space for a building in front of them, towards Pembroke street, while on the north side the square may be completed by the

addition of a fourth side. By the construction of these Museums, and by alterations in the old Anatomical School, the Professors of all the Natural Sciences (except Geology) are provided with a connected series of Museums and Lecture Rooms. These have been further increased by a range of workrooms in three floors, commenced in 1877, which extend from the Lecture Room of Comparative Anatomy to Corn Exchange Street, and by a Morphological Laboratory, constructed in 1882 above the rooms assigned to the Astronomical and Mathematical Professors on the south side of the quadrangle. An additional Laboratory for Morphology was constructed in 1884 above the Museum of Mineralogy; together with some rooms for the teaching of Physiological Botany. The old building contains the collections in Human Anatomy, normal and pathological, with the dissecting-rooms for medical students, and the Chemical Laboratory, which is shared by the Professor of Chemistry and the Jacksonian Professor; the new one accommodates the Professors of Anatomy, Zoology and Comparative Anatomy, Botany, Mineralogy, Physiology, and the Lecturer in Animal Morphology (Mr Sedgwick). Besides these the Lucasian, Plumian, and Lowndean Professors have Lecture Rooms assigned to them, and the Professor of Mechanism has workshops in the space between the west wing of the Museums and Free School Lane.

I. THE MUSEUM OF ZOOLOGY AND COMPARATIVE ANATOMY.

THE Collections belonging to this department are placed in the building which forms the east side of the Square. Fish, Reptiles, and Mammals are arranged on the ground floor, Birds in the large room above the Lecture-Room now termed "The Bird Room," Invertebrates in the south gallery, and Physiological preparations in the north and east galleries.

The skeletons of Fish are exhibited in the wall-case and table-case on the right of the entrance, with specimens in spirit on shelves adjoining: the Reptiles are in the next compartment: and the Mammals nearly fill the rest of the Museum. The large skeletons are arranged on each side of the room, while the smaller specimens are in the wall-cases and the detached cases at the north and south ends of the building. The collection was commenced by Sir Busick Harwood, Professor of Anatomy from 1785 to 1814; and some specimens were added by purchase from the Museums of Mr Brookes and Dr Macartney of Dublin. But it owes its present development mainly to the exertions of Professor Clark, who held the office from 1817 to 1866. This portion of the collection has since been gradually increased by donation and purchase, and promises to be one of the most complete in this country.

The Ornithological Collections contain the collection of British Birds presented by the Cambridge Philosophical Society to the

University in 1865; the Swainson collection of birds purchased by subscription in 1840; the collection presented by F. B. Goodacre, M.D. St John's, in 1863; the Strickland collection presented by the widow of the late H. E. Strickland, Esq., M.A., F.R.S., in 1867; the Selby collection deposited in 1869 by the trustees of the late P. J. Selby, Esq.; and the Hepburn collection, presented in 1870 by the devisees of the late James Hepburn, Esq., of San Francisco.

On the 26th February, 1874, the Senate accepted the offer of Miss Frances Strickland, of Apperley Court, to found a Curatorship endowed with a permanent stipend of £150 per annum. The chief duties of the 'STRICKLAND CURATOR' are the proper custody and accurate cataloguing of the Strickland and other Ornithological collections belonging to the University.

1883 Dr Hans Gadow.

The Physiological collection originated in a small number of choice preparations which were presented to the University by Mr Lawrence. Subsequently, the Museum of Sir Busick Harwood, Professor of Anatomy from 1785 to 1814, was purchased after his death for £367. 10s. in 1815: a considerable number of specimens were acquired at the sale of Mr Brookes' Museum: a series of models in wax was executed under the direction of Professor Clark at Florence and Bologna in 1819: and in the year 1836, the valuable collection of Dr Macartney, Professor of Anatomy in Trinity College, Dublin, was purchased by the University. It has since been thoroughly re-arranged according to the system of Hunter, as developed in the Museum of the College of Surgeons of London, and increased by the collection of Professor Schröder van der Kolk of Utrecht, presented by Professor Humphry. The series is under constant revision, and additions are made to it every year as opportunities occur.

A collection of Invertebrata has been gradually formed. It consists in part of the collection formed in England and abroad by the late Mr Lucas Barrett: of a series purchased from the Copenhagen Museum: of the cabinet of shells belonging to the late Mr S. P. Woodward, purchased by subscription in 1867: and has since been largely increased year by year through the connexion which has fortunately been established between the University and Dr Dohrn's Zoological Station at Naples. An educational series has been selected from the above collections, partly in spirit and partly dry, with illustrative dissections, of which a special Catalogue has been prepared under the direction of the Superintendent by the Demonstrator of Comparative Anatomy, and printed by the Syndics of the Press. The magnificent collection of Shells, with a valuable Conchological library, bequeathed to the University, in 1873, by the late Robert MacAndrew, Esq., F.R.S., is at present placed in the West Gallery of the Museum of Comparative Anatomy. The whole had been

carefully arranged and catalogued by Mr MacAndrew himself, so that naturalists can readily avail themselves of it.

The collection of British Insects is extremely good. It has been formed by the union of the old collections belonging to the Philosophical Society, the Selby collection, the Brown collection--(made by Messrs J. and T. Brown of King's Parade)—and the collection of Coleoptera and Diptera made by the late G. R. Crotch, M.A. of St John's College. The whole has recently been arranged and determined. The Museum also possesses Mr Crotch's collections of Coccinellidæ and Erotilidæ.

A descriptive Catalogue of the entire Museum has been prepared: of which the Osteological portion was printed in the course of the summer of 1862. That of the Physiological collection remains for the present in manuscript.

This Museum, in common with the other Museums of Natural Science, is under the control of the 'Museums and Lecture-Rooms' Syndicate, and managed by a Superintendent. The appointment was originally for five years, but by Grace 14 June, 1883, the appointment was continued to the present holder of the office without a fresh election.

John Willis Clark, M.A. Trinity.

A Demonstrator of Comparative Anatomy was appointed in 1873, by whom instruction is given to students. The appointment is made by the Professor of Zoology and Comparative Anatomy, with the consent of the Vice-Chancellor.

A Curator in Zoology was appointed in 1877. His duties are assigned to him by the Superintendent. The appointment is made in the same way as that of the Demonstrator.

The fish in spirit, among which are the very interesting collections formed by Charles Darwin, Esq., M.A., F.R.S., of Christ's College, during the voyage round the world of H.M.S. 'Beagle,' and by the Rev. R. T. Lowe, M.A. of Christ's College, in Madeira, have been placed for the present in presses in the Gallery constructed in 1877 round the room in which the Ornithological collections are placed for the present.

The use of the Library of the Cambridge Philosophical Society was offered to the University in 1881; and the conditions suggested by the Society having been accepted by the Senate (2 June, 1881), the books were transferred to the large room on the ground floor of the central building, with the view of commencing a general Scientific Library. The number of books has already been largely increased by donations; and the Library thus formed is found to be of great service to the Professors and others who work in the New Museums. It is open daily from nine to one, and from two to six.

II. THE BOTANICAL MUSEUM AND HERBARIUM.

The Herbarium was commenced by Professor John Martyn more than a hundred and fifty years since. When Professor Henslow

was appointed to the chair of Botany in 1825, he found nearly the whole of Martyn's collection gone hopelessly to decay. Professor J. Martyn also made a valuable donation of books to this Museum. These and many other books which have been recently acquired are carefully preserved and made available for use.

The Herbarium is exceedingly valuable and extensive. Very large additions are constantly being made to it. It includes selected sets of the plants gathered by nearly all of the recent botanical travellers and the whole herbarium of the late C. M. Lemann, M.D. Also nearly the whole of the valuable herbarium of the late Dr Lindley. The fine collection of Algæ formed by the late Dr and Mrs J. E. Gray has been given to the Herbarium by them. The Herbarium of the late celebrated Rubologist, Mons. Gaston Genevier of Nantes, has been recently added to these collections. Professor Babington's extensive Herbarium is in this Museum. The whole, as far as their state of arrangement will allow, are open to the use of botanists under the inspection of the Professor or his Assistant.

There is also a collection of cones, specimens of woods, and preparations illustrative of subjects treated of in the Professor's Lectures.

Assistant Curator of Herbarium—M. C. Potter, M.A., Pet.

III. THE MINERALOGICAL MUSEUM.

The formation of the Collection commenced with the minerals collected by the late Dr Edward Daniel Clarke during his travels, which were purchased by the University after his death for the sum of £1500. A very extensive and complete collection of minerals well suited for the purposes of instruction was afterwards presented by Dr Whewell. Many rare and fine minerals have at different times been given by the late Marquis of Northampton, the Rev. C. Francis, G. W. Hallam, Esq., J. Hibbert, Esq., Mrs Calverley, Mrs Peacock, Miss Whitehurst, W. Hopkins, Esq., J. W. Clark, Esq. and others. In 1858, H. W. Elphinstone, Esq., M.A. of Trinity College, presented the collection of the late Henry Warburton, Esq., M.A., F.R.S., which includes the minerals formerly in the possession of Dr W. H. Wollaston. In 1860, the collection of the late Dr James Forbes Young was presented by his brothers, Sir Charles George Young and H. Young, Esq. In 1866 a collection containing many choice minerals was presented by Lord Lilford. A valuable series of specimens of gold, collected by the late J. Hepburn, Esq., was placed in the Museum in 1870.

In 1841, Viscount Alford gave the University the rich collection of minerals, including a valuable collection of diamonds, formed by the late Sir Abraham Hume, Bart.

In 1857, Charles Brooke, Esq. M.A., F.R.S., of St John's College, presented the collection of minerals, in many respects unrivalled,

made by his late father Henry James Brooke, Esq. F.R.S., on condition that it be maintained entire as the Brooke collection.

The greater part of the mineralogical collection is contained in two rooms on the first floor of the west wing of the building. The simple minerals are arranged in table cases covered with glass, similar to the cases in use in the *École des Mines* of Paris and the Polytechnic School of Turin, the reception of duplicates and of minerals required for the illustration of lectures being provided for in two tiers of drawers placed underneath. The collection was arranged by the late Prof. Miller according to the classification proposed by Gustav Rose in his *Krystallochemische Mineralsystem*, which has the merit of bringing into juxtaposition those mineral species which most nearly resemble one another.

The lecture-room, which contains a student's cabinet, is at the north end of the wing. This opens on the west into the Professor's private rooms, where original researches can be carried on. The west windows of these rooms are provided with platforms for supporting the Heliostat used in the determination of the geometrical and optical characters of minerals. A similar window with its platform on the east side allows a beam of sunlight to be thrown in the opposite direction through the lecture-room and the south private room, so that observations can be made whenever the sun shines. The other private rooms are used, the one for general purposes, and the other as a chemical laboratory.

The Museum is open daily between the hours of 10 A.M. and 4 P.M.

IV. THE MUSEUM OF MECHANISM AND WORKSHOPS OF THE PROFESSOR.

The Professor of Mechanism and Applied Mechanics is provided with a temporary Museum and lecture-room, in the western wing of the Museums. Adjoining it are two rooms where the models of machinery that he uses in his lectures are deposited. There is also a series of workshops in close proximity consisting of fitting and turning, instrument making, pattern making and carpenter's shops, and a smithy and foundry. These are fitted with numerous lathes and vices, shaping, planing, slotting, and drilling machines, and all the appliances necessary for teaching pupils and for making instruments and machinery. There is also a drawing office furnished with the necessary appliances for Mechanical drawing and designing.

V. THE OPTICAL AND ASTRONOMICAL LECTURE-ROOM.

This is placed at the south-west corner of the upper floor of the Museums. It has a western and a southern outward wall, in each of which is a window especially formed for the reception and management of a Heliostat. The one in the west wall

corresponds to an opening through the tiers of seats, by which the Solar ray may be directed upon a screen facing the audience.

The lecture-room of the Lucasian Professor is also assigned to the Plumian and Lowndean Professors of Astronomy.

There is also a flat area on the top of the lecture-room towers, on which Astronomical instruments deposited in an adjoining room can be temporarily mounted for the practice of students in observation.

Resident Attendant—T. M. Robinson.

VI. THE CHEMICAL LABORATORY.

Under the same roof with the old Anatomical School are the chemical lecture-room and laboratories. The latter are arranged on two floors, the upper floor containing a large well-lighted laboratory with suitable fittings, sufficiently commodious to allow of 40 students working there at one time. Adjoining this room is a smaller one for the more advanced students, and a balance-room. Below is the Professor's laboratory, a storeroom, intended to serve also as a museum of chemical preparations, and a room in which metallurgical operations can be performed. Adjoining the lecture-room are rooms for preparing experiments for lecture, store and balance-rooms. The student's laboratory is open daily from 10 A.M. till 6 P.M., under the supervision of the Professor of Chemistry, for the use of any members of the University who may desire to acquire a knowledge of chemical manipulation or to pursue original researches. The Jacksonian Professor has two rooms temporarily assigned to his use for laboratories in the adjoining building containing the laboratories for physiology and comparative anatomy. These rooms are available for investigation in organic chemistry and other researches under the control of the Professors by such as are competent to undertake them.

Balances, large apparatus, bottles for reagents, and generally such things as can be used by the students in common are provided; but such small apparatus as each student must have for his exclusive use he is required to provide for himself.

A fee of £3s. 3s. a term is charged to students using the Laboratory.

Assistant to the Professor of Chemistry—H. Robinson, M.A.

Assistant to the Jacksonian Professor—S. Ruhemann, Ph.D. Berlin.

VII. THE OLD ANATOMICAL SCHOOL.

This is now exclusively devoted to Human Anatomy. In this building Demonstrations are given and Dissection is carried on; the Professor's Lectures are given at present in the Comparative Anatomy Lecture Room.

The Museum contains a large and increasing collection of

specimens of Human Anatomy and a good Pathological collection. On the ground floor the cabinets are devoted to Osteology. There is a large and increasing collection of skulls of the different races of mankind, including the Thurnam collection of British Crania.

There is a small lecture-room with a private room for the Professor and the Demonstrator, and dissecting-rooms, with good opportunities for pursuing the study of Practical Anatomy. A large room is fitted up with teaching specimens, bones, dissections and models, and is open daily during term and vacation for the purpose of study.

Demonstrator of Anatomy—A. Hill, M.A. Downing.

VIII. THE CAVENDISH LABORATORY.

This Laboratory, in which every facility is furnished for the prosecution of physical research, is the munificent gift of WILLIAM CAVENDISH, Duke of DEVONSHIRE, K.G. Chancellor of the University.

The building was erected from the designs of W. M. Fawcett, M.A., of Jesus College, at an expense of about £10,000.

The ground floor contains a set of rooms for operations requiring great steadiness, such as exact measurements. A store-room, a workshop, and a battery-room are also provided on the ground-floor.

The first floor contains a spacious lecture-room with a preparation-room, a large apparatus-room, a private room for the professor, and a large working laboratory, fitted with tables standing on beams of their own, so as to be independent of the vibrations of the floor. All the tables in the building are supported in the same way, and there are in every floor small trap-doors by means of which bodies may be suspended over the tables in the room beneath and through which electric and other communications may be made.

The Laboratory is open daily from 10 A.M. till 6 P.M., under the superintendence of the Professor of Experimental Physics, for the use of any members of the University who may desire to acquire a knowledge of experimental methods, and to take part in physical researches.

Experimental lectures upon Mechanics, Heat, Sound, Electricity and Magnetism, are given daily during Term, under the direction of the Professor of Experimental Physics, and are open to all members of the University.

Resident Attendant—D. S. Sinclair.

THE SELWYN DIVINITY SCHOOL.

The original Divinity School, probably the oldest University building, was on the north side of the 'Schools Quadrangle,' under the present Catalogue-Room of the University Library. This School was incorporated in the Library in accordance with a report of the Library Syndicate in the year 1856. In the same year William Selwyn, D.D., of St John's College, Lady Margaret's Professor of Divinity, set apart £700 a year from the income of his chair as an augmentation of the stipend of the Norrisian Professor, proposing at the same time, if the Norrisian Professorship should meanwhile become vacant, to continue the same contribution during his tenure of his office for the furtherance of the theological studies in such way as might seem best.

In accordance with this provision a Trust was formed in the year 1864 to receive and administer the sums so set apart with a view to building a Divinity School; and shortly before Prof. Selwyn's death, on April 24, 1875, when the accumulated Fund amounted to nearly £10,000, a Syndicate was appointed (Dec. 3, 1874) to consider the best site for such a building. In accordance with their report, a site opposite St John's College was purchased by the University for £3750 (Grace of May 27, 1875). On Nov. 2, 1876, designs prepared by Mr Basil Champneys, M.A. of Trinity College, for the Divinity School and Literary Lecture Rooms adjoining it, in "English Gothic of the early part of the sixteenth century," were approved by the Senate, and the Divinity School was occupied on Oct. 24, 1879. The entire cost of the Divinity School, including fittings and furniture, amounted to a little more than £11,000, of which about £10,700 was provided by Dr Selwyn's gift.

The Divinity School contains a large Lecture Room, capable of holding about 300 students, a small Lecture Room, a Library, and four rooms for the Professors.

ST PETER'S COLLEGE.

(FOUNDED 1257.¹)

Copies of the Statutes in the British Museum; Old Statutes MSS. HARLEY, No. 7032, p. 187. *New*,—No. 7046, p. 132 (Printed in "Documents relating to the University and Colleges of Cambridge," Vol. II. pp. 6—116). *The Statutes as approved by the Queen in Council 29th June, 1882, are printed in the London Gazette.*

THIS most ancient College or House was founded by HUGH DE BALSHAM, Bishop of Ely, for a Master and fourteen Fellows.

According to the Statutes of 1882, the foundation consists of a Master, eleven Fellows at the least, and twenty-three Scholars at the least.

The Master, who is elected by the Fellows, must be a Master of Arts, or of some equal or superior degree in the University of Cambridge or Oxford.

The Fellows are required to be Graduates of the College, or, if the Society think fit, they may be elected from among the other Graduates of Cambridge or Oxford. One of the Fellowships is entitled a Professorial Fellowship, and can be held only by a Professor of the University. Fellowships are tenable for six years, unless in the following cases: any Fellow who becomes either the Head or a Fellow of another College immediately vacates his Fellowship in this College: any Fellow who has been presented by the College to any Benefice of the clear annual value of £400 or upwards shall vacate his Fellowship one year after presentation: any Fellow who serves the College in one of the privileged offices of Tutor, Assistant Tutor, Senior Bursar or Dean, and has been a privileged Officer for at least two years retains his Fellowship for six years, independently of the time he has been a privileged officer, and if he holds such an office for twenty years, he retains the Fellowship for life: any Fellow who holds a Professorship in the University or who holds the office of Public Orator, or Registrary, or University Librarian retains his Fellowship notwithstanding the expiration of six years, while he holds such University office. A Fellow may, with

¹ The date of the Charter is A.D. 1284.

consent of the College, resign the pecuniary emoluments of his Fellowship, and, retaining all its other privileges, become a Supernumerary Fellow: in this case the College proceeds to the election of a new Fellow. The College has also power to elect as Fellows men eminent for Science or Learning, whether Graduates of Cambridge or Oxford, or not. They may also elect any member of the College, whom they think it desirable so to distinguish, to be an Honorary Fellow.

The following scheme for the foundation of open Scholarships is embodied in the Statutes of 1882, and will gradually come into operation. It is directed that the Scholarships and Bye-fellowships of the College shall be consolidated and form a common fund to be called the Open Scholarship Fund, out of which there shall be founded:—

	£		
Twelve open Scholarships of 60 per annum each, at least.			
Six ditto	40	ditto	ditto
Five ditto	20	ditto	ditto

At present (June 1886) there have been founded 22 Scholarships.

	£	
Two Hale Scholarships of 80 per annum.		
Two Parke	80
Six Hale	60
Two Parke	60
One Gisborne	60
One Carter	60
One Whitgift and Perne...	50
Two Gisborne.....	40
One Cosin	40
One North and Woodward	40
Two Gisborne	20
One Ramsey	20

Scholars are elected from among Residents and non-Residents. Foundation Scholarships are adjudged to Residents (irrespective of age) according to the results of the various Annual College and University Examinations, for proficiency in Mathematics, Classics, Natural Science, Moral Science, Theology, Law and History. These are tenable until the holder is of standing to take the degree of B.A. Entrance Scholarships are adjudged after competition amongst candidates who have not commenced residence in the University, and who must not be upwards of 19 years of age at the time of the Examination, which takes place after due notice having been given.

In case of special merit the Master and Fellows have power to prolong the tenure of such scholarships; also to promote from one to another, or to confer upon a Scholar a second scholarship in consideration of distinguished merit.

The Master and Fellows have also power to apply a certain part of the Open Scholarship Fund in donations to deserving Students, whether Scholars or not.

There is an Exhibition from the Company of Clothworkers, and one from the Company of Ironmongers. To the Miller Exhibition the Master and Fellows elect some person educated at Huntingdon Free Grammar School if any such duly qualified person present himself: if not, any otherwise duly qualified person may be elected.

Prizes are awarded to those who are most successful in the various subjects of the Annual Examinations. A Prize is also given annually for an Examination in Butler's Analogy, Part I.

CLARE COLLEGE.

(FOUNDED 1326.)

THIS very ancient College, founded by Lady ELIZABETH, sister and co-heir of GILBERT, Earl of CLARE, at present consists of a Master, eight Senior, and seven Junior Fellows, besides Scholars, and Students. The Fellowships are perfectly open to Bachelors of Arts, or persons of a higher degree, without restriction as to marriage. A Fellowship becomes vacant in five years and eleven months from the time of election, unless the Fellow hold the office of Professor, Public Orator, Registrary, or Librarian in the University, or the office of Tutor, Dean, Bursar, or Lecturer in the College. One of the Fellowships must be a Professorial Fellowship: and one may be held by a person not a member of the University of Cambridge or the University of Oxford at the time of his election. For the remaining Fellowships, none but Graduates of the University of Cambridge or the University of Oxford are eligible. The electors to the vacant Fellowships are the Master, Senior and Junior Fellows: and in case there be an equal division, the Master has the casting vote. The Master is elected by the above mentioned Fellows within thirty days after a vacancy is declared. If the vacancy occur out of Term time, the thirty days are reckoned from the first day of the Term next ensuing.

The Junior Fellowships were originally ten in number founded by different benefactors (*viz.* three by Lord Exeter in 1612, two by John Freeman, Esq. in 1622, four from the estates bequeathed to the college by Joseph Diggons, Esq. in 1658, and one in pursuance of the will of the Rev. Thomas Henry Coles, D.D., of Honington, near Grantham, in 1870). The Junior Fellows now enjoy an equal share of the general revenues of the College with the Seniors, and have in general the same privileges.

There is also an annual examination about the division of the Easter Term, when prizes in books, bearing the college arms, are given to all such as may be thought deserving.

PEMBROKE COLLEGE.

(FOUNDED 1347.)

THIS College was founded under the name of VALENCE-MARY, by Mary de St Paul, the widow of Aymer de Valence, Earl of Pembroke; and King Henry VI. was so liberal a benefactor to it, as to obtain the name of a second Founder.

There are *thirteen* Foundation Fellowships open to persons of every *nation*, and unrestricted as to counties.

Although there may be no Fellowship vacant, yet a candidate is never considered as superannuated.

There are at present *twenty-nine* Foundation Scholarships.

Three, of £80 a year, named after Mr Beatson.

Six, of £60 a year, on the original Foundation

Two, of £60 a year, founded by Dr Watts.

One, of £60 a year, and *two*, of £40 a year, founded by Archbishop Grindal.

Three, of £40 a year, founded by Sergeant Moses.

Three, of £40 a year, founded by Mr Parkin.

Six, of £20 a year, founded respectively by Mr Smart, Mr Scrivener, Mr James, Bishop Lany, Dr Mapletoft, and Dr Stuart.

Three of £20 a year, founded out of accumulations of the Scholarship Fund.

Besides the Foundation Scholarships, which are perfectly open, there is also *one*, founded by Mr Parkin, of the yearly value of £60, for a Scholar coming to the College from the Free School of Bowes in Yorkshire, and having previously been two years at least at that School. When there is no properly qualified Candidate from the School, this Scholarship is at the free disposal of the Master of the College.

There is also *one* Exhibition, of the yearly value of £70, founded by Mr John Holmes, for a Scholar educated at Blackrode School in Lancashire. This Exhibition is given by the Governors of the School, and the Scholar who holds it also receives from the College an additional Exhibition, the gift of Mr Warren, formerly a Blackrode Scholar, of the yearly value of £5.

There is an annual Examination after the division of the Easter Term in Mathematics, Classics, Theology, and Natural Sciences, when prizes in books are given to the best proficient in each year.

Prizes of books are also given annually to the authors of the best Compositions in Latin Verse and Prose, and of the best English Essay.

A prize is also given to the best reader in Chapel, whose general good conduct has gained the approbation of the College.

The sum of £30 is also given annually in one or more prizes for proficiency in the Hebrew and Greek Scriptures. Undergraduates or Bachelors of not more than three years' standing may compete for these Prizes at the annual College Examination

GONVILLE AND CAIUS COLLEGE.

(FOUNDED 1348.)

THIS College, originally styled **Gonville Hall**, was founded in 1348, by **EDMUND GONVILLE**, son of Sir Nicholas Gonville, rector of Terrington, in Norfolk, and endowed for a Master and three Fellows. The original site was between Free-School Lane and the churchyard of St Botolph's.

The name of the College and its situation were both changed by **WILLIAM BATEMAN**, Bishop of Norwich, whom Gonville had appointed to be his executor. In 1353, Bateman established the College where the Gonville Court at present stands; and previously to this removal he had changed Gonville's statutes for statutes of his own, and altered the name to the "Hall of the Annunciation of Blessed Mary the Virgin." Thus, and by certain endowments, he made himself a **SECOND FOUNDER**.

The revenues were afterwards increased by various Benefactors.

In 1558, **JOHN CAIUS, M.D.**, the **THIRD FOUNDER**, obtained the Royal Charter by which the former Foundations were all confirmed, and his own foundation was established. By this charter the College was thenceforward to be called **GONVILLE and CAIUS College**.

By the revised Statutes made under the provisions of the Oxford and Cambridge Universities Act, 1877, and amended June 24, 1885, the College is to consist of a Master, twenty-two Fellows, and such number of Scholars as the Governing Body may from time to time determine.

FELLOWSHIPS.

The government of the College is in the hands of the Master and twelve Fellows.

The Fellows of the College are to be chosen from Graduates of the College, or, if the Master and Seniors shall at any time think fit, of the Universities of Cambridge or Oxford, who have distinguished themselves in the Studies of the University, or in some department of science, learning, or art.

The Fellowships are not vacated by marriage, but terminate in general at the end of six years from the time of election. They may however be retained if the Fellow at the end of that time be holding certain University or College Offices: or shall have held some one or more of such Offices during the space of fifteen years; or shall have been permitted by a special vote of the Governing Body to retain his Fellowship on account of his literary or scientific reputation or labours.

SCHOLARSHIPS AND EXHIBITIONS.

The Scholarships are of two kinds. (1) *Entrance Scholarships* (of values varying from £40 to £80). These are competed for before admission to the College, and are open only to persons under 19 years of age. The subjects of examination are generally Classics, Mathematics and Natural Science. (2) *Foundation Scholarships*. These are awarded, on the result of the Annual College examinations, to persons already in residence and without restriction of age. They are given for proficiency in any branch of study recognised in the Tripos Examinations of the University. The annual value ranges from £40 to £100.

The Scholarships are as a rule tenable until the Scholars are of standing to take the degree of B.A., but in cases of special merit the tenure is prolonged for a year or more.

Exhibitions are given under the same conditions as Scholarships, but for a somewhat lower standard of merit. Donations of smaller sums may be made to students who have acquitted themselves creditably in the examinations.

In addition to the foregoing, two Scholarships of the value of £60 each, and tenable for three years, have very recently been founded by the late Dr Shuttleworth, of Berne. These Scholarships are awarded for proficiency in Botany and Comparative Anatomy (including "Zootomy and Comparative Physiology"), and are open to all registered Medical Students of the University who are of not less than eight terms standing, and have passed the Additional Subjects of the Previous Examination required from Candidates for Honours. The successful Candidates for these Scholarships must remove to this College, if they are not already members of it.

A Chapel-clerkship of about £70 (or two of about £35) tenable for one year is given to a student (or students) at the end of the second year of residence. Candidates must show that they have need of such help and must be recommended by the Tutors to the Governing Body.

An Organist Scholarship of £90 a year has recently been established. The first election was made in the Easter Term of 1886. It is expected that a vacancy will occur every three or four years. The Scholar acts as Organist in the College Chapel and is expected to read for the B.A. and Mus. Bac. Degrees.

TANCRED STUDENTSHIPS.

There are also connected with the College:

FOUR (or more as the funds of the Trust permit) STUDENTSHIPS in Physic, founded by Christopher Tancred, Esq. each of the annual value of £100.

The Candidate who is elected to one of these Studentships is obliged to enter at this College within a month from the time of election; or to remove hither, if he be a member of any other College.

These Students are required to take the degree of Bachelor of Medicine as soon as they are of sufficient standing for the same; and they may hold the Studentship for three years after their degree. Those therefore who are elected previous to admission at any College, can hold them eight years. The electors to these Studentships are the Master of Gonville and Caius College, the Master of Christ's College, the President of the College of Physicians, the Treasurer of Lincoln's Inn, the Master of the Charterhouse, and the Governors of Greenwich and Chelsea Hospitals. The Trustees hold their meetings at Lincoln's Inn, on Wednesday in Whitsun-week, and on the Wednesday after St Martin's day¹.

HARROW SCHOLARSHIPS.

Two (at present Three) SCHOLARSHIPS, founded at Harrow School, A.D. 1830, by John Sayer, M.A., Barrister-at-Law, and formerly a Senior Fellow of the College, of the annual stipend of £52. 10s. The Scholars are elected by the Governors of the School and proceed to this College.

LECTURES.

Besides the regular lectures, instruction is given by the lecturers to smaller classes and to individuals. The Educational Council further provides additional temporary instruction and personal supervision in all branches of study recognised by the University; the object being to do away with the necessity of private tuition in preparation for the various Triposes.

EXAMINATIONS, ANNUAL PRIZES, &c.

Candidates for Honours are examined annually in the subjects of the several Triposes. Scholarships are awarded, in case of sufficient merit, in connexion with each of these subjects; and prizes of £3 (or in special cases of £5) in books are given to every Student who is placed in the First Class.

A prize of £3. 3s. is given annually to that Undergraduate or Bachelor of Arts who exhibits the greatest proficiency in Hebrew. The Examination takes place in the Easter Term. The same Student cannot be prizeman twice.

Prizes of the value of £3 each are given annually for the best discussions of two questions, one of Pure, the other of Mixed

Mathematics; the competitors to be members of the College of not more than twelve terms standing.

Three Composition Prizes of £3 each are annually offered, one for Latin Prose Composition, one for Latin Verse Composition, and one for Greek Verse Composition; the candidates to be of not more than eight complete terms standing.

A prize of £5 is given annually for an Essay on some subject connected with English History or English Literature.

In place of the regulations providing for the annual delivery of the Thruston Speech (on the progress of Medicine from the time of Dr Caius), the following order is now in force:—"The money, about £54 (as money, or in any other form that may be thought best), shall be given triennially to that member of the College who has published in the course of the preceding three years the best original investigation in Physiology including Physiological Chemistry, Pathology, or Practical Medicine; the person to whom the Prize is awarded being required to give an account of the investigation in the form of a lecture (or otherwise as the Governing Body may think best) in the College."

PLATE to the value of £10, the gift in 1774 of Dr Schuldham, is awarded each year to one judged worthy amongst the commencing Bachelors of Arts.

ADMISSION.

All Candidates for admission are required to pass an entrance examination in Classics and Mathematics. There are three ordinary times of Examination, viz. in March, June, and at the end of September. Candidates must satisfy the Tutors that they can profit by the College Lectures, and also that they have a reasonable chance of passing the several University Examinations in due course. Scholars elected prior to entrance, and candidates who have acquitted themselves with merit in the Entrance Scholarship Examination, as well as Holders of Certificates from the Oxford and Cambridge Schools Examination Board, are exempt.

In the case of Medical Students, all of whom at this College are required, as a condition of admission, to be candidates for a Tripos, it is obligatory that they should show some knowledge of Elementary Physics at the Entrance Examination, and they must satisfy the Tutors that they can pass the University Previous Examination with the Additional Subjects, at the beginning of the first term. If in any year the number of applications for admission of Medical Students bears more than a certain proportion to the applications for the admission of other classes of students, the Tutors hold themselves free to make the examination in the case of the former competitive.

1 To this Living the Master may nominate any one of the Senior Fellows.

TRINITY HALL.

(FOUNDED 1350.)

The College Statutes are published among the Parliamentary Papers of 1881.

THIS College was founded by WILLIAM BATEMAN, Bishop of Norwich, in the year 1350. The Founder's words are :

“Volumus quod Collegium Scholarium supradictum vocetur Collegium Scholarium Sanctæ Trinitatis de Norvico, et quod Domus quod inhabitabit dictum Collegium nominetur Aula Sanctæ Trinitatis de Norvico.

The College was further incorporated by an Act of Parliament of the reign of Elizabeth under the name of “The College or Hall of the Holy Trinity in the University of Cambridge.”

The foundation was subsequently augmented by Simon Dalling, Bishop Nykke, Robert Goodknape, Dr Hewke, Dr Hervey, Dr Mowse, Horatio Goodbehere, and other benefactors.

The College continued to be governed by the Statutes of the Founder until the year 1860, when new Statutes were enacted.

These Statutes were repealed in 1882, and the College is now governed by Statutes framed under the authority of the Universities of Oxford and Cambridge Act, 1877.

FELLOWSHIPS.

There are thirteen Foundation Fellowships. All the Fellows have the same stipends and privileges, and they and the Master constitute the Governing Body of the College. Fellowships are tenable for six years from the date of election. The holding of certain College offices or Professorship in the University prolongs the tenure of the Fellowships.

There is one Professorial Fellowship at this College.

A Fellow who has held the office of Tutor or Assistant Tutor for twenty years, or who has held the office of Professor in the University for fifteen years, may be retained in his Fellowship for life by a vote of the majority of the Governing Body.

LAW STUDENTSHIPS.

The study of the Law, for which this College was especially designed by the founder, has been provided for under the Statutes by the establishment of a Law Lectureship and at least three Law Studentships; the latter are tenable for three years, and are of the annual value of £50. They are to be given to graduates of the College in Arts or Law, who intend to prepare themselves for

practice in some branch of the Legal profession. The holders of these Studentships are not required to reside in the University.

SCHOLARSHIPS AND EXHIBITIONS.

A fixed proportion of the divisible revenues of the College is annually to be paid over to the Scholarship Fund. The governing body is empowered to distribute this among the Scholars and Exhibitioners in the way it may think best, but any residue which remains at the end of one year must be applied subsequently to the purposes of the fund, or in rewards and assistance to meritorious students.

The College Scholarships are tenable up to the time of taking the B.A. or LL.B. Degree; they are at present sixteen in number. Two of the Scholarships vacant in 1886 will be of the value of £80 a year, and the rest will vary between £50 and £21 a year. The Scholarships are awarded according to the results of the various College Examinations in Classics, Mathematics, Law, and History. The Scholarships of the largest amount are usually given to Students who have just concluded their first year. Scholarships obtained at one Examination may be augmented on a subsequent occasion.

Two Exhibitions of the value of £80 and others of smaller value have usually been awarded; they are tenable during the first year of residence. An Examination for these Exhibitions is usually held about Easter; it is open to all persons under 19 years of age, who have not commenced residence in the University.

ANNUAL PRIZES.

A prize of £15 was left in 1874 by Mr Jonas Cressingham, who was long a Member of the College, to be offered annually for an English Essay. All Undergraduates of the College may compete. The subject is given out in the Lent Term.

A Prize of about £15 has recently been founded by the present and former pupils of the Rev. H. Latham, for many years a tutor of the College. The prize will be offered annually for proficiency in English Language and Literature.

Prizes are given for the best Exercises in English and Latin Composition to students both of the first and of the second year.

Prizes of £5. 5s. and £3. 3s. are given in Books to those who stand in the first and second places respectively in the College Examination at the end of the first year.

A Prize of £3. 3s. is usually awarded to the most distinguished of the Candidates for Mathematical and Classical Honours both in the second and third years.

An Examination in the subjects of the Law Tripos takes place in the Easter Term, according to the result of which a Prize of £3. 3s. in Books is awarded.

CORPUS CHRISTI COLLEGE.

(FOUNDED 1352.)

THIS College owes its foundation to two Societies which existed in Cambridge in the early part of the fourteenth century, called the Guilds of Corpus Christi and of the Blessed Virgin Mary. These Guilds having, about the year 1350, been united into one under the name of "*Gilda preciosi Corporis Jesu Christi et gloriosæ Virginis Mariæ Matris suæ*," obtained, through the intercession of Henry, Duke of Lancaster, the Alderman of the consolidated Guild, a license from King Edward III, dated Nov. 7, 1352, for founding a College to be called "*Domus Scholarium Corporis Christi et Beatæ Mariæ Virginis*."

The College, at the present time, consists of a Master and twelve Fellows, besides Scholars and other Students.

The Fellowships are open to all the Queen's subjects wherever born.

SCHOLARSHIPS.

The Foundation Scholarships at this College are :

- a.* Of the Old Foundation.
- b.* Of the Foundation (1770) of Dr Matthias Mawson, Bishop of Ely, and formerly Master of the College.
- c.* Of the Foundation (1594) of Roger Manners, third son of Thomas, first Earl of Rutland, and Esquire of the body to Queen Elizabeth.
- d.* Of the Foundation (1693) of Dr John Spencer, Master of the College, and Dean of Ely.
- e.* Of the Foundation (1577) of Sir Nicholas Bacon, Lord Keeper of the Great Seal.

The present scheme for the award of these Scholarships is as follows :

a. Three Scholarships of the Old Foundation, of £30 a year each, are awarded in June of each year, to Students then completing their third Term of residence, if the Candidates are deemed of sufficient merit. They are tenable for two years from election.

b. Of Bp. Mawson's Foundation, two of £60 and one of £40 a year (or their equivalents in total amount) are awarded in June to Students of the same standing as above, and under the same conditions.

Also, two Entrance Scholarships of £60 and one of £40 (or their equivalents), tenable for one or two years, are offered annually for competition for Students who have not commenced residence.

c. Of the Manners Scholarships, *one* is awarded in June, under the same conditions in all respects as the Old Foundation Scholarships; and *two*, tenable for one year, to Students then completing their sixth Term of residence. The annual value of each of the three is £25.

d. The two Spencer Scholarships are bestowed on deserving Students needing assistance, and usually on such as are in their second year of residence. These Scholarships are in the gift of the Master. Their value is £20 a year, with rooms.

e. The Bacon Scholarship (£20 a year with rooms) is awarded every third year, by examination, to a Student in his sixth Term, if any is deemed of sufficient merit.

KING's COLLEGE.

(FOUNDED, 1441.)

THIS College was founded and munificently endowed by KING HENRY VI. for a Provost and seventy Scholars. Every vacancy had to be at once filled up by the admission of a Scholar from the sister foundation of King Henry VI. at Eton.

Under the present Statutes (confirmed 1882), the foundation consists of a Provost, forty-six Fellows (exclusive of Honorary, Additional, and Supernumerary Fellows), and forty-eight Scholars. Four of the Fellowships are to be appropriated to Professors in the University. The remainder are open to all Graduate members of the College whose standing does not exceed six years from the twenty-fifth day of March in the academical year in which they commenced residence in the University.

Twenty-four of the Scholarships are appropriated to Eton College, and twenty-four are open. Of the former, at least four are offered every year for competition as Entrance Scholarships, tenable for four years, and two as Undergraduate Scholarships*. At least six Open Scholarships are offered every year, but the number to be offered as Entrance and Undergraduate Scholarships respectively may vary from time to time*. The holders of Entrance Scholarships as well as other members of the College are eligible to Undergraduate Scholarships. Open Entrance Scholarships are tenable for two years, and may be prolonged for a further period of two years. All Undergraduate Scholarships are tenable till the holder is of six years' standing from March 25 in his first academical year of residence. The emoluments of a Scholarship are £80 a year. Holders of Undergraduate Scholarships have tuition free, and Eton Scholars have also commons during residence and rooms rent free until their first degree.

The proceeds of vacant Scholarships are appropriated to the Exhibition Fund, out of which Exhibitions are awarded upon the results of the Entrance† and Annual College Examinations.

An Entrance Scholarship of the value of at least £70 a year has recently been founded in memory of Laurence Saunders, M.A., formerly Scholar, who suffered in the Marian persecution‡.

From the legacy of Dr Vintner, formerly Fellow, an Exhibition of £70 a year to be awarded for proficiency in Natural Science

* In the Academical year 1886-87 six Eton Scholarships (four Entrance) and six Open Scholarships (two Entrance) will be offered.

† At the Entrance Examination in December, 1886, besides Scholarships, one Price Exhibition, and at least four other Exhibitions varying in

value from 60*l.* to 10*l.* will be offered for competition. One of these Exhibitions will be offered for proficiency in Natural Science.

‡ This Scholarship was awarded to E. M. Todhunter, of Charterhouse School, in the Entrance Examination held in December, 1884.

has been founded. Two Exhibitions, each of the annual value of £50, have been established from the benefactions of Dr Price, and other former members of the College. These Exhibitions are open to all Undergraduates of the College in their first or second year of residence, and to other Candidates under nineteen years of age.

Some peculiar privileges appertain to this College. The Provost has absolute authority within the precincts, and, by special composition between this Society and the University, its Undergraduates are exempt from the power of the Proctors and other University Officers within the limits of the College.

ANNUAL PRIZES.

Dr COOKE (formerly Provost) left £6 to be given annually to such Scholar or Scholars as shall be adjudged to have deserved well by application to their studies and general orderly behaviour. This prize is now given to an Undergraduate in his first year. This year awarded to Reid.

Dr GLYNN, in the year 1800, bequeathed £20 to be equally divided, towards the end of Easter Term, between such two Scholars of the College as have in the course of the year been most distinguished for learning and regularity of conduct: now confined to Undergraduates in their second year. This year awarded to Ford and Gilchrist-Clark.

There are two £5 prizes for Declamations, founded in 1786, by T. James, D.D., formerly Fellow. This year awarded to Ashbee and J. W. Headlam (Æq.); an additional prize of £2 to Holland.

Books to the value of £15 are given annually by the College for the best exercises in Greek and Latin Verse Composition. This year awarded to Hyslop and Ford for Greek Iambics; to Pollock and W. G. Headlam for Latin Hexameters.

Two prizes of £5 each are given annually to the best readers of the Lessons in Chapel. Last year awarded to James and Ford.

A prize, value £5, called the Pawley Divinity prize, is given for proficiency in the annual Divinity Examination. This year awarded to Brooks and Moulton (Æq.).

GEORGE RICHARDS, M.A. (formerly Fellow), bequeathed to the College in the year 1848 the annual sum of £50, "of which sum thirty pounds shall be given annually in his third year to such Scholar who shall have most distinguished himself in his own College and University in Divinity and Classics, and twenty pounds also annually in his third year to such Scholar who shall have excelled and passed the best examination in Mathematics, particular respect being had in both cases to moral and religious conduct." This year adjudged to Brooke, for Divinity and Classics; the prize for Mathematics was not awarded.

MARTIN THACKERAY, M.A., formerly Fellow and Vice-Provost, bequeathed to the College, in 1862, the sum of £1000 in trust to

pay the yearly interest thereof and of the accumulations to the Scholar of the College educated on the foundation of Eton College who shall in the Examination of the year for the Degree of B.A. have taken the highest degree amongst the Wranglers in the Mathematical Tripos.

SIR G. W. G. CRAUFURD, M.A., formerly Fellow, gave £500, from the interest of which prizes are awarded to the three Students who are placed highest in the first class in the annual examination in Divinity, and who have deserved well in other respects.

Books bearing the College arms, to the value of Forty pounds, are given annually to such Undergraduates as have most distinguished themselves in the College Examinations.

QUEENS' COLLEGE.

(FOUNDED 1448—RE-FOUNDED 1465.)

THIS College was founded in 1448 by Queen MARGARET of Anjou, consort of Henry VI., and refounded in 1465 by ELIZABETH WIDVILLE, consort of Edward IV.

The Society consists of a President and thirteen Foundation Fellows.

The Fellowships are tenable for seven years from the day of election; but no Fellow can retain his Fellowship for more than one year after his institution to a College living, the net annual value of which exceeds £400.

A Fellow who holds a Professorship or the office of Public Orator in the University may hold his Fellowship so long as he continues to be Professor or Public Orator.

A Fellow who holds the office of Senior Tutor, Senior Mathematical Lecturer, Senior Classical Lecturer, or Additional Lecturer (if such be appointed), holds his Fellowship so long as he holds such office.

A Fellow who holds the office of Senior Tutor, Senior Mathematical Lecturer, or Senior Classical Lecturer, for more than twenty-five years, continues to hold his Fellowship for life, or if he hold one such office for more than seven but less than twenty-five years, he holds his Fellowship, after vacating office, for a period of time equal to that by which his tenure of office exceeded seven years.

SCHOLARSHIPS, EXHIBITIONS, &c.

A fixed proportion of the revenues of the College is paid over to the Scholarship fund. The governing body distributes this among the Scholars.

One-third of the Scholarship-stipend is paid at the end of each term of residence, up to and inclusive of the ninth term of residence.

An Examination will be held at Christmas for six Scholarships, open to all persons, under 19 years of age, who shall not have commenced residence in the University. They will be awarded for proficiency in Classics or Mathematics. The Classical part of the Examination will comprise the translation of passages from the best Greek and Latin authors and composition in those languages. The Mathematical part will be limited to papers in Euclid, Arithmetic, Algebra, Trigonometry, and Conic Sections, treated both analytically and geometrically, with problems arising out of those subjects.

The value of the Scholarships will depend upon the report of the Examiners. No Scholarship will be of less value than £30, nor usually of more than £60. And no Scholarship will be given unless the Examiners report that a Candidate merits such a distinction.

Each Candidate must forward to the President of the College, at least six days before the commencement of the examination, a certificate of baptism or birth, and a certificate of good conduct from a Graduate of Cambridge, Oxford, or Dublin.

The successful Candidates are required to enter their names on the Boards of the College and to commence residence in the following October.

The Foundation Scholarships are awarded by the results of the various College Examinations held in the Easter Term.

In addition to the foregoing there are the following Exhibitions.

¹ Two *Sedgwick's Exhibitions*, value £20 per annum (sons of poor Clergymen to be preferred).

¹ One *Clark's Scholarship*, £10 per annum.

² One *Sandys' Exhibition*, £12 per annum.

The President has at his disposal funds to the amount of £130 per annum with which he assists deserving Students of limited means.

EXAMINATIONS AND ANNUAL PRIZES, &c.

At the division of the Easter Term there is an Examination of the Junior Sophs and Freshmen, in Mathematics, Classics, and Theology. Prizes varying in value from three to five guineas are given to those students of the different years who pass the best examination in Mathematics and Classics, provided they are thought deserving of such distinction.

Prize books to the amount of two guineas are given to that Undergraduate who passes the best Examination in a specified subject of Theology or Moral Philosophy. The examination is held in the Michaelmas Term.

The Subject for 1886 is Butler's Analogy, Part I.

The Rev. Thomas Penny White, M.A. late Fellow of this College, founded in 1842 a prize of the value of £30 to be given to the commencing Bachelor who takes the highest degree, provided that he be classed among the first four Wranglers or in the first division of the first class of the Classical Tripos, Part I. Accumulations, amounting on the next occasion to £300, are given to a senior Wrangler, who obtains also a place in the first division of the Mathematical Tripos, Part III., or to a senior Chancellor's Classical Medallist, who obtains also a place in the first division of the first class of the Classical Tripos, Part I., and in the first class of the Classical Tripos, Part II. The prizes in this paragraph are confined to Students who have kept at least seven terms at the College.

¹ The Exhibitions and Scholarships thus marked are in the sole appointment of the Master; the rest are in the appointment of the Master and Fellows present.

² This Exhibition was founded in 1840, by the Rev. J. Sandys, late Fellow of Queens' College.

The Rev. D. Hughes, D.D. formerly Fellow and Vice-President of the College, founded an annual prize of ten guineas for the best composition in divinity by a Bachelor of Arts.

He also founded two prizes of five guineas each, one for the best Latin, and the other for the best English Dissertation, by an Undergraduate who is not a Questionist.

In 1880 Mrs Mary King, widow of the late Joshua King, LL.D., President of this College, gave to the College £1000 Great Eastern Railway Debenture Stock bearing Interest at £4 per cent. per annum, in order that prizes, to be called the Joshua King Prizes, should be given annually for the encouragement of the study of Classics and Mathematics.

Prize-books also to the amount of £10. 10s. are offered in four Prizes for proficiency in the Greek Testament.

ST CATHARINE'S COLLEGE.

(FOUNDED 1473.)

THIS College or Hall was founded by ROBERT WODELARKE, D.D. Chancellor of the University, and Provost of King's College, for a Master and three or more Fellows. The foundation was afterwards enlarged by the benefactions of Mr William Basset, Mr Richard Nelson, Mr Robert Sympton, Mr John Chester and others, but principally by the endowments of Mrs Mary Ramsden of Norton and Fockerby in the county of York. The late Rev. C. W. Burrell, M.A., also left a considerable sum for the enlargement of the ecclesiastical patronage of the College. In 1874, Mr Yorke, formerly Skerne Fellow, bequeathed a sum of money to the College.

The Statutes, confirmed by order of the Queen in Council May 3, 1882, provide that there should be a Master and six Fellows.

The proceeds of Mr Frankland's foundation are now added to the general Scholarship fund.

The College at present consists of a Master, six Fellows, and twenty-six Scholars.

Of the twenty-six *Scholarships*,

<i>Fourteen</i> , founded by Mrs Ramsden, are of the annual value of	£ 40
<i>One</i> , founded by Lady Barnadiston, is of the annual value of	50

There is also a fund of about £3000 in Consols for the support of Students of the College. From these funds Scholarships varying in value from £60 per annum to £20 are annually given after open Competition or at the College Examination in June.

Besides these Scholarships if there be a surplus grants are made to deserving Students of the College.

All the Scholarships are perfectly open to candidates from any school or place of birth.

Bishop Sherlock founded the Librarianship, worth £20 per annum, with an allowance for rooms. He also considerably aug-

mented the salary of the Master's Sizar, the present value of which is £30 per annum, with Chambers rent free. The Bible Clerk receives his Commons, with Chambers rent free.

ANNUAL PRIZES.

A prize, called the Corrie Prize, for the encouragement of the study of Theology, being the interest accruing from a sum of money subscribed by certain Graduates of the College formerly pupils of the Rev. Professor Corrie, late President and Tutor.

There is annually a Classical and Mathematical examination of the Junior Sophs and Freshmen at the division of the Easter Term, when prizes in books are usually adjudged to the best proficient in each year.

JESUS COLLEGE.

(FOUNDED 1496.)

THIS College was founded in 1496 by JOHN ALCOCK, Bishop of Ely. The Society consists of a Master and sixteen Fellows at the least. The Master is elected by the Fellows; the Fellows are elected by the Master and Fellows. Fellowships are tenable for six years from admission without restriction. The time spent by a Fellow in discharging the duties of Bursar, Dean, Tutor, Assistant-Tutor or Lecturer, provided he shall have served for five years, is not to be counted in the above-mentioned term.

SCHOLARSHIPS, EXHIBITIONS, &c.

A fixed proportion of the revenues of the College is paid over to the Scholarship Fund. The Governing Body distributes this among the Scholars. Last year the number of Scholars was 27, and their stipends varied from £70 to £10. The amount so distributed amounted to £930.

There are also the following Scholarships :

Seventeen, varying from £40 to £50, according to merit, founded by Tobias Rustat, Esq. and appropriated to the sons of deceased clergymen, or, in default of such Candidates, to the sons of living clergymen (*a*).

One, £40 per annum, or thereabouts, to the son of a living clergyman, with preference to a native of Nottinghamshire or Lancashire, *ceteris paribus* (*b*).

One, £15 per annum, or thereabouts, to the son of a clergyman, with preference to an orphan, equally open to all counties (*c*).

Two, £16 per annum each, left by Dr Gatford, open to all clergymen's orphans, and tenable from the degree of B.A. to that of M.A. (*d*).

One of £72, or two of £36 per annum, or thereabouts, to students educated at Loughborough School (*e*).

The foundation Scholarships may be held with any other.

Scholarships and Exhibitions for proficiency in Classics, Mathematics, and Natural Science are given away by examination in March or early in April to Candidates who intend commencing residence in October. These may not exceed £80 in value, and Candidates must be under nineteen years of age at the time of examination. Rustat Scholarships are also given by examination at the same time.

ANNUAL PRIZES.

Prizes of books, each of the value of £3 3s., for the best Latin and English Declamations, and also for proficiency in some selected portion of Theology. In 1886 awarded to C. E. Dyer and G. Townsend Warner.

Rev. Frederick Keller, formerly Fellow, left £20 per annum to one or more deserving Bachelors. In 1886 adjudged to T. Elrington and A. E. Wynne.

Rev. Edward Otter, formerly Fellow, gave the dividend of one year's Fellowship, which, increased by the College, forms a Divinity and Hebrew prize of £20 open every two years to Bachelors.

There is an annual examination of the Senior Sophs, Junior Sophs, and Freshmen, early in June, when prizes of books are given to the best proficient in Classics, Mathematics, Theology, History, and Natural Science.

The Master and Fellows grant to deserving students of the College Exhibitions and additional rewards in the form of money payments, after the above examination.

CHRIST'S COLLEGE.

(FOUNDED 1505.)

THIS College (into which was merged an earlier College founded by King Henry VI., under the name of God's House, for a Master and three Fellows) was founded A.D. 1505, by THE LADY MARGARET, COUNTESS OF RICHMOND AND DERBY, MOTHER OF KING HENRY VII., for a Master, twelve Fellows, and forty-seven Scholars.

The Foundress thus dedicated her Foundation :

'Ad Honorem Christi Jesu, et Fidei ejus incrementum.'

King Edward VI. added one Fellowship and three Scholarships; and Sir John Finch and Sir Thomas Baines two Fellowships and two Scholarships. Various other Benefactors also added Scholarships.

The College now consists of a Master, fifteen Fellows, and thirty or more Scholars.

The *Fellowships* and *Scholarships* are open to all the Queen's subjects without restriction.

The *Fellowships* under the new Statutes are divided into Senior and Junior Fellowships. The number of Senior Fellows must not exceed two-thirds nor be less than one-third of the whole number.

All Fellows must be Graduate members of the College or of the University of Cambridge or of Oxford.

A Junior Fellow may be of any standing at the time of election. He can hold his Fellowship for six years from election, or until he has been elected to a Senior Fellowship.

In order to be elected to a Senior Fellowship it is necessary either (*a*) to hold one of certain specified offices in the College or University; or *b* to be engaged in other specified work under University sanction either at Cambridge or elsewhere; or (*c*) to be a person of known ability and learning engaged in research in any art or science.

A Senior Fellow who for twenty years has held one or other of the qualifying offices or employments may retain his Fellowship for life without further obligation to service.

The *Scholarships* are maintained either from the Scholars Fund or from the separate Trust Funds.

I. *The Scholars Fund* receives annually one-fifth of the divisible income of the College.

Out of it are supported :

(1) a varying number of Scholars (generally not less than twelve) named after the Foundress the Lady Margaret's Scholars; whose stipends may vary (generally between £30 and £100 a-year) at the discretion of the Master and Fellows :

(2) three Scholars named after King Edward VI., receiving £50 a year each :

(3) two Scholars named after Sir John Finch and Sir Thomas Baines, receiving £30 a-year each.

Out of this Fund the Master and Fellows may establish Exhibitions for poor Students, and grant gratuities to deserving Scholars and Exhibitioners. They may also establish Bachelor Scholarships free from the ordinary conditions of residence.

II. *The Trust Funds* provide generally :

- | | | |
|-----|--------------------------------------|--------------------|
| (1) | one Scholarship of £50, called after | Mr Bunting. |
| (2) | | Dr Widdrington. |
| (3) | | Bp. Seth Ward. |
| (4) | two Scholarships of £30, | Lady Drury. |
| (5) | one Scholarship | Mr Broadbanke. |
| (6) | four Scholarships | Mr Tancred. |
| (7) | one Scholarship | Archdeacon Clarke. |
| (8) | | Mr Rysley. |

There may however be more or fewer Scholarships on any of the above foundations, according to the available funds.

Besides these Scholarships, there are the following *Exhibitions*.

- | | |
|---|--------------------------------------|
| <i>Two</i> , named after Mr Carr, <i>with preference to Giggleswick School,</i> | } in value
£50 a year each. |
| <i>Two</i> , named after Mr Wilson, <i>with preference to Kirkby Lonsdale School,</i> | } in value
£30 a year each. |
| <i>One</i> , named after Mr W. Petyt, and Mr Sylvester Petyt, <i>with preference to Skipton School,</i> | } in value
£30 a year. |
| <i>One</i> , named after Bp. Otway, <i>with preference (1) to Kirkby Lonsdale School, (2) to Sedbergh School,</i> | } in value at present
£30 a year. |

For each of these Exhibitions, a Candidate from a preferred School must have been educated there for two years at the least in the two years and a half immediately preceding the election.

Also, at any Examination, in the event of there being no properly qualified Candidate from a preferred School for an Exhibition, it will for that turn be considered open; and a Student gaining by open competition any of the foregoing Exhibitions except the last will be regarded as a Scholar of the College.

Students are elected to the *Scholarships* and *Exhibitions* after the annual College Examinations held partly in the Lent, partly in the Easter Term, at which Scholarships are adjudged for proficiency in Mathematics, Classics, Natural Science, Moral Science, Law, History, Divinity, and the subjects of the two Oriental Triposes.

A Student may be a Candidate in each year of his undergraduate residence. He may also (if the holder of a Scholarship or Entrance-Scholarship) be promoted to another of larger value, or in case of special merit may receive two Scholarships.

There is also in the early part of each year an election to Entrance Scholarships from Students who intend to commence residence in the following October: when Scholars are elected for proficiency in Classics, Mathematics, or Natural Science, or any two of these branches of study. These Scholarships are tenable for two years, unless in the meantime the holder has been elected to a Foundation Scholarship.

A Student may hold a Scholarship or Exhibition until he is of standing to take the Degree of Bachelor of Arts: and, in case of special merit, the Master and Fellows may allow him, provided he continue to reside, to retain the same until he is of standing to take the Degree of Master of Arts, but no longer.

Besides the above, there are other Exhibitions founded by Mr Jenens, Dr Hawford formerly Master of the College, Sir Walter Mildmay, Mr Rawlins, Mr Harvey, Mr Laughton, formerly Fellow, Dr Plume, and Mrs Berridge, respectively. These, amounting in the aggregate to between £50 and £60 a year, are perfectly open, and are annually distributed amongst the most deserving Students of the College.

Christopher Tancred, of Whixley Hall in the County of York, Esq., founded *four* (*increased to five or more when the annual income will permit*) *Divinity Studentships*, for Students to be educated at this College, to which the Governors and Trustees of his Charities, viz.

The Master of Christ's College,
 The Master of Gonville and Caius College,
 The President of the Royal College of Physicians, London,
 The Treasurer of Lincoln's Inn, London,
 The Master of the Charter-House, London,
 The Governor of the Royal Hospital of Chelsea,
 The Governor of the Royal Hospital of Greenwich,

are the Electors.

THE COLLEGE OF ST JOHN THE EVANGELIST. (FOUNDED 1511.)

THIS College was founded by Lady MARGARET, Countess of Richmond and Derby, mother of King Henry VII. and Foundress of Christ's College. It succeeded the hospital of St John, founded about 1210, from which Hugh Balsham, Bishop of Ely, removed his scholars to Peterhouse in 1284. In consequence of the death of the Foundress before the completion of her designs, much difficulty was experienced in establishing the College on as large a scale as was originally intended. It was mainly owing to the exertions and beneficence of John Fisher, Bishop of Rochester, executor of the Foundress, and Chancellor of the University, that sufficient funds were obtained to endow thirty-two Fellowships, of which he founded four, and twenty-four Scholarships, of which he founded two. There were numerous subsequent endowments for Scholarships. Nineteen additional Fellowships were founded in the reign of Henry VIII. Of these two were founded by Rev. James Beresford, one by Sir Marmaduke Constable, one by Mr Halitreholme, one by Lady Jane Rokeby, one by Mr John Bayley, two by Rev. Edward Gregson, one by Rev. Robert Symson, two by Rev. Dr John Keyton, one by Rev. Dr William Fell, one by Dr Thomas Thimbleby, two by Rev. Dr Roger Lupton, four by Archdeacon Hugh Ashton. In 1559 one was founded by a bequest from Mr Henry Hebblethwaite: in 1673 one by a bequest from Dr Francis Dee, Bishop of Peterborough. Endowments to found Fellowships were bequeathed in 1632 by Mr William Platt, and an endowment for one Fellowship in 1833 by Rev. James Webster.

New Statutes were approved by the Queen in Council, May 3, 1882.

The Foundation of the College consists of a Master and at least fifty-six Fellows, sixty Scholars, and nine Sizars called Proper Sizars.

The Governing body is a Council consisting of the Master, and twelve Fellows, of at least three years' standing from their first degree, elected by the Master and Fellows.

The MASTER must be a Master of Arts or of some equal or superior degree of Cambridge or of Oxford, and not less than thirty years of age. He is elected by the Fellows who are of at least three years' standing from their first degree.

The FELLOWS are elected from graduates of the College or graduates of Cambridge or of Oxford. The annual election takes place on the Monday after All Saints' Day, and all vacancies must be filled up not later than the second annual election after they occur. Fellows must proceed to the degree of Master of Arts, Master of Law, Master of Surgery, or Doctor of Medicine, as soon as they are of sufficient standing. Fellowships are tenable until ten days before the expiration of six years from election, provided that no Fellow may be of more than ten years standing from his first degree: but a Fellow, so long as he holds one or another of certain offices in the University or in the College, does not vacate by lapse of time; and a Fellow, who has served for twenty years in one or another of certain offices in the College, may under provisions specified hold his Fellowship for life. The Council may extend the tenure of a Fellow for periods of five years. They may also elect persons eminent for science or learning, such Fellows not to vacate by lapse of time; and may elect Professors or Readers of the University, their tenure to terminate with that of their office of Professor or Reader. Five Fellowships are Professorial Fellowships, to be held by Professors of the University under the conditions prescribed by the Statutes of the University. Any Fellow not a Professorial Fellow may with the consent of the Council become a Supernumerary Fellow. The Council may also elect Honorary Fellows.

The FOUNDATION SCHOLARS are elected from students of the College, or from such other persons and of such standing as the Council may think fit. The annual election takes place in June, and all vacancies must be filled up not later than the second annual election after they occur. Scholars, if not graduates, must proceed to some degree at the regular time. The Scholarships are of the annual value of not less than £40, and not more than £100 each. Their tenure is contingent upon residence, good conduct, and application to study. It may be prolonged by the Council, if they think fit, until the Scholar is of standing to Incept in Arts, or for any shorter period.

Sizars are chosen by an Examination early in Michaelmas Term in each year. Candidates are examined in Algebra, Geometry, and Trigonometry, Greek and Latin translation, and Latin Prose composition. Sizars may also be elected in accordance with the results of the Examination for Entrance Scholarships in December.

The nine Sizars, called PROPER SIZARS, on Dr Dowman's Foundation 1525, have their Commons free, and usually hold Exhibitions. They are chosen from the other Sizars after a residence of, at least, three terms, preference being usually given to those who have distinguished themselves in the examinations, and by their conduct have obtained the approbation of the College.

Dr Thomas Linacre founded in 1526 a Lectureship in Physic.

The Rev. Thomas Naden, by will of 1712, left a foundation for two Divinity Studentships. By the Statutes of 1882 the number is now three. These are of the annual value of about £80 each, are open to B.A.s not of standing for the degree of M.A., and are tenable for three years from election, but not with a Fellowship. The Students are required to reside.

Mrs Ann Fry's Hebrew Scholarship, founded in 1860, of the annual value of £32, tenable for three years from election, is open to B.A.s not Inceptors in Arts, nor of standing for the degree of M.A. In default of qualified B.A.s of the College, it is open to other B.A.s of the University. It is not held with a Fellowship.

Four Law Studentships, founded by James M'Mahon, Esq., and dating from an Indenture of 1864, each of the annual value of £150, and tenable for four years from election, but not with a Scholarship or with a Fellowship, are open to B.A.s or LL.B.s of the College not of standing for the degree of M.A. or LL.M., who shall *bonâ fide* intend to prepare themselves for practice in the profession of the Law.

The Rev. John Robinson Hutchinson, by will of 1873, left £4000, to be applied in the encouragement of Physical or Natural Science, or in promoting the study of the Semitic or Indian languages. Two Studentships, of the annual value of not more than £60 each, were accordingly founded in 1884. They are tenable with Scholarships and are open to students of the College, engaged in any of the above studies, who are of not less than nine and not more than eighteen terms standing.

A Hughes Exhibition of the value of £35 (founded 1886) is awarded annually for proficiency in Biblical and Ecclesiastical History. Any undergraduate member of the College who has not already held the Exhibition may be a candidate. The Examination takes place at the time of the Annual College Examination in Theology.

ENTRANCE SCHOLARSHIPS AND EXHIBITIONS.

SIX FOUNDATION SCHOLARSHIPS and four MINOR SCHOLARSHIPS are annually awarded by competition among persons who have not commenced residence. They range in value from £80 to £50 per annum and are tenable for two years at least. Certain Exhibitions of varying values are competed for at the same Examination. Candidates for the Scholarships must be under 19 years of age: in the case of the Exhibitions there is no limit of age.

Candidates may offer themselves for examination in any of the following subjects: Classics, Mathematics, Natural Science, Hebrew or Sanskrit.

By gift from Dr James Wood, Master of the College 1815—1839, the sum of £360 is assigned annually in Exhibitions to the most deserving Students, to be called Wood's Exhibitioners, account being taken of their pecuniary circumstances as well as of their moral and intellectual qualifications.

Under the like conditions the yearly produce of the Rectory of Cherry Marham in the county of Norfolk (about £520), the gift in 1623 of Sir Ralph Hare, is assigned to the most deserving Students, to be called Hare's Exhibitioners.

Exhibitions attached by preference to certain Schools are:

Four, £40 per annum each, tenable for three years, on Dr Downman's Foundation 1525, for scholars from Pocklington School.

Six, £33. 6s. 8d. per annum each, tenable for three years, on Dr Lupton's Foundation 1528 and 1536, and Mr Hebblethwaite's 1589, for scholars from Sedbergh School.

One, £17. 10s. per annum, tenable for four years, on Mr Aston's Foundation 1577, for a scholar from Shrewsbury School elected at Shrewsbury.

One, £20 per annum, tenable till B.A. standing, by gift 1581 from Lord Burghley, for a scholar from Stamford School nominated by the Marquess of Exeter¹.

One, £10 per annum, tenable till B.A. standing, by gift 1581 from Lord Burghley, for a scholar from Westminster School, or from Hoddesden School, nominated by the Marquess of Salisbury¹.

One, £18 per annum, tenable for three years, on the Spalding and Symonds Foundations, for a scholar from Bury St Edmund's School.

Four, about £32 per annum each, tenable for four years, founded 1625 by Archdeacon Johnson, for scholars from Oakham School, or from Uppingham School.

Two, £30 per annum each, tenable for four years, on Mr Munstevens's Foundation 1640, for scholars from Peterborough School, or, in default, from Oundle School.

Eight, £40 per annum each, tenable for four years, on the Duchess of Somerset's Foundation 1682, for scholars from Hereford School.

Five, £50 per annum each, tenable for three years, on the Duchess of Somerset's Foundation 1697, for scholars from Hereford School.

Five, £50 per annum each, tenable for three years, on the same Foundation, for scholars from Manchester School.

¹ A sermon, in which the gift of Lord Burghley is to be declared, is preached annually by a Fellow of Halliwell on the second Sunday after Michaelmas Day, and at St Martin's, Stamford, on the Sunday after St Luke's Day. The Preacher presents copies of Latin or Greek Verses written by Scholars.

Five, £50 per annum each, tenable for three years, on the same Foundation, for scholars from Marlborough School.

Three, £30 per annum each, tenable for four years, on Mr Baker's Foundation 1710, for scholars from Durham School.

One, £20 per annum, tenable for four years, on Mr Robins' Foundation 1721, for a scholar from Sutton Valence School.

One, £40 per annum, tenable for three years, on Dr Newcome's Foundation 1765, for a scholar from Grantham School.

Two, about £25 per annum each, tenable for four years, founded 1841 by Mr Vidal, for scholars from Exeter School elected by *ex officio* Electors.

By Stat. 32, in the case of a vacancy of an Exhibition, which is limited by way of preference to Candidates from any School, and to which the College elects, it is competent for the Council, if no Candidate of sufficient merit from such School shall offer himself, to throw the same open to competition as they may think advisable.

ANNUAL PRIZES.

A Prize of books to the value of seven pounds, founded by bequest of Dr John Newcome, Master of the College 1735—1765, is awarded in the Michaelmas Term on the recommendation of the Lecturer in Moral Sciences, to the member of the College who has most distinguished himself in the immediately preceding Moral Sciences Tripos.

A Prize was founded in 1883 by the representatives of Charles Hockin, M.A., formerly Fellow, to be called the Hockin Prize, and to be awarded annually or periodically for some branch of Physics, with preference to Electricity. This is awarded in the Easter Term on the recommendation of the College Lecturer in Physics, to the member of the College who has most distinguished himself in the above subject in the immediately preceding Natural Sciences Tripos.

A Prize of books in each of the three years is awarded to the writer of the best English Essay on a prescribed subject.

Examinations of students of each year are held in Mathematics, in Classics, in the Moral Sciences, in the Natural Sciences, in Theology, in Law, in History, and in Modern Languages; and prizes of books are awarded to those who distinguish themselves in these Examinations.

Prizes of books are also given to students who pass the best examination in the Greek Testament; and to students who in the judgment of the Hebrew Lecturer shew proficiency in the Hebrew language.

From a bequest by Mr John Wright in 1815, a Prize of books is awarded in each of the three years to the student who is first in the first class in any branch of study recognised in the annual College Examinations, provided he is recommended for such Prize by the Examiners.

Prizes of books were founded in 1876 by the Rev. Henry Hunter Hughes, B.D., formerly Fellow and Tutor, to be awarded one to each of the two students of the third year who have acquitted themselves best in the Examinations, all branches of study being taken into account.

The Rev. William Wilson, B.D., formerly Fellow, founded in 1817 prizes of books for the best readers of the Lessons in Chapel, whose general good conduct entitles them to the approbation of the College.

The value of Scholarships, Exhibitions, and other emoluments, tenable by persons *in statu pupillari*, is about £6700 per annum.

The annual commemoration of Benefactors is held on the sixth day of May.

It is also declared by the new Statutes that (excepting those Scholarships and Exhibitions, the right of preference to which is preserved by Act 19 & 20 Vict. c. 83, to particular Schools) all restrictions shall be entirely removed, and the total amount of such Scholarships and Exhibitions shall form a General Fund for open Scholarships. This Fund shall be so far augmented from the revenue accruing to the College by the abolition of Bye Fellowships, that there shall be twelve open Scholarships, viz.

£.

Two Peckard of at least 60 per annum	
One Warwick	60
Two Smith.....	40
One Wray	40
One Dennis	20
One Hughes	20
One Roberts	20
One Duport	20
One Groom	20
One Dongworth	20

Where the right of preference to a Scholarship or Exhibition is preserved to a particular School or to particular Schools by Act 19 & 20 Vict., such right of preference shall be limited to persons who have been educated at least two years at such School or Schools; and in case of a vacancy in such Scholarship or Exhibition, for which no candidate of sufficient merit coming from such School or Schools shall offer himself, it shall be competent for the

Master and Fellows to throw the same open to general or extended competition as they think advisable.

There are four Milner Scholarships of £80 a year each, with a preference to Scholars from Leeds, Halifax, and Heversham Schools.

There are four Holmes Exhibitions of £70 a year each, for Scholars from Wisbech School.

The annual Pepysian Benefaction, value £50, is in the Master's gift, and is usually bestowed by him upon poor and deserving students.

The Mynors Bright Benefaction, value £15, is given annually by the Governing Body to some deserving student or students.

The foundation estate of Lord Audley consists of the impropriate parsonage of St Catherine Cree Church, in London: and also a considerable part of the city, anciently called Covent Garden, Christ Church.

KING'S HALL.

MICHAEL-HOUSE.

TRINITY COLLEGE.

(FOUNDED 1546.)

THIS noble and magnificent College, the Mastership of which is in the appointment of the Crown, was formed by the consolidation and extension of several earlier foundations. (1) That of Michael-house, founded in 1324 by Hervey of Stanton, Chancellor of the Exchequer in the reign of EDWARD II. (2) King's Hall, founded in 1337 by EDWARD III., in pursuance of an uncompleted plan of his father. (3) Phiswick's Hostel and Oving's Inn.

HENRY VIII. took these into his own hands, and from the revenues of the above Societies, very largely increased by himself, he founded in 1546 one spacious College, for the maintenance of a Master and sixty Fellows and Scholars, dedicating it to the Holy and Undivided Trinity. Queen MARY afterwards added twenty Scholarships, and through subsequent benefactions the foundation now consists of a Master, sixty Fellows (at the least), seventy-four Major Scholars (at the least), the Minor Scholars, sixteen Sizars (at the least), the Chaplains, the Librarian, and the three Regius Professors of Divinity, Hebrew, and Greek respectively.

The GOVERNMENT of the College is vested in a Council, consisting ordinarily of the Master, four other *ex-officio* Members, and eight elective Members in virtue of the Statutes made in accordance with the provisions of the "Universities of Oxford and Cambridge" Act, 1877, and approved by Her Majesty in Council, May 3, 1882.

The FELLOWS of this Society are elected from all members of the College or other Members of the University if the electors think fit, who have attained the degree of Bachelor of Arts, or some equal Degree, and whose standing after such degree does not exceed three years; there is no appropriation whatsoever. Fellows so elected vacate their Fellowships after six years from

election except in the case of those who hold the more important University or College offices, or have held any such office for at least fifteen years. The College has also the power of electing to a Fellowship any Professor or Reader of the University or a College Lecturer or any person eminent for science or learning, and can elect to an Honorary Fellowship any person distinguished by literary or scientific merits.

The SCHOLARSHIPS* are open to all Undergraduates of the College and to persons who are not yet resident members of the University, provided that these last are under nineteen years of age. Ordinary Major Scholarships are generally tenable until the expiration of five years and six months after commencing residence. Their annual value is for a resident Undergraduate £100, and for a resident B.A. £80. Major Scholarships awarded before commencing residence are of the value of £80 a-year during residence, and are tenable for two years only, unless the tenure be prolonged by the Council, or the Scholar be elected to an ordinary Major Scholarship after commencing residence. The Examination for Scholarships is held shortly before Christmas in each year.

MINOR SCHOLARSHIPS AND EXHIBITIONS. Besides the Major Scholars not less than six MINOR SCHOLARS AND EXHIBITIONERS are chosen every year, at the same Examination. It has been usual to award three Minor Scholarships of the value of £75 per annum, and three of £50, besides Exhibitions of £40. These are open to all persons under nineteen years of age, who have not commenced residence in the University. They are tenable for two years from the day of election, or until the Scholar be elected to one of the Major Scholarships. No Scholar is entitled to any emoluments from his Scholarship until he has commenced residence in the University.

Of the value and number of the appropriated Exhibitions, the following is a statement:

Two or three annually from Westminster School, £40 per annum each.

Two, founded by Mr Perry, £40 per annum each, to Scholars from St Paul's School, London.

One, by Mr Hopes, £3. 8s. 8d. for Scholars from Lynn School.

One, by Rev. R. B. Podmore, value about £40, for the name and kindred of the founder. In default of such to a native of the

* One or more Foundation Scholarships are generally obtainable by proficiency in the Natural Sciences, and one or more by proficiency in the Moral Sciences. The Scholarship given for proficiency in Moral Sciences will be open to all Undergraduates of the University of Cambridge who have passed the Previous Examination, including that in the Additional Subjects. EMMANUEL COLLEGE.

(FOUNDED 1584.)

Copies of the original Statutes in the British Museum

Mss. SLOANE, No. 1739.

THIS College was founded by Sir WALTER MILDMAI, Chancellor of the Exchequer and Privy Councillor in the reign of Queen Elizabeth, and is now governed by Statutes confirmed by Order of the Queen in Council, 3 May, 1882. The Foundation consists at present of the Master, thirteen Fellows (who shall be either Senior or Junior Fellows), and twenty-four Scholars. The Junior Fellowships are tenable for six years from the date of election, and are open to all Graduates of the University of Cambridge or of Oxford. The Senior Fellowships are tenable generally so long as the persons elected hold any one of the following qualifying offices of the University, viz.: Professor, Reader, Orator, Librarian, Registrary, or any one of the following qualifying offices of the College, viz.: Dean, Tutor, Bursar, Assistant-Tutor, Lecturer. Besides persons holding any one of these offices any person eminent in Theology, Literature, or Science is eligible to a Senior Fellowship. One of the Senior Fellowships is appropriated by Statute to the Dixie Professor of Ecclesiastical History. After a certain length of tenure, depending in each instance on the qualifying office, a Senior Fellow becomes entitled to hold his fellowship for life.

The Scholarships paid out of the general revenues of the College are as follows, viz.:

Four Scholarships of £80 per annum.

Four £70

Four £60

Six £50

Six £40

There are also five Scholarships on the foundation of Dr Thorpe. These Scholarships are awarded to students of not less

than three terms standing, two of them at least being awarded for proficiency in Theology. They are tenable with any one of the above-named Scholarships on the College Foundation.

In addition there are the following Scholarships and Exhibitions with preference in favour of Candidates from certain Schools, viz.:

3.	Sir Wolstan Dixie	£30	{ Market Bosworth School.

Besides these there are other Exhibitions arising from accumulations from vacancies which are applied to the encouragement and assistance of deserving students.

Scholarships are usually awarded to resident members of the College after the College Examinations in the Lent and Easter Terms, and are tenable till B.A. or with special permission of the Governing Body until M.A.

Scholarships (tenable in the first instance for not more than two years) are also offered for competition to Candidates who have not commenced residence at an Examination usually held before the beginning of the Lent Term. This year one Scholarship of £50, two of £60, and two of £50 were offered for competition in the month of January.

In the disposition of the Fellowships, Scholarships, &c. of the College, distinction in any branch of study encouraged by the University will be fully recognized.

There are two Subsizarships of the value of about £30 open to Candidates who have not commenced residence and tenable for one year, and four Sizarships of about £45 tenable for two years. Application for a Subsizarship must be made to the Tutor before Sept. 15 in each year.

SIDNEY SUSSEX COLLEGE.

(FOUNDED 1594.)

THIS College was founded by the Lady Frances Sidney Countess Dowager of Sussex, aunt to Sir Philip Sidney, and was incorporated in the year 1594 by a charter granted by Queen Elizabeth to Henry Earl of Kent and Sir John Harrington, Executors of the Foundress, under the title of the College of the Lady Frances Sidney Sussex (Collegium Dominæ Franciscæ Sidney Sussex).

The present Society consists of the Master, ten Fellows, and twenty-four Scholars.

A Mathematical Lectureship, the present value of which is about £350 per annum, was founded by Mr Taylor.

There is a College Library consisting chiefly of Theological and Classical works, and also a separate collection of Mathematical and scientific works in the 'Taylor Library.'

The College also possesses a chemical laboratory for the use of Students of Natural Science.

There are also six Sizarships of the value of £24 a year each.

Scholarships and Exhibitions are awarded for proficiency in Mathematics, Classics, Divinity, or Natural Sciences, according to the results of the Examination of Students of each year, at the end of the Easter Term.

There is also an Examination for Scholarships at the beginning of January in each year, open to all Students who intend to commence residence in the following October.

The Scholarships and Exhibitions are paid from funds reserved for the purpose. The College need not fill up a vacant Scholarship if there be no competent candidate, nor need the whole income of the Scholarship Funds be expended in any one year, but any residue which may remain is applied in augmenting Scholarships, or in granting Exhibitions to poor and deserving Students of the College.

ANNUAL PRIZES.

At the examination at the end of the Easter Term prizes are adjudged to those who distinguish themselves in Divinity, Classics, Mathematics, and Natural Science.

There are likewise prizes for the best Latin and English Essays, and for the best Readers in Chapel.

A Prize of £5 is given to every Student of the College who obtains a First Class in any Tripos. Awarded in 1886 to F. W. Kellett, J. Owen and S. A. Moor.

DOWNING COLLEGE.

(FOUNDED SEPT. 22, 1800.)

The Charter and Statutes are printed.

THE sole founder of this College was Sir GEORGE DOWNING, Bart.,¹ of Gamlingay Park, in this county: who, by a Will, dated 20th December, 1717, devised his estates in the counties of Cambridge, Bedford, and Suffolk, first to Sir Jacob Garrard Downing, and afterwards to other relations in succession, and in failure thereof, to build and found a College in this University, upon a plan to be approved by the two Archbishops and the Masters of St John's and Clare College. This direction was the reason for giving them the power which they possessed in elections and other matters, by the original Charter and Statutes.

Sir George died in 1749, and Sir Jacob in 1764, and (the other devisees having previously died without issue) upon this event the foundation ought immediately to have been carried into execution. But the estates were in the possession of Lady Downing, and afterwards of her devisees, without any real title; and when the University sued in Chancery for the establishment of the College, the party in possession resisted the suit in that court. In 1769, a decree was obtained in favour of the foundation.

The persons named as trustees in the Founder's Will having died in his lifetime, the execution of the trusts devolved upon the heirs at law; who after combating a long series of opposition and litigation, and overcoming obstacles of various descriptions, preferred a petition to the Crown for a Charter; and at length, in 1800, the Privy Council decided to recommend the foundation to his Majesty.

On the 22nd of September, 1800, the Great Seal was affixed to the Charter by Lord Loughborough. By this Charter the College was incorporated with the University; was endowed with all the privileges of the same, and with all the estates devised by its Founder; and also with the power of holding landed property in addition to the value of £1500 per annum.

The members appointed in the Charter, for the purpose of taking possession of the estates, administering the revenues, superintend-

Busick Harwood, M.D. <i>Professor of Medicine</i> ,	
John Lens, Sergeant at Law, and M.A.,	} <i>Fellows</i> .
William Meeke, Barrister, and M.A.,	
William Frere, B.A.,	

The first Statutes were framed in 1805. In 1860 new Statutes were given by the University Commissioners under the provisions of 19 and 20 Victoria c. 88, and in 1882, revised Statutes under the provisions of the Oxford and Cambridge Universities Act, 1877. According to these Statutes the College shall consist of a Master, two Professors (one of the Laws of England, and one of Medicine), of at least six Fellows, and of at least six Scholars.

The Master, who will be hereafter elected by the Professors and Fellows, must be a Master of Arts, Master of Laws, Doctor of Medicine, or of some superior degree in the University, and of not less than thirty years of age.

The Professors are elected in accordance with the provisions of the Statutes of the University for Elections to certain Professorships, the Electors being the Board of Electors defined by that Statute, together with the Master if he be not a Candidate. The Law Professor must be, at the time of his election, a Graduate in Law or Arts of one of the English Universities of ten years' standing from his matriculation, and also a Barrister-at-Law. The Medical Professor must be, at the time of his election, a Graduate in Medicine of one of the Universities of the United Kingdom, and of not less than twenty-five years of age. The Professors have by the Charter the same privileges, franchises, and liberties as any Professor in the University, and are bound to read a course of lectures in their respective faculties, on the usual terms upon which public lectures are given. The Professorships are not vacated by marriage, or by the possession of any property, and the Professors are capable of holding any of the lay offices in the College.

Candidates for Fellowships must have taken a degree in Arts, Law, or Physic in one of the Universities of Cambridge or Oxford, and must not be above thirty years of age. The electors are the Members of the Governing Body. The Fellowships are tenable for seven years from election, provided that no year in which a Fellow shall have been engaged during two terms in College work shall be reckoned in his term of seven years, and provided also that any Fellow who has held the office of Tutor during twenty-five years shall be entitled to retain his Fellowship for the rest of his life.

A Fellow vacates his Fellowship by election to a Professorship of the College, by becoming a Foundation Member of any other College in any University in the United Kingdom, or by institu-

tion to an Ecclesiastical benefice in the gift of the College, the net annual value of which is not less than four hundred pounds.

Provision is made for one or two Chaplains according to the circumstances of the College, the right of appointment being vested in the Governing Body.

SCHOLARSHIPS.

The foundation Scholarships are worth not less than £50 per annum, with the addition, in some cases, of rooms rent free and an allowance for commons. Foundation Scholarships are tenable *at least* until the holder be of standing to take the degree of Bachelor of Arts.

In case of sufficient distinction, the period of tenure is extended to the time, when the holder of a Scholarship is of standing to take the degree of Master of Arts.

Scholarships are awarded to students of the College at the annual Examination after the division of the Easter Term.

The Scholarships are awarded for distinction in Natural Science, Moral Philosophy, History, or Law.

Scholars elected in June, 1886: Hartin, Richards.

MINOR SCHOLARSHIPS.

Two Minor Scholarships are offered annually for competition, among persons who are not members of the University, or Undergraduates who have not resided one whole term in the University.

The Examination takes place early in June.

The Minor Scholarships are worth from £40 to £70 per annum, and tenable until their holders are of standing to compete for a Foundation Scholarship.

The Examination is in Law and Natural Sciences, but Candidates in Law and Natural Sciences are expected to shew such a knowledge of Classics and Mathematics as will enable them to pass the Previous Examination. Two papers are set; one on Jurisprudence and Elementary Roman Law, and one on International Law: including the relations of these to Moral Science. The Examination in Natural Sciences includes Chemistry, theoretical and practical, Physics, Comparative Anatomy, Physiology, Botany and Human Anatomy.

Candidates in Natural Science must be under the age of 19 years.

Minor Scholars elected in June, 1886: Natural Science, Dodson; Law, Jenkins.

Prizes of books, value £3. 3s. or £2. 2s., are given to those Students who most distinguish themselves at the annual Examination in the Easter Term.

The late Mr John Bowtell, of Cambridge, who gave by his Will a considerable property to charitable uses, bequeathed to Downing College a collection of books, manuscripts, fossils and antiquities, with a request that the book-cases containing them might be placed in the college library. Among the manuscripts is a History of the Topography and Antiquities of this town, prepared for publication by Mr Bowtell.

PUBLIC HOSTELS.

CAVENDISH COLLEGE

Was founded by the County College Association with the following objects: (1) To enable Students somewhat younger than ordinary Undergraduates to pass through a University course and obtain a University degree. (2) To train in the art of teaching those Students who intend to become Schoolmasters. (3) To secure the greatest practicable economy in cost as well as time.

The foundation stone of the present buildings was laid on October 26, 1876, by his Grace the Duke of Devonshire, Chancellor of the University, and first President of the College, who had previously conferred upon it the privilege of bearing his name.

Originally the Students were admitted to the University through the Non-Collegiate Students Board. By a Grace passed on the 9th of November, 1882, Cavendish College was recognized by the Senate of the University of Cambridge as a Public Hostel, and thereby became independent of the Non-Collegiate Board, under whose direction the College had until that time been placed.

SELWYN COLLEGE.

(FOUNDED 1882.)

THIS College has been built by public subscription in memory of GEORGE AUGUSTUS SELWYN, late Bishop of Lichfield, and formerly Bishop of New Zealand. By the terms of its charter it is founded 'with the especial object and intent of providing persons desirous of academical education, and willing to live economically, with a College wherein sober living and high culture of the mind may be combined with Christian training, based upon the principles of the Church of England.' It is governed by a Master and Council consisting of not more than sixteen members, of whom five are *ex officio*. It was incorporated by Royal Charter on September 13, 1882, and recognised as a Public Hostel of the University by Grace of the Senate, Feb. 8, 1883.

Prizes of Books are given to those who distinguish themselves in the annual College Examinations.

AYERST HALL.

(OPENED 1884.)

THIS Hall was opened by the Vice-Chancellor, April 21, 1884, under the Statutes for the Establishment and Regulation of Hostels, confirmed by the Queen in Council, July 31, 1858.

The primary object is to enable Theological and other Students to keep their Terms at Cambridge at the same cost as at the younger Universities and at Theological Colleges, thereby bringing the expense of education at this University within the limits of moderate Professional incomes. The Students have all the privileges and status of Collegiate Undergraduates.

There are four Scholarships of £20 a year each, tenable for two years during residence. Two are offered for competition at the end of the Easter Term in each year, to be awarded only to Candidates who are considered likely to take a Degree in Honours, and who have already kept at least three terms at the Hall.

Candidates for these Scholarships may offer for examination the subjects of any Tripos.

A Prize of books to the value of two guineas is also given to the best proficient in each year.

NON-COLLEGIATE STUDENTS OF THE UNIVERSITY.

In the year 1869 a Statute was confirmed in accordance with which Students may be admitted Members of the University without being Members of any College or Hostel. Such Students keep Terms by residing in Cambridge with their parents, in lodgings duly licensed, or, in special circumstances, under the care of Masters of Arts or other persons who receive them into their houses with the consent of the University authorities. All Non-Collegiate Students are entitled to be matriculated, examined, and admitted to Degrees in the same manner and with the same status and privileges as Students who are Members of Colleges. They are under the jurisdiction of the Vice-Chancellor and Proctors, and are required to pay due obedience to all academical regulations.

The Worshipful Company of Clothworkers having granted three Exhibitions (now of £52. 10s. a year each), one to be awarded annually, for the encouragement of the study of Physical Science, tenable for three years each by Non-Collegiate Students, these Exhibitions have been awarded thus :

MEMBERS OF THE SENATE NOT ON THE
BOARDS OF ANY COLLEGE OR HOSTEL.

THE privilege of being a member of the Senate without being on the boards of any College was formerly granted only to residents in Cambridge, *Commorantes in villa*; but it has been extended by the new University Statutes to all persons qualified to be Members of the Senate, that is, to all Masters of Arts and Law, and Doctors in Divinity, Law, and Medicine, who have had their names consecutively on the boards of their College, or who have paid up all the back fees, which have been unpaid while their names were not on the boards.

Every such person has a vote in the Senate and the use of the University Libraries, Museums, &c. The University dues are four shillings and threepence a quarter, which sum is paid by all members of the University from the date of admission.

These payments are made through the College, as long as a person's name is retained on his College boards; but those persons who form the present list pay direct to the Registry, usually in one annual sum of seventeen shillings every Michaelmas.

In case any person wishes to have his name placed on the University Register, whose name has for any period since his first degree been removed from the boards of his College, he must furnish to the Registry a certificate, signed by the Master of his College, that his name has been removed from the boards, with the date of the removal, and that up to the time of such removal all the University dues have been paid. As soon as he has paid all arrears (but not until then), his name can be placed on the Register; and as soon as this is done after the completion of his Master's degree, he acquires the right of voting; if he restores his name after having removed it, 180 days must elapse after his admission to the Register before he again acquires the right of voting.

In the following list, the names are arranged according to seniority, under the highest qualifying degree. Where any person has graduated in more than one faculty, it is so stated; and the name of the College is added to which every one formerly belonged.

CAMBRIDGE PHILOSOPHICAL SOCIETY.

THE CAMBRIDGE PHILOSOPHICAL SOCIETY was established November the 15th, 1819, for the purpose of promoting scientific inquiry, and of facilitating the communication of facts connected with the advancement of Philosophy and Natural History; and became a Body Corporate by virtue of a CHARTER granted by His late Majesty King WILLIAM the Fourth. This Charter, bearing date the 3d day of August, 1832, was formally accepted by the Society at a general Meeting held after due notice for that express purpose, Nov. 6th, 1832.

The meetings of the Society are held in one of the new Lecture Rooms, and its Library kept in a room in the Museums building.

ABSTRACT OF THE LAWS

PRESCRIBED BY THE CHARTER.

IT is expressly provided by the Charter—

3. That General Meetings of the Body Corporate shall be held once in the year, or oftener; for the purpose of electing the Officers and Council of the Society, and determining the period of their continuance in office; and also of enacting such Bye Laws as may seem useful and necessary for the regulation of the said Body Corporate—for fixing the days on which the ordinary Meetings of the Society shall be held—for determining the mode in which Fellows and Honorary Members shall be elected, admitted, or expelled—and for managing the affairs of the said Body Corporate.

4. That the Fellow who has filled the office of President for two successive years shall not be again eligible to the same situation until the expiration of one year from the termination of his office.

5. That it shall be lawful at the General Meetings of the Body Corporate to alter or revoke former Bye Laws, and to make such new Bye Laws as they shall think good and expedient.

6. That no such General Meeting shall (without the consent of the Council) have the power of altering or repealing any Bye Law or making any new one, unless the Fellow or Fellows of the Society desirous of altering or repealing any Bye Law or of making any new one shall have given to the Council one month's previous notice of such his or their intention.

7. That no Bye Law shall on any pretence whatsoever be made in opposition to the true intent of the Charter, the Laws of the Realm, or the Statutes of the University of Cambridge.

8. That the Council shall (in conformity with the Charter and Bye Laws of the Society) have the sole management of the Funds and affairs of the Society, and do all such acts as shall appear to them necessary to carry into effect the objects and views of the Body Corporate.

9. That the whole property of the Body Corporate shall be vested in the Fellows thereof: but that no disposition of any lands, tenements, or hereditaments belonging to the said Body Corporate shall be made except with the approbation and concurrence of a General Meeting.

3. That it be adjudged for the best original memoir, invention or discovery, in connexion with Mathematico-physical or Mathematico-experimental science that may have been published during the three years immediately preceding, but that the adjudicators be at liberty, if it seem to them advisable in any particular case, to award the Prize for a discovery in Mathematics alone, or in Experimental Physics alone, or for one which has not been published within the forementioned period.

4. That it be confined to those who are or have been Members of the University of Cambridge.

5. That the fund be vested in the Cambridge Philosophical Society, and the Prize adjudged by three Fellows of the Society, nominated by the Council of the Society for each occasion.

6. That, in the event of any difficulty arising in carrying out the above provisions in any particular instance, either from lack of a prize-subject of sufficient merit, or from any other cause, the Council of the Cambridge Philosophical Society be at liberty to carry over the amount of the Prize for that term towards augmenting the fund for future prizes, or to award it to some one not a member of the University.

LAWS.

I.—THIS Society shall be called "THE CAMBRIDGE ANTIQUARIAN SOCIETY."

II.—The object of the Society shall be to encourage the study of History, Architecture and Antiquities, to meet for the discussion of these subjects, and to collect and print information relative thereto.

III.—The subscription of each Member of the Society shall be *One Guinea* annually, such subscription to be due on the first day of January in each year; on the payment of which sum he shall become entitled to all the publications of the Society during the current year.

IV.—A Member shall be allowed to compound for his future annual subscriptions by one payment of *Ten Guineas*; or, after the payment of fifteen annual subscriptions, by the payment of five guineas.

V.—If the annual subscription of any Member be twelve months in arrear, the Treasurer shall make application for it, and if it be not paid within one month, a second application shall be made for it, and if that is not attended to within one month, a notice of the same shall be suspended in the Society's usual place of meeting, and the Secretary shall inform the Member thereof: if the said subscription be still unpaid at the expiration of two years from the time when it became due, the name of such person shall be announced at the next Annual General Meeting as having been struck off the List of the Society.

VI.—No Member whose subscription is in arrear, and has been applied for (according to Law V.), shall be entitled to vote at any Meeting of the Society.

VII.—Any person who is desirous of becoming a Member of the Society shall be proposed by two Members, at any of the ordinary Meetings of the Society, and balloted for at the next Meeting: but all Noblemen, Bishops, Heads of Colleges, and Professors of this University shall be balloted for at the Meeting at which they are proposed.

VIII.—Honorary Members may be proposed with the sanction of the Council by at least two Members of the Society, at any of the usual Meetings of the Society, and balloted for at the next Meeting. No person shall be so proposed who is either resident within the County of Cambridge or a member of the University. Honorary Members shall receive all the current publications of the Society.

IX.—In the voting by ballot for the election of Members and Honorary Members one black ball in four shall exclude.

X.—The management of the affairs of the Society shall be vested in a Council, consisting of a President (who shall not be eligible for that office for more than two successive years), three Vice-Presidents (of whom the senior shall retire at each Annual Meeting and be ineligible for re-election during the next two years), a Treasurer, a Secretary, and not more than twelve nor less than seven other Members, to be elected from amongst the Members of the Society who are graduates of the University. Each Member of the Council shall have due notice of the Meetings of that body, at which not less than five shall constitute a quorum.

XI.—The President, one Vice-President, the Treasurer, and the Secretary, and at least three ordinary Members of the Council, shall be elected annually by ballot, at a General Meeting to be held in the month of May; the three senior ordinary Members of the Council to retire annually.

XII.—At the Meetings of the Society or of the Council the Chair shall be taken by the President, or, in his absence, by the Senior Vice-President, the Treasurer, or Senior Ordinary Members of the Council then present. The Chairman shall have a casting vote in case of an equality of numbers, retaining also his own right to vote upon all questions submitted to the meeting.

XIII.—The accounts of the receipts and expenditure of the Society shall be audited annually by two Auditors, to be elected at the Annual General Meeting; an abstract of such accounts shall be printed for the use of the Members.

XIV.—The Meetings of the Society shall take place once at least during each term: the place of meeting and all other arrangements, not specified in the Laws, shall be left to the discretion of the Council.

XV.—No alteration shall be made in these Laws, except at the Annual General Meeting or at a Special General Meeting called for that purpose, of which at least one week's notice shall be sent to all the Members at their last known place of abode: and one month's notice of any proposed alteration shall be communicated, in writing, to the Secretary, in order that he may make the same known to all the Members of the Society.

It is requested that all Communications intended for the Society and the names of Candidates for admission, be forwarded to the Secretary, Corpus Christi College, or to the Treasurer, 1, Silver Street, Cambridge.

2.—Any Student of Philology is eligible as a member of the Society.

3.—The annual subscription of each Member of the Society is one guinea, due on the first of January in each year. A member elected in the Michaelmas Term shall, however, on signifying his wish to the Treasurer, be permitted to pay no subscription for the current year, but in that case he shall not be entitled to receive any of the Society's publications for that year.

4.—Any Member may compound for all future subscriptions by one payment of ten guineas; or, after ten years' subscriptions have been paid, by one payment of five guineas.

5.—Every Member whose subscription for any year is paid is entitled to a copy of all the publications of the Society for that year.

6.—Any person who is desirous of becoming a Member of the Society may be proposed by two Members of the Society, at any of its ordinary meetings, and, if approved by the Council, may be elected by ballot at the next meeting.

7.—No candidate shall be declared elected, unless he have in his favour at least two-thirds of the Members voting.

8.—Distinguished Philological Scholars who are resident abroad may be elected Honorary or Corresponding Members in the same way as ordinary Members. They shall pay no subscription, but shall be entitled to receive the transactions and other documents published or printed by the Society, and to be present at and to communicate papers to the meetings.

9.—The general direction of the Society shall be committed to a Council, consisting of a President, three Vice-Presidents, a Treasurer, two Secretaries, and not more than twelve nor less than seven other Members. Each Member of the Council shall have notice of the meetings of that body, at which not less than five shall constitute a quorum.

10.—All questions involving extraordinary expenditure shall be submitted to the Society at one of its general meetings.

11.—The President, Treasurer, and Secretaries, and at least three ordinary Members of the Council, shall be elected annually by ballot, at a general meeting to be held in the Lent Term, the three senior Members of the Council retiring annually, and the President being capable of being elected two years in succession and no more.

12.—Of the three Vice-Presidents, one shall retire annually by rotation, and be incapable of re-election for the two years next following.

13.—No Member whose subscription is more than one year in arrear shall be entitled to vote or read papers at any meeting.

14.—The names of any Members whose subscription is more than two years in arrear, may, after due notice, be removed from the list of the Society, and such removal may be announced at the next general meeting and published in the proceedings of the Society at the discretion of the Council.

15.—The President, or in his absence, the Chairman *pro tem.*, shall have, in addition to his own vote, a casting vote in case of equality of numbers in any division.

16.—The accounts of the Society shall be audited annually by two auditors, to be elected at a general meeting in the Lent Term.

17.—The meetings of the Society shall take place at least once in each term; the time and place of meeting being determined by the Council from time to time.

18.—Members may introduce to the meetings of the Society strangers, not being resident members of the University, who may, with the sanction of the Council, read communications to the Society.

19.—No communication shall be read to or published by the Society without the approval of the Council and the author's name.

20.—Any proposed change in these laws shall first be submitted to the Council, and, if approved of by them, to the Society at one of its general meetings.

21. No law shall be altered or repealed, and no fresh law enacted, without the concurrence of at least two-thirds of the members voting.

All members of the Society, whose subscriptions are not in arrear, are entitled to receive a copy of all the publications of the Society and of each issue of the *Journal of Philology*.

There are about 160 Members.
